This indispensable guide for writers provides details of hundreds of literary agents, book publishers, and magazines; including contact details, types of material accepted, and how to approach them. Subject indexes for

each area provide easy access to the markets you need, with specific lists for everything from romance publishers, to poetry magazines, to literary agents interested in thrillers. It also provides unparalleled access to international markets. The internet has made the publishing industry more global than ever, with markets increasingly accepting submissions by email (some no longer accept

postal submissions at all). Other directories have failed to respond to this, continuing to focus on one single country, but this directory provides you with that all-important access to overseas opportunities that are now just an email away. And by focusing exclusively on what's important to writers - contact details for literary agents, publishers, and magazines -

this directory is able to provide more listings at a lower price. There are no adverts, no advertorials, and no unnecessary articles or obscure listings padding out hundreds of pages. Two established alternative directories both run to over 800 pages, yet one has only 204 pages of publisher, agent, and magazine listings, and the other has only 10 pages devoted to literary agent

listings. This book does better on both counts, and yet remains substantially cheaper than either alternative. The book also allows you to create a subscription to the [firstwriter.com](http://firstwriter.com) website for free until 2015. This means you can get free access to the [firstwriter.com](http://firstwriter.com) website, where you can find even more listings, and also benefit from other features such as advanced searches,

daily email updates, feedback from users about the markets featured, saved searches, competitions listings, searchable personal notes, and more. [Haynes Automotive Reference Manual and Illustrated Automotive Dictionary](#) Haynes Publications Written for the do-it-yourselfer, good enough for the pro. Includes everything you wish to know about

your vehicles heating and air conditioning. From simple adjustments, to complete tune-ups and troubleshooting.

"DIY Car Repairs: A Comprehensive Guide to Vehicle Maintenance and Troubleshooting" is a practical handbook designed for both novice and experienced car enthusiasts.

The book begins by emphasizing the importance of regular maintenance, providing readers with a clear purpose - empowering them to take control of their vehicle's well-being and save on repair costs. In Chapter 1, readers are introduced to the fundamentals of their vehicles, starting with an overview of basic car components. The chapter progresses to cover the essential

systems of the car, including the engine, transmission, suspension, and brakes. Through detailed explanations and visuals, readers gain insights into identifying various parts under the hood. Chapter 2 shifts focus to the necessary tools and safety precautions for DIY car repairs. It outlines the basic tools required, emphasizes the importance of safety gear, and guides

readers in creating a safe and organized workspace, setting the stage for effective and secure repairs. The subsequent chapters (3 to 10) delve into specific aspects of basic maintenance, tire care, brake systems, electrical systems, ignition systems, engine performance, cooling systems, and transmission and drivetrain. Each chapter is structured

to provide step-by-step instructions, tips, and precautions for various repair and maintenance tasks, empowering readers with the knowledge to keep their vehicles in top condition. Chapter 11 introduces more advanced repair topics for those looking to deepen their automotive skills, covering timing belt replacement, suspension upgrades, and dealing with transmission rebuilds. While

optional, these sections offer valuable insights for readers eager to take on more complex projects. Chapter 12 provides a troubleshooting guide, equipping readers with the skills to identify and address common car issues and symptoms. The step-by-step troubleshooting process assists in efficient problem-solving, and guidance on when to seek professional help ensures

readers know their limits and when expert assistance may be necessary. The book concludes with an addendum featuring a glossary for quick reference and a list of references for further exploration. "DIY Car Repairs" stands as a comprehensive resource, combining theoretical understanding with practical guidance to empower readers in maintaining

and repairing their vehicles effectively. Auto Upkeep Haynes Manuals N. America, Incorporated Guided by Spirit to write The Seven Guardians, this book describes the incredible path Miryam the Migdalah (Mary Magdalene) envisioned within her heart, guided by her beloved risen Yeshua (Jesus). Following the resurrection, Yeshua appeared to Miryam in her inner vision,

confirming she was an advanced disciple with the ability to "see" the multidimensionality of the Universe beyond the Earth realm. This vision also validates their unique relationship; he loved her the most, and she loved him with a devotion that transcends death. The Seven Guardians is a path to rediscovering the importance of Miryam in the ministry of Yeshua as a fully realized

human and divine, as well as a leader of the Nazarenes. This is the way of the heart, a path for all humans to follow to become ihidaya, enlightened ones, while embodied in this lifetime. The Seven Guardians relies on scholars, theologians, and authors who translated The Gospel of Mary, found in the desert of Egypt and The Gospel of the Beloved Companion, The Complete

Gospel of Mary. It also relies on other apocryphal gospels recently translated, The Gospel of Phillip, Thomas, The Pistis Sophia and others, to validate the information. In discovering how patriarchy has affected our world today, this book includes personal stories, mystical experiences, and direct communication with Infinite Love to help us recognize how balancing our masculine

and feminine energies are of paramount importance for humanity and Earth to evolve and survive. It is now time for us to reunite the light of our Divine Mother and Divine Father into our hearts to awaken our own Christ consciousness .

The 2017 edition of firstwriter.com's bestselling directory for writers provides details of over 1,300 literary agents, book publishers, and magazines, including revised and updated

listings from the 2016 edition, and over 500 brand new entries. Industry insights are provided by top literary agent Andrew Lownie, of the Andrew Lownie Literary Agency Ltd: named by Publishers Marketplace as the top selling agent worldwide. Subject indexes for each area provide easy access to the markets you need, with specific lists for everything from romance

publishers, to poetry magazines, to literary agents interested in thrillers. International markets become more accessible than ever, with listings that cover both the main publishing centres of New York and London, as well as markets in other English speaking countries. With more and more agents, publishers, and magazines accepting submissions by email, this international

outlook is now more important than ever. There are no adverts, no advertorials, and no obscure listings padding out hundreds of pages. By including only what's important to writers – contact details for literary agents, publishers, and magazines – this directory is able to provide more listings than its competitors, at a substantially lower price.

The book also includes free access to the [firstwriter.com](http://firstwriter.com) website, where you can find even more listings. You can also benefit from other features such as advanced searches, daily email updates, feedback from users about the markets featured, saved searches, competitions listings, searchable personal notes, and more. “I know firsthand how lonely and dispiriting trying to find

an agent and publisher can be. So it's great to find a resource like firstwriter.com that provides contacts, advice and encouragement to aspiring writers. I've been recommending it for years now!" ~ Robin Wade; literary agent at the Wade & Doherty Literary Agency Ltd, and long-term firstwriter.com subscriber
