 The John Edwards–Rielle Hunter affair made headlines for years. "One of the biggest political scandals of all time," "a fall from grace," "a modern-day tragedy"—it's a story that has been reported, distorted, and spun over and over again by the media, by political aides, by the U.S. government, by supposed friends. However, there is someone who actually knows the truth, someone who lived it from day one—the woman at the heart of the story itself: Rielle Hunter. In the New York Times, Wall Street Journal, and Publishers Weekly bestseller *What Really Happened*, Hunter offers an extremely personal account of her relationship with John Edwards: the facts of how they actually met, how their accidental love started and escalated, what it was like to fall in love with a married man who decided to run for president, the surprise of becoming pregnant during the campaign, how the affair became public, the extensive cover-up, and finally, what happened in the years after Edwards publicly admitted to being the father of their daughter, Frances Quinn. Meet Edwards's political players and get an intimate look at how they really operated. Learn about the evolution of "friends," enablers, and do-gooders, their involvement with the affair and Edwards's 2008 presidential campaign, and where the money from Rachel "Bunny" Mellon and Fred Baron actually went. This book doesn't spin the truth to achieve a prettier picture or a better story. It isn't about changing anyone's mind. It's simply the facts, the truth of what really happened.

 Dark Personalities in the Workplace defines dark personalities, their prevalence in the workplace, and how they are best managed. The book brings together research in psychology and business to both profile these employees and impart best practices for businesses to manage them. Chapters explore narcissism, Machiavellianism, and psychopathy in a work context. Coverage includes common behaviors such as incivility, negative attitudes, counterproductive behavior and escalating to harassment, bullying, violence, and fraud. Practical advice is given on how to avoid hiring dark personalities, avoid promoting dark personalities, and how to perform investigations and interventions with dark personalities. With a background in forensic psychology and industrial/organizational psychology, Cynthia Mathieu provides a researched understanding to these personalities, case studies to better understand them, and practical tools and applied solutions for dealing with them. Integrates psychology and business literature on dark personalities Identifies common personality features and behaviors Suggests HR protocols to avoid hiring dark personalities Addresses how to manage and review performance for dark personalities Explores the importance of leadership and organizational culture Presents case studies and applied solutions Provides recommendations for investigations and interventions

Le Monde IRD Orstom
 Human Resource Strategy provides an overview of the academic and practitioner responses to these and other questions. Applying an integrative framework, the authors review twenty years' worth of empirical and theoretical research in an attempt to reconcile often-conflicting conceptual models and competing empirical results. The authors present much of the relevant research in the context of the critical strategic decisions that executives must actually make with regard to human resource investments and deployments. As a result, often complex theoretical models and scientific findings are presented such that they are not only understandable but also highly relevant to non-research-oriented practitioners.

 A l'heure de la globalisation, la mobilité internationale des étudiants est considérée comme un atout fondamental par les

établissements d'éducation supérieure et les gouvernements européens. Effectuer tout ou partie de ses études à l'étranger est perçu comme une opportunité d'accroître le capital humain des étudiants et leur employabilité sur un marché du travail qui s'internationalise. Les Etats et les établissements cherchent donc à attirer les " cerveaux " d'où qu'ils viennent. (Toutefois, en observant la situation d'une majorité d'étudiants en provenance de pays africains et latino-américains en Europe, on constate une précarisation de leurs conditions de vie au cours de leur formation, tant sur le plan juridique que socio-économique, celle-ci pouvant péjorer leurs performances académiques. En outre, ces diplômés voient leur employabilité limitée par les législations en cours dans le pays de formation et peinent à trouver un travail en lien avec leur curriculum dans leur pays d'origine. (Ibrahim Guissé et Claudio Bolzman analysent les paradoxes et les limites des politiques migratoires en lien avec l'internationalisation de la formation des Hautes écoles en Europe et en Suisse en particulier, et mettent en lumière le glissement d'un brain gain vers un processus de brain waste.

Vous êtes étudiant(e) en fin de cycle et souhaitez démarrer votre carrière dans la vente ? Vous êtes déjà vendeur ou responsable d'équipe commerciale ? Ce livre est fait pour vous. On ne vend pas un objet de luxe, un appartement de prestige ou une solution

industrielle haut de gamme de la même façon et avec la même approche qu'on vend un article à bas prix dans une brocante. Une évidence ? Pas toujours sur le terrain, car c'est une vente à enjeux forts qui se fait sur un temps plus long, et nécessite une technique particulière. Comment vendre plus et mieux de la valeur ajoutée tout en écartant la concurrence ? A quoi s'attendre aujourd'hui quand on commence sa carrière de vendeur ? Quelles sont les perspectives d'évolutions du métier ? Quel impact de l'intelligence artificielle (IA), de l'urgence écologique, sur les entreprises en pleine mutation ? Comment vend-on aujourd'hui et comment vendra-t-on demain ? A travers de nombreuses lettres qui vous sont adressées, tel un dictionnaire amoureux traitant un sujet sérieux de façon claire et accessible à tous, découvrez plus encore que des techniques de vente et des anecdotes : plongez dans le monde fascinant de la vente haut de gamme, celle d'aujourd'hui et de demain. Devenez vendeur de luxe.

AN INSTANT NEW YORK TIMES BESTSELLER! The definitive biography of Nancy Pelosi, the most powerful woman in American political history, written by New York Times bestselling author and USA Today Washington bureau chief Susan Page. Featuring more than 150 exclusive interviews with those who know her best—and a series of in-depth, news-making interviews with Pelosi herself—MADAM SPEAKER is unprecedented in the scope of its exploration of Nancy Pelosi's remarkable life and of her indelible impact on American politics. Before she was Nancy Pelosi, she was Nancy D'Alesandro. Her father was a big-city mayor and her mother his political organizer; when she encouraged her young daughter to become a nun, Nancy told her mother that being a

priest sounded more appealing. She didn't begin running for office until she was forty-six years old, her five children mostly out of the nest. With that, she found her calling. Nancy Pelosi has lived on the cutting edge of the revolution in both women's roles and in the nation's movement to a fiercer and more polarized politics. She has established herself as a crucial friend or formidable foe to U.S. presidents, a master legislator, and an indefatigable political warrior. She took on the Democratic establishment to become the first female Speaker of the House, then battled rivals on the left and right to consolidate her power. She has soared in the sharp-edged inside game of politics, though she has struggled in the outside game—demonized by conservatives, second-guessed by progressives, and routinely underestimated by nearly everyone. All of this was preparation for the most historic challenge she would ever face, at a time she had been privately planning her retirement. When Donald Trump was elected to the White House, Nancy Pelosi became the Democratic counterpart best able to stand up to the disruptive president and to get under his skin. The battle between Trump and Pelosi, chronicled in this book with behind-the-scenes details and revelations, stands to be the titanic political struggle of our time.
