POPE GRANT

Memoirs of Napoleon Bonaparte OUP Oxford

The leading Wellington historian's fascinating reassessment of the Iron Duke's most famous victory and his role in the turbulent politics after Waterloo. For Arthur Wellesley, First Duke of Wellington, his momentous victory over Napoleon was the culminating point of a brilliant military career. Yet Wellington's achievements were far from over: he commanded the allied army of occupation in France to the end of 1818, returned home to a seat in Lord Liverpool's cabinet, and became prime minister in 1828. He later served as a senior minister in Peel's government and remained commander-in-chief of the army for a decade until his death in 1852. In this richly detailed work, the second and concluding volume of Rory Muir's definitive biography, the author offers a substantial reassessment of Wellington's significance as a politician and a nuanced view of the private man behind the legend of the selfless hero. Muir presents new insights into Wellington's determination to keep peace at home and abroad, achieved by maintaining good relations with the Continental powers and resisting radical agitation while granting political equality to the Catholics in Ireland rather than risk civil war. And countering one-dimensional pictures of Wellington as a national hero, Muir paints a portrait of a well-rounded man whose austere demeanor on the public stage belied his entertaining, gossipy, generous, and unpretentious private self. "[An] authoritative and enjoyable conclusion to a two-part biography." —Lawrence James, *Times* (London) "Muir conveys the military, political, social and personal sides of Wellington's career with equal brilliance. This will be the leading work on the subject for decades." —Andrew Roberts, author of *Napoleon and Wellington: The Long Duel*

Napoleon Good Press

Although war memoirs constitute a rich, varied literary form, they are often dismissed by historians as unreliable. This collection of essays is one of the first to explore the modern war memoir, revealing the genre's surprising capacity for breadth and sophistication while remaining sensitive to the challenges it poses for scholars. Covering conflicts from the Napoleonic era to today, the studies gathered here consider how memoirs have been used to transmit particular views of war even as they have emerged within specific social and political contexts.

Napoleon Basic Books

Traces Napoleon's rise to power, early mistakes, and military campaigns, while considering the emperor's darker side and the lengths to which he went to establish himself as a legitimate ruler.

Theatres of Violence Simply Charly

Napoleon Bonaparte was a French military and political leader who rose to prominence during the latter stages of the French Revolution and its associated wars in Europe. As Napoleon I, he was Emperor of the French from 1804 to 1814. He implemented a wide array of liberal reforms across Europe, including the abolition of feudalism and the spread of religious toleration. His legal code in France, the Napoleonic Code, influenced numerous civil law jurisdictions worldwide. Napoleon is remembered for his role in leading France against a series of coalitions in the Napoleonic Wars. He won the majority of his battles and seized control of most of continental Europe in a quest for personal power and to spread the ideals of the French Revolution. Widely regarded as one of the greatest commanders in history, his campaigns are studied at military academies worldwide. He remains one of the most studied political and military leaders in all of history.

Citizen Emperor Penguin

"The Life of Napoleon I (Complete)" by J. Holland Rose Napoleon Bonaparte is a controversial figure in history. Often remembered as a megalomaniac with a thirst for power, his life is actually much more complex. Rose abides by some of the typical frames of thought when it comes to this figure,

but this book still takes a closer look at Napoleon's life. It shows that this man loved his country...and wasn't as short as people think.

Letters of Napoleon Penguin UK

All previous lives of Napoleon have relied more on the memoirs of others than on his own uncensored words. This is the first life of Napoleon, in any language, that makes full use of his newly released personal correspondence compiled by the Napoléon Foundation in Paris. All previous lives of Napoleon have relied more on the memoirs of others than on his own uncensored words. Michael Broers' biography draws on the thoughts of Napoleon himself as his incomparable life unfolded. It reveals a man of intense emotion, but also of iron self-discipline; of acute intelligence and immeasurable energy. Tracing his life from its dangerous Corsican roots, through his rejection of his early identity, and the dangerous military encounters of his early career, it tells the story of the sheer determination, ruthlessness, and careful calculation that won him the precarious mastery of Europe by 1807. After the epic battles of Austerlitz, Jena and Friedland, France was the dominant land power on the continent. Here is the first biography of Napoleon in which this brilliant, violent leader is evoked to give the reader a full, dramatic, and all-encompassing portrait.

Napoleon A&C Black

E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

"First published in Great Britain by Allan Lane"--Title page verso.

The History Of Napoleon Oxford University Press

Examines the leaders of the French Revolution - Robespierre and his fellow Jacobins - and particularly the gradual process whereby many of them came to 'choose terror', evolving from humanitarian idealists into ruthless politicians, ready to adopt the use of terror to defend the Revolution.

