Penguin Follow an energetic toddler's day

with Dad that's full of opposites - up and down, make and break, yum and yuck, and more. From his first demand to be picked up and then immediately put down, opposites pop up all day long for this energetic boy. Breakfast is no, no, no, yes! At the sandbox, it's make, make, make, break! And jumping into the pool goes from can't, can't, can't, to can! Kimberly Gee's expressive

illustrations emphasize the loving connection between a boy and his father in this clever concept book about everyday highs and lows that is sure to entertain little (and big!) members of the family. *Up and Down the Mountain* Penguin A personal memoir by bestselling author and celebrity journalist Glenn Plaskin, KATIE is a moving story about a man who discovers the true meaning of

family after adopting a cocker spaniel puppy. Through the magnetic personality of his mischievous dog, the author soon makes powerful connections with several of his down-the-hall neighbors in a high-rise located in the unique Battery Park City neighborhood of Lower Manhattan. First, Katie trots into the lives of Pearl and Arthur, a warm-hearted elderly couple just a few

doors down from Glenn. Later, John, a single Dad, and his rambunctious young son, Ryan, also move in and are seduced by Katie's charms. All of their lives are profoundly changed as they are transformed from neighbors to friends to family, with Pearl as matriarch. The motherless boy finds a "Granny"; his Dad inherits a mother, Glenn discovers a confidante. Set in New York City, we

witness nearly sixteen years of antics and family adventures spanning Hollywood high times, bad health, accidents, blustery winters, even the terrors of 9/11. Through it all, the family clings to each other, sharing a deep bond that give each comfort, support and security. Based upon a widely-read article in Family Circle, here is an unforgettable story about the love that makes a

family-one that transcends the hard realities of time, tragedy, and inevitable loss.

Down the Up Escalator Center Street Arthur William Upfield is well known as the creator of Detective Inspector Napoleon Bonaparte (Bony) who features in 29 crime detection novels, most set in the Australian outback. It is not well known that he also wrote about 250 short stories and articles, drawing on his experiences in the bush between 1911 and 1931. Up and Down the Real Australia is the second published collection of Upfield's short works. Kees de Hoog has selected 45 autobiographical articles, ranging from humorous outback anecdotes to personal experiences at Gallipoli and the Somme during the First World War. Kees has added The Murchison Murders, Upfield's account of

how the "perfect murder" was developed for his second Bony novel, *The Sands of Windee*; how Snowy Rowles used it to commit at least one, probably three, murders om 1929; how the crime was solved; and what happened at Rowles' trial in 1932.

**Up in the Garden and Down in the Dirt** Columbia University Press  
Down the Up Staircase tells the story of one Harlem family across three generations, connecting its journey to the historical and social forces that transformed Harlem over the past century. Bruce D. Haynes and Syma Solovitch capture the tides of

change that pushed blacks forward through the twentieth century—the Great Migration, the Harlem Renaissance, the early civil rights victories, the Black Power and Black Arts movements—as well as the many forces that ravaged black communities, including Haynes's own. As an authority on race and urban communities, Haynes brings unique sociological insights to the

American mobility saga and the tenuous nature of status and success among the black middle class. In many ways, Haynes's family defied the odds. All four great-grandparents on his father's side owned land in the South as early as 1880. His grandfather, George Edmund Haynes, was the founder of the National Urban League and a protégé of eminent black sociologist W.

E. B. Du Bois; his grandmother, Elizabeth Ross Haynes, was a noted children's author of the Harlem Renaissance and a prominent social scientist. Yet these early advances and gains provided little anchor to the succeeding generations. This story is told against the backdrop of a crumbling three-story brownstone in Sugar Hill that once hosted Harlem Renaissance elites and

later became an embodiment of the family's rise and demise. Down the Up Staircase is a stirring portrait of this family, each generation walking a tightrope, one misstep from free fall. Up Is Up, But So Is Down American Society for Training and Development Bel Kaufman's Up the Down Staircase is one of the best-loved novels of our time. It has been translated into sixteen

