A book of this kind has never been written before. It took courage to write this book and it will take courage to read it. One of our most popular books, THE CRIMINALS OF ISLAM unveils the true faces of the revered stalwarts " of Islam who emerged

over the last 1400 years. So-called Imams ", Historians ", Ulema ", Sheikhs ", Sufis " and Maulanas " - all have made a mockery of Islam. They have converted the beautiful Message revealed to the exalted Prophet into the counterfeit, alien and deplorable manmade religion that we see today. It is a far cry from Ad-Deen, Islam, The Benevolent Social System of Life presented in the Qur'an. Shabbir Ahmed quotes extensively from the Ahadith literature, and enlightens the reader on

how and why the once thriving Muslim world has deteriorated into its present state.

The author attempts to spell out the Islamic principles on which business enterprise should be based specially in the area of partnership. He displays a strikingly acute awareness of Islamic laws on the subject, matched by an equally striking awareness of the forms of

business organization in vogue in the contemporary world. The work represents a serious scholarly effort to sort out complicated questions such as those mentioned above, to enunciate Islamic principles relative to business enterprise, and to apply them in the changed context of present-day business.

A collection of the long-unavailable tafasir, or commentaries on the Qur'an, which help to properly explain and contextualize the revelation, this series aims to make leading exegetical works--in translation, unabridged, and faithful to the letter and meaning of the Arabic--widely available for study and research. One of the most pivotal works for understanding the environment that influenced the development of Qur'anic exegesis, this volume--originally written by Abdullah Ibn 'Abbas and Ibn Ya'qub al-Firuzabadi--offers valuable insight into the circulation and exchange of popular ideas between Islam, Judaism, and Christianity during the formative phase of Islamic exegesis. In addition, the work avoids elaborate theological, philosophical, and grammatical explanations, making it easily accessible to nonspecialists.

Secret Societies in one form or another have existed throughout the history of human culture. But what is their appeal? What is it that makes so-called respectable people indulge in peculiar ceremonies, dressed in fanciful costumes uttering bloodcurdling oaths of loyalty with the threat of death hanging over them should they reveal the inner workings of

the cult? Nick Harding investigates these societies and their vagaries in a full and frank examination. Book jacket.

The number of Christian denominations, according to the "Status of Global Mission, 2008" of Gordon-Conwell Theological Seminary, is around 39,000. Surprisingly, all of them believe that Jesus breathed his last at the age of thirty-three while nailed to the cross in Jerusalem, the capital of the Jewish kingdom. A vast majority of Jews and Muslims also endorse that viewpoint. This concept, however, is flawed and not supported by the facts. If Jesus really died that early, it simply means that he neither had the honor of becoming a Messenger [administrator], nor did he receive any

revelations. Every apostle, without any exception, was appointed to that exalted position, sometimes within a short period of five years, usually between the ages of thirty-five and forty. Moreover, the transmission of Allah's constitution along with civil and criminal codes, through Gabriel's interface, was always a long, drawn-out process. In the case of Mohammad, it took over twenty-three years to complete. "Jesus: The Warrior Apostle" does not present either a constitution or social laws for creating a peaceful, prosperous, and progressive society through the establishment of a people-friendly government. Certainly, like every previous triumphant apostle, Jesus did set up an administration and served as head of the state, until he breathed his

last at an advanced age, due to natural causes.