Clisson and Eugénie Yale University Press

Author McLynn explores the Promethean legend from his Corsican roots, through the chaotic years of the French Revolution and his extraordinary military triumphs, to the coronation in 1804, to his fatal decision in 1812 to add Russia to his seemingly endless conquests, and his ultimate defeat, imprisonment, and death in Saint Helena. McLynn aptly reveals the extent to which Napoleon was both existential hero and plaything of fate, mathematician and mystic, intellectual giant and moral pygmy, great man and deeply flawed human being.

Citizen Emperor Cambridge University Press

The first volume of a groundbreaking and innovative popular biography of Napoleon Bonaparte, one of history's most complex and charismatic leaders 'Remarkable ... a satisfying, psychologically convincing account of Napoleon's early years and ascent to power. Even-handed and authoritative, this fascinating and highly enjoyable book will be an eye opener even to those who think they know

the subject well' Sunday Times 'We are clearly in the presence of what will be a monumental work ... meticulously researched and well-written' Andrew Roberts, Literary Review Napoleon Bonaparte's rise to power was neither inevitable nor smooth; it was full of mistakes, wrong turns and pitfalls. During his formative years his identity was constantly shifting, his character ambiguous and his intentions often ill-defined. He was, however, highly ambitious, and it was this ruthless drive that advanced his career. This book examines the extraordinary evolution of Napoleon's character and the means by which at the age of thirty he became head of the most powerful country in Europe and skilfully fashioned the image of himself that laid the foundation of the legend that endures to this day.

The Life of Napoleon Bonaparte, Emperor of France Berghahn Books

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

Napoleon Skyhorse Publishing Inc.

This true lost manuscript from the "grandfather of self-help," Napoleon Hill provides timeless wisdom on how to attain a more successful and wealthy life using simple principles. Napoleon Hill first wrote *The Path to Personal Power* in 1941, intending it as a handbook for people lifting themselves out of the Great Depression. But upon the bombing of Pearl Harbor and America's entrance into World War II, these lessons were put aside and largely forgotten--until today. Discovered in the archives of the Napoleon Hill Foundation, this never-before-published work is made up of three easily digested lessons, each its own chapter: Definiteness of Purpose; the Master Mind; and Going the Extra Mile. This concise book is a powerful roadmap that leads to a single discovery--you already have the power to attain whatever wealth, success, and prosperity you desire in life. All you need to do is walk the path without straying, and the rest will follow. Using these lessons, you have principles to live by that will help you stay on your own personal path to power, and achieve success that you never thought possible.

Napoleon the Great Yale University Press

Europe was forged out of the ashes of the Napoleonic wars by means of a collective fight against revolutionary terror. The Allied Council created a culture of in- and exclusion, of people that were persecuted and those who were protected, using secret police, black lists, border controls and fortifications, and financed by European capital holders.

Napoleon, the First Phase; Some Chapters on the Boyhood and Youth of Bonaparte, 1769-1793 Hardpress Publishing

This book is a biography of Napoleon Bonaparte, the military and political leader who played a significant role in European history. R. H. Horne provides a detailed account of Napoleon's life, from his childhood in Corsica to his rise to power in France. The book covers Napoleon's military conquests, his reforms in the areas of law and education, and his eventual downfall. The History of Napoleon is a fascinating look at one of the most iconic figures in modern history. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. A Patriot's History of the United States Penguin

The first comprehensive history of the Fall Campaign that determined control of Central Europe following Napoleon's catastrophic defeat in Russia.

Fighting Terror after Napoleon Gallic Books

"What a little gem! If you are looking for a quick biography of Napoleon, look no further. With lively narrative and good mastery of facts, *Simply Napoleon* will take you on a thrilling journey recounting Napoleon's rise to power from his humble beginnings on the island of Corsica to the emperor of much of Europe. Highly recommended for those wanting a brief refresher on one of the greatest

European statesmen. This is both an entertaining and an enlightening read!" —Alexander Mikaberidze, Sybil T. and J. Frederick Patten Professor of History Department of History and Social Sciences at Louisiana State University in Shreveport The first emperor of France and one of the shrewdest military leaders of all time, Napoleon Bonaparte(1769-1821) eventually came to control much of Europe. In *Simply Napoleon*, authors J. David Markham and Matthew Zarzeczny tell Napoleon's story, from his birth on the island of Corsica to his eventual imprisonment and death on the island of Saint Helena. They explain how the famed military commander's unique combination of determination, intellect, and personal charisma allowed him to rise from a provincial village to become a powerful and authoritative ruler. While taking an overall positive view of Napoleon, Markham and Zarzeczny also make it a point to draw attention to his mistakes and their consequences, providing a balanced picture of this complicated figure who was both a product of his times and a man pointing the way to the future. Marked by first-rate scholarship, as well as a highly readable and accessible style, *Simply Napoleon* is an exceptional introduction to Napoleon and his times—a study that not only illuminates a key personality and period in modern history, but also helps us understand how modern Europe took shape.