languages, made into a prize-winning motion picture, and staged as a play at high schools all over the United States; its very title has become part of the American idiom. Never before has a novel so compellingly laid bare the inner workings of a metropolitan high school. *Up the Down Staircase* is the funny and touching story of a committed, idealistic teacher whose dash with

school bureaucracy is a timeless lesson for students, teachers, parents-- anyone concerned about public education. Bel Kaufman lets her characters speak for themselves through memos, letters, directives from the principal, comments by students, notes between teachers, and papers from desk drawers and wastebaskets, evoking a vivid picture of teachers

fighting the good fight against all that stands in the way of good teaching. *Down the Up Staircase* Enchanted Lion Books Traces the author's three-year investigation into what constitutes family, describing how, after receiving an e-mail from a stranger who claimed to be a distant cousin, he embarked on an effort to build the biggest family tree in history. *Up Down*

 More than just  
 a history of a  
 musical  
 genre, Looking  
 Up at  
 Down traces  
 the evolution  
 of the various  
 strands of  
 blues music  
 within the  
 broader

context of the  
 culture on  
 which it  
 commented,  
 and discusses  
 its importance  
 as a form of  
 cultural  
 resistance and  
 identity for  
 Afro-  
 Americans.  
 William Barlow  
 explores the  
 lyrics,  
 describes the  
 musical styles,  
 and portrays  
 the musicians  
 and  
 performers  
 who created  
 this uniquely  
 American  
 music. He  
 describes how  
 the blues  
 sound-with its  
 recognizable  
 dissonance  
 and African  
 musical

standards-and the blues text, which provided a bottom up view of American society, became bulwarks of cultural resistance. Using rare recordings, oral histories, and interviews, Barlow analyzes how the blues was sustained as a form of Afro-American cultural resistance despite attempts by the dominant culture to assimilate and commercialize the music and

exploit its artists. Author note: William Barlow is Associate Professor in the Radio, Television, and Film Department of Howard University. ### **The Up and Down Book**

Anchor Among The Village Voices 25 Favorite Books of 2006 Winner of the 2007 AAUP Book, Jacket, and Journal Show in the Trade Illustrated Book Design category. Sometime after Andy Warhol's heyday but before Soho became a tourist trap, a group of poets, punk

rockers, guerilla journalists, graffiti artists, writers, and activists transformed lower Manhattan into an artistic scene so diverse it became known simply as "Downtown." Willfully unpolished and subversively intelligent, figures such as Spalding Gray, Kathy Acker, Richard Hell, David Wojnarowicz, Lynne Tillman, Miguel Piñero, and Eric Bogosian broke free

from mainstream publishing to produce a flood of fiction, poetry, experimental theater, art, and music that breathed the life of the street. The first book to capture the spontaneity of the Downtown literary scene, *Up Is Up, But So Is Down* collects more than 125 images and over 80 texts that encompass the most vital work produced between 1974 and 1992. Reflecting the unconventiona

I genres that marked this period, the book includes flyers, zines, newsprint weeklies, book covers, and photographs of people and the city, many of them here made available to readers outside the scene for the first time. The book's striking and quirky design—complete with 2-color interior—brings each of these unique documents and images to life. Brandon Stosuy arranges this hugely varied

material chronologically to illustrate the dynamic views at play. He takes us from poetry readings in Alphabet City to happenings at Darinka, a Lower East Side apartment and performance space, to the St. Mark's Bookshop, unofficial crossroads of the counterculture, where home-printed copies of the latest zines were sold in Ziploc bags. Often attacking the bourgeois irony

epitomized by the New Yorker's short fiction, Downtown writers played ebulliently with form and content, sex and language, producing work that depicted the underbelly of real life. With an afterword by Downtown icons Dennis Cooper and Eileen Myles, *Up Is Up, But So Is Down* gathers almost twenty years of New York City's smartest and most explosive—as well as hard to find—writing, providing an

indispensable  
archive of one  
of the most  
exciting  
artistic scenes  
in U.S. history.
