This very beautiful and lyrical extended version of the fairy tale 'The Wild Swans' by Hans Christian Andersen is the much anticipated companion to East of the Sun, West of the Moon. With strong characterization of the heroine and also with more rounded characterisation of the wicked stepmother than in the original version, and with delicate watercolor paintings throughout, this is both a wonderful story and delightful gift. Beautifully presented in a jacketed edition with foiled title.

At first sight, it appears brand new, pure Tokyo pop. But *The Japanese Experience: Inevitable* reveals far more than the successful cloning of morphed manga motifs onto stretched canvas and museum walls. It represents eight positions in contemporary Japanese art and scrutinizes their complex visual vocabulary, noting references to Japanese and Western art traditions as frequently as the borrowing of mass culture motifs from the realms of manga and anime. Takashi Murakami's MR. DOB questions the place of contemporary art in our global society; Aya Takano's glowing watercolors combine Japanese sensitivity, issues of female identity, and sci-fi; Masahiko Kuwahara's mutant animals provide shades of softness and mysterious openness, and Yoshitomo Nara's reworking of historical Japanese woodcuts disturbs the floating world. Not only are the artists' visual repertoires new and surprising, but their creative methods and strategies help conquer a public that is mostly untouched by contemporary art. Published in association with the Ursula Blickle Foundation.

Discover how Dutch parents raise *The Happiest Kids in the World!* Calling all stressed-out parents: Relax! Imagine a place where young children play unsupervised, don't do homework, have few scheduled "activities" . . . and rank #1 worldwide in happiness and education. It's not a fantasy—it's the Netherlands! Rina Mae Acosta and Michele Hutchison—an American and a Brit, both married to Dutchmen and raising their kids in the Netherlands—report back on what makes Dutch kids so happy and well adjusted. Is it that dads take workdays off to help out? Chocolate sprinkles for breakfast? Bicycling everywhere? Whatever the secret, entire Dutch families reap the benefits, from babies (who sleep 15 hours a day) to parents (who enjoy a work-life balance most Americans only dream of). As Acosta and Hutchison borrow ever-more wisdom from their Dutch neighbors, this much becomes clear: Sometimes the best thing we can do as parents is . . . less!

Ready to Go! Toilet Time Hatje Cantz Verlag

"When Tadpole was born, I spent a sleepless night on the maternity ward gazing intently into her inky, newborn eyes,

grappling to come to terms with the indisputable fact that this was an actual person looking back at me, not just a version of Mr. Frog, or me, or both, in miniature. From the outset she seemed to know what she wanted, and I realized I could have no inkling of the paths she would choose to follow. But if I watch her life unfold carefully enough, perhaps I will see clear signposts pointing to who or what she will become. Because when I look backward, ransacking my own past for clues with the clarity that only hindsight can bring, a series of defining moments do stand out. Moments charged with significance; snapshots of myself which, if I join the dots together, lead me unswervingly to where I stand today: from French, to France, to Paris, and to *Petite Anglaise*." [ed. note - excerpted from *Petite Anglaise*, p.4] Catherine Sanderson has a beautiful bilingual daughter, an authentic French boyfriend, and a Paris apartment with bohemian charm. She has what she has always wanted — a life in France. Growing up in Yorkshire amidst a traditional family, Catherine had set her sights on a different life — a life that would immerse her in an exotic language and culture. From grammar school French lessons to teaching English in Normandy and finally to a permanent job in Paris, she was determined that France would be the place she would call home. But now that she does, things are not so idyllic. Catherine wonders just when her life in Paris turned from wine to vinegar: She's stuck in a dead-end administrative job, her relationship with her boyfriend has settled into a dreary routine, and the birth of their daughter has not helped to reignite the dying fire of her relationship. The remedy to her dissatisfaction arrives in the morning headlines. While scanning the news of the day, Catherine becomes intrigued by a story profiling an internet diarist. After exploring one blog after another, and in one exhilarating moment, Catherine decides to create her own online persona, her *jardin secret*. At that moment, she is transformed from Catherine to *Petite Anglaise*, her boyfriend to Mr. Frog, her daughter to Tadpole, and her life to something she could never have predicted. What begins as a lighthearted diversion, a place to discuss the fish-out-of-water challenges of ex-pat life in Paris, soon gives way to a raw forum for her to bare her most intimate secrets and impulsive desires. Thousands of readers log-on to the blog and are witness to the ever-widening gulf between *Petite Anglaise* and Mr. Frog. Those public revelations of her growing frustrations, which play out in each successive post, begin to surreptitiously yet irrevocably erode their relationship.

Does an abandoned asylum hold the key to a frightful haunting? Everyone's heard the stories about Graylock Hall. It was meant to be a place of healing - a hospital where children and teenagers with mental disorders would be cared for and perhaps even cured. But something went wrong. Several young patients died under mysterious circumstances. Eventually, the hospital was shut down, the building abandoned and left to rot deep in the woods. As the new kid in town, Neil Cady wants to see Graylock for himself. Especially since rumor has it that the building is haunted. He's got fresh batteries in his flashlight, a camera to document the adventure, and a new best friend watching his back. Neil might think he's prepared for what he'll find in the dark and decrepit asylum. But he's certainly not prepared for what follows him home. . . . Scary, suspenseful, and surprising, Dan Poblocki's latest ghost story will keep you turning pages deep into the dead of night.
