 They had more in common than just a scream, whether they faced Dracula, Frankenstein's Monster, the Mummy, Dr. Jekyll, Mr. Hyde, King Kong, the Wolf Man, or any of the other legendary Hollywood monsters. Some were even monsters themselves, such as Elsa Lanchester as the Bride, and Gloria Holden as Dracula's

Daughter. And while evading the Strangler of the Swamp, former Miss America Rosemary La Planche is allowed to rescue her leading man. This book provides details about the lives and careers of 21 of these cinematic leading ladies, femmes fatales, monsters, and misfits, putting into perspective their contributions to the films and folklore of Hollywood terror--and also the sexual harassment, exploitation, and genuine danger they faced on the job. In a previously unpublished account, Bride of Frankenstein's Anne Darling remembers when, at age 17, she was humiliated on-set by director James Whale over the color of her underwear. Filled with anecdotes and recollections, many of the entries are based on original interviews, and there are numerous old photographs and movie stills.

An anthology of three exciting Japanese adaptations of Shakespeare that engage with issues such as changing family values, racial diversity, the 2011 Great East Japan Earthquake and terrorism, together with a contextualizing introduction. The anthology makes contemporary Japanese adaptations of Shakespeare by three independent theatre companies available to a wider English language audience. The three texts are concerned with the social issues Japan faces today and Japan's perception of its cultural history. This unique collection is thus both a valuable resource for the fields of Shakespeare and adaptation studies as well as for a better understanding of contemporary Japanese theatre.

Drawing primarily on selected filmic texts from former-Yugoslavia, the book examines key social and political events that triggered the Yugoslav wars in the 1990s. Yugoslav politics and society are set within the broader artistic and cinematic strategies that helped stabilise post-Yugoslav territories strategies that were part of the national desire of looking forward to a time of 'perpetual peace' and its subsequent cosmopolitan norms. It argues that filmic texts demonstrate the degree to which nationalism was at the heart of the violent disintegration of Yugoslavia. Yet, the concern of the argument is not simply to offer a filmic critique but to develop an alternative to nationalism; namely, a theoretical framework through which cosmopolitan humanism is at the forefront of addressing former Yugoslavia's political wounds.

Edgar Allan Poe exerted a profound influence on many aspects of 20th century culture, and continues to inspire composers, filmmakers, writers and

artists. Popularly thought of as a "horror" writer, Poe was also a philosophical aesthete, a satirist, a hoaxer, a psychologist and a prophet of the anxieties and preoccupations of the modern world. Alphabetically arranged, this book explores Poe's major works both in their own right and in terms of their impact on others, including Baudelaire, who translated his works into French; Debussy, Rachmaninoff and the Alan Parsons' Project, who set them to music; Roger Corman, Federico Fellini and Jean Epstein, who interpreted his visions for film audiences; and television shows such as *The Six Million Dollar Man* and *Time Tunnel*, which borrowed his imagery (and, in the case of *The Simpsons*, sent it up). A wide range of other responses to his compelling *Tales of Mystery and Imagination*, his poetry and the theoretical writings, combine strongly to suggest that Poe's legacy will indeed last forevermore.

 'Pyre glows with as much power as [One Part Woman] did, and adds immeasurable value to contemporary Indian literature'—The Hindu Saroja and Kumaresan are in love. After a hasty wedding, they arrive in Kumaresan's village, harboring a dangerous secret: their marriage is an inter-caste one, likely to upset the village elders should they get to know of it. Kumaresan is naively confident that all will be well. But nothing is further from the truth. Despite the strident denials of the young couple, the villagers strongly suspect that Saroja must belong to a different caste. It is only a matter of time before their suspicions harden into certainty and, outraged, they set about exacting their revenge. A devastating tale of innocent young love

pitted against chilling savagery, Pyre conjures a terrifying vision of intolerance.

 Edgar G. Ulmer is perhaps best known today for *Detour*, considered by many to be the epitome of a certain noir style that transcends its B-list origins. But in his lifetime he never achieved the celebrity of his fellow Austrian and German émigré directors—Billy Wilder, Otto Preminger, Fred Zinnemann, and Robert Siodmak. Despite early work with Max Reinhardt and F. W. Murnau, his auspicious debut with Siodmak on their celebrated Weimar classic *People on Sunday*, and the success of films like *Detour* and *Ruthless*, Ulmer spent most of his career as an itinerant filmmaker earning modest paychecks for films that have either been overlooked or forgotten. In this fascinating and well-researched account of a career spent on the margins of Hollywood, Noah Isenberg provides the little-known details of Ulmer's personal life and a thorough analysis of his wide-ranging, eclectic films—features aimed at minority audiences, horror and sci-fi flicks, genre pictures made in the U.S. and abroad. Isenberg shows that Ulmer's unconventional path was in many ways more typical than that of his more famous colleagues. As he follows the twists and turns of Ulmer's fortunes,

Isenberg also conveys a new understanding of low-budget filmmaking in the studio era and beyond.

 Can you actually avoid fate? You, along with millions of others, probably do it every day by following ... superstitions! Dodging black cats. Walking around an open ladder. From the origins of the most popular and obscure beliefs and old wives' tales to the songs that have been written about them, author Toni Klein (*Passport to Heaven's Angelic Messages, Fairies, Ian Greets The World*) takes a fascinating look at the superstitions that guide our daily lives and why we observe them so unquestioningly.

 "The Black Cat" is a short story by Edgar Allan Poe. It was first published in the August 19, 1843, edition of *The Saturday Evening Post*. It is a study of the psychology of guilt, often paired in analysis with Poe's "The Tell-Tale Heart". In both, a murderer carefully conceals his crime and believes himself unassailable, but eventually breaks down and reveals himself, impelled by a nagging reminder of his guilt.
