Elsevier  
InfoWorld is  
targeted to  
Senior IT  
professionals.  
Content is  
segmented  
into Channels  
and Topic  
Centers.  
InfoWorld also

celebrates people, companies, and projects. *PC Magazine* PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology. *High Fidelity Incorporating Musical America* In its 114th year, Billboard

remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends. Audio PCMag.com is a leading authority on technology,

delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology. InfoWorld Stability and Vibrations of Thin-Walled Composite Structures presents engineering and academic knowledge on the stability (buckling and post buckling) and vibrations of thin walled

composite structures like columns, plates, and stringer stiffened plates and shells, which form the basic structures of the aeronautical and space sectors. Currently, this knowledge is dispersed in several books and manuscripts, covering all aspects of composite materials. The book enables both engineers and academics to locate valuable, up-to-date knowledge on

buckling and vibrations, be it analytical or experimental, and use it for calculations or comparisons. The book is also useful as a textbook for advanced-level graduate courses. Presents a unified, systematic, detailed and comprehensive overview of the topic. Contains contributions from leading experts in the field. Includes a dedicated section on testing and experimental results. *InfoWorld* PCMag.com is

a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology. Popular Photography PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and

services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology. [The Equipment Directory of Audio-visual, Computer and Video Products](#) Companion volume to Components and Sub-Assemblies Directory, providing access to 8000 manufacturers, agents and representatives of electronics

systems and equipment. Entries include names of key managers, addresses, fax/telephone numbers, and pocket descriptions of manufacturing and sales programmes. There is also a product index to track the companies involved in any given business lines.
