The new book by the author of *The Grog Log*, *Intoxica* and *Taboo Table*. Beach Bum Berry, as he is better known, is America's leading authority on

tropical drinks and polynesian pop culture. In this all new book, Berry not only offers up tantalizing new drink recipes, but tells stories about some of the most famous figures of their time. The Bum applies the same dogged research to the untold stories of the people behind the drinks. Stories culled from over 100 interviews with those who actually created the mid-century Tiki scene - people as colorful as the drinks they invented, or served, or simply drank. People like: Leon Lontoc, the Don The Beachcomber's waiter who served Frank Sinatra and Marlon Brando by night, and acted in their movies by day; Henry Riddle, the Malibu Seacomber bartender who fed items about his famous customers to infamous gossip columnist Louella Parsons, till the day Howard Hughes found him out; and Duke Kamanamoku, whose manager turned him from Olympic champion into reluctant restaurateur.

Legendary writer Trevanian brings readers his most personal novel yet: a funny, deeply felt, often touching coming-of-age novel set in 1930s America. Six-year-old Jean-Luc LaPointe, his little sister, and his spirited but vulnerable young mother have been abandoned—again—by his father, a charming con artist. With no money and nowhere else to go, the LaPointes create a fragile nest in a tenement building at 238 North Pearl Street in Albany, New York. For the next eight years, through the Great Depression and Second World War, they live in the heart of the Irish slum, surrounded by ward heelers, unemployment, and grinding poverty. Pearl Street is also home to a variety of “crazy ladies”: Miss Cox, the feared and ridiculed teacher who ignites Jean-Luc’s imagination; Mrs. Kane, who runs a beauty parlor/fortune-telling salon in the back of her husband’s grocery store; Mrs. Meehan, the desperate, harried matriarch of a thuggish family across the street; lonely Mrs. McGivney, who spends every day tending to her catatonic husband, a veteran of the Great War; and Jean-Luc’s own unconventional, vivacious mother. Colorful though it is, Jean-Luc never stops dreaming of a way out of the slum, and his mother’s impossible expectations are both his driving force and his burden. As legendary writer Trevanian lovingly re-creates the neighborhood of his youth in this funny, deeply moving coming-of-age novel, he also paints a vivid portrait of a neighborhood, a city, a nation in turmoil, and the people waiting for a better life to begin. It’s a heartfelt and unforgettable look back at one child’s life in the 1930s and ‘40s, a story that will be remembered long after the last page is turned.

A wild ride to the dark side of Americana. Hunter S. Thompson's and Ralph Steadman's most eccentric book *The Curse of Lono* is to Hawaii what *Fear and Loathing in Las Vegas* was to Las Vegas: the crazy tales of a journalist's “coverage” of a news event that ends up being a wild ride to the dark side of Americana. Originally published in 1983, *The Curse of Lono* features all of the zany, hallucinogenic wordplay and feral artwork for which the Hunter S. Thompson/Ralph Steadman duo became known and loved. This curious book, considered an oddity among Hunter's oeuvre, was long out of print, prompting collectors to search high and low for an original copy. TASCHEN's signed, limited edition sold out before the book even hit the stores—this unlimited version, in a different, smaller format, makes *The Curse of Lono* accessible to everyone.

Zoyd instantly disappears underground, but not before dispatching his teenage daughter Prairie on a dark odyssey into her secret, unspeakable past. . . . Freely combining disparate elements from American popular culture—spy thrillers, ninja potboilers, TV soap operas, sci-fi fantasies—*Vineland* emerges as what Salman Rushdie has called in *The New York Times Book Review* “that rarest of birds: a major political novel about what America has been doing to itself, to its children, all these many years.”

Both historically and in the present, the Supreme Court has largely been a failure In this devastating book, Erwin Chemerinsky—“one of the shining

lights of legal academia" (The New York Times)—shows how, case by case, for over two centuries, the hallowed Court has been far more likely to uphold government abuses of power than to stop them. Drawing on a wealth of rulings, some famous, others little known, he reviews the Supreme Court's historic failures in key areas, including the refusal to protect minorities, the upholding of gender discrimination, and the neglect of the

Constitution in times of crisis, from World War I through 9/11. No one is better suited to make this case than Chemerinsky. He has studied, taught, and practiced constitutional law for thirty years and has argued before the Supreme Court. With passion and eloquence, Chemerinsky advocates reforms that could make the system work better, and he challenges us to think more critically about the nature of the Court and the fallible men and women who sit on it.