Choosing Terror Pen and Sword

'A Napoleonic triumph of a book, irresistibly galloping with the momentum of a cavalry charge' Simon Sebag Montefiore 'Simply dynamite' Bernard Cornwell From Andrew Roberts, author of the bestsellers *The Storm of War* and *Churchill: Walking with Destiny*, this is the definitive modern biography of Napoleon. Napoleon Bonaparte lived one of the most extraordinary of all human lives. In the space of just twenty years, from October 1795 when as a young artillery captain he cleared the streets of Paris of insurrectionists, to his final defeat at the (horribly mismanaged) battle of Waterloo in June 1815, Napoleon transformed France and Europe. After seizing power in a coup d'état he ended the corruption and incompetence into which the Revolution had descended. In a series of dazzling battles he reinvented the art of warfare; in peace, he completely remade the laws of France, modernised her systems of education and administration, and presided over a flourishing of the beautiful 'Empire style' in the arts. The impossibility of defeating his most persistent enemy, Great Britain, led him to make draining and ultimately fatal expeditions into Spain and Russia, where half a million Frenchmen died and his Empire began to unravel. More than any other modern biographer, Andrew Roberts conveys Napoleon's tremendous energy, both physical and intellectual, and the attractiveness of his personality, even to his enemies. He has walked 53 of Napoleon's 60 battlefields, and has absorbed the gigantic new French edition of Napoleon's letters, which allows a complete re-evaluation of this exceptional man. He overturns many received opinions, including the myth of a great romance with Josephine: she took a lover immediately after their marriage, and, as Roberts shows, he had three times as many mistresses as he acknowledged. Of the climactic Battle of Leipzig in 1813, as the fighting closed around them, a French sergeant-major wrote, 'No-one who has not experienced it can have any idea of the enthusiasm that burst forth among the half-starved, exhausted soldiers when the Emperor was there in person. If all were demoralised and he appeared, his presence was like an electric shock. All shouted "Vive l'Empereur!" and everyone charged blindly into the fire.' The reader of this biography will understand why this was so.

Napoleon and the Struggle for Germany Bloomsbury Press

This sophisticated and masterful biography, written by a respected French history scholar who has taught courses on Napoleon at the University of Paris, brings new and remarkable analysis to the study of modern history's most famous general and statesman. Since boyhood, Steven Englund has been fascinated by the unique force, personality, and political significance of Napoleon Bonaparte, who, in only a decade and a half, changed the face of Europe forever. In *Napoleon: A Political Life*, Englund harnesses his early passion and intellectual expertise to create a rich and full interpretation of a brilliant but flawed leader. Napoleon believed that war was a means to an end, not the end itself. With this in mind, Steven Englund focuses on the political, rather than the military or personal, aspects of Napoleon's notorious and celebrated life. Doing so permits him to arrive at some original conclusions. For example, where most biographers see this subject as a Corsican patriot who at first detested France, Englund sees a young officer deeply committed to a political event, idea, and opportunity (the French Revolution) -- not to any specific nationality. Indeed, Englund dissects carefully the political use Napoleon made, both as First Consul and as Emperor of the French, of patriotism, or "nation-talk." As Englund charts Napoleon's dramatic rise and fall -- from his Corsican boyhood, his French education, his astonishing military victories and no less astonishing acts of reform as First Consul (1799-1804) to his controversial record as Emperor and, finally, to his exile and death -- he is at particular pains to explore the unprecedented power Napoleon maintained over the popular imagination. Alone among recent biographers, Englund includes a chapter that analyzes the Napoleonic legend over the course of the past two centuries, down to the present-day French Republic, which has its own profound ambivalences toward this man whom it is afraid to recognize yet cannot avoid. *Napoleon: A Political Life* presents new consideration of Napoleon's adolescent and adult writings, as well as a convincing argument against the recent theory that the Emperor was poisoned at St. Helena. The book also offers an explanation of Napoleon's role as father of the "modern" in politics. What finally emerges from these pages is a vivid and sympathetic portrait that combines youthful enthusiasm and mature scholarly reflection. The result is already regarded by experts as the Napoleonic bicentennial's first major interpretation of this perennial subject.
