Conservative Media and the

Transformation of American Politics

University of North Georgia
Messengers of the Right tells the story of
the media activists who built the American
conservative movement and transformed
it into one of the most significant and
successful movements of the twentieth
century—and in the process remade the
Republican Party and the American media
landscape.

Government and PoliticsWith 2 Practice
Tests
Today, war is more complicated than it

has ever been. When considering military
strategy, a commander must be aware of
several theaters of war. There's ground
strength, air power, naval combat and
even cyber warfare. In the late 19th
century, however, the true military might
of a nation rested primarily on the
strength of its navy. In 1890, United States
Navy Captain Alfred Thayer Mahan
published a book titled "The Influence of
Sea Power Upon History." The
monumental text addressed the
importance of both military and
commercial fleets in the success of a

nation in war and peacetime. Mahan begins with a discussion of the elements he considers to be the key to a nation's success on the seas. He theorizes that a ground force could not sustain the pressure of a naval blockade. Mahan then applies his principles to wars of the past. He analyzes the use of a navy in various engagements and considers the resulting influence on the outcome of the wars. The book was readily accepted by commanders and tacticians all over the world and his principles and theories were utilized throughout the 20th century. His arguments, along with technological advances, were influential in the strengthening of the United States Navy. Presently, Mahan's work is considered the most important work on naval strategy in history.

NOTE: You are purchasing a standalone product; MyPoliSciLab does not come packaged with this content. If you would like to purchase both the physical text and MyPoliSciLab, search for ISBN-10: 0134114027 / ISBN-13: 9780134114026. That package includes ISBN-10:

0133913309 / ISBN-13: 9780133913309 and ISBN-10: 0133930645 / ISBN-13: 9780133930641. MyPoliSciLab should only be purchased when required by an instructor. For courses in American Government Understand American politics from past to present American Government: Roots and Reform helps students view the issues facing the United States today through an historical lens. By presenting coverage of the origins of American government in tandem with material on contemporary political structures and behaviors, the authors help students see how what happened in the past can be used to understand what measures should be taken in the future. In order to boost student engagement with key concepts, the 2014 Elections and Updates Edition incorporates coverage of contemporary issues that dominate today's headlines, as well as the most up-to-date data. Also available with MyPoliSciLab® MyPoliSciLab for the American Government course extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice

applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyPoliSciLab does not include an eText. American Government: Roots and Reform, 2014 Elections and Updates Edition is also available via REVEL™, an immersive learning experience designed for the way today's students read, think, and learn. [We the People: An Introduction to American Politics \(Ninth Essentials Edition\)](#) Houghton Mifflin College Division Now considered a classic amongst political experts, "American Public Policy" is an excellent overview of the fundamental processes and content of American public policy. Peters gives a clear exposition of the public policy environment from agenda setting to evaluation, identifying the governmental structures and procedures through which policy is designed and implemented. With characteristic flair for lucid and lively discussion, Peters examines the problems, goals, and important issues in substantive policy areas, including health care, social security and welfare, education, energy,

environment, defense and law enforcement. A new chapter on social policy covering important contemporary topics such as abortion, school prayer, and gay rights enhances the currency of this accomplished review of public policy.

The Basics of American Government

Cengage Learning

With fresh insight from new co-author Andrea Campbell, *We the People*, Twelfth Edition, once again sets the standard for showing students how government impacts their lives and why it matters who participates. Campbell relates true, personal stories of how government affects ordinary citizens. This focus is reinforced by the book's signature "Who Are Americans?" and "Who Participates?" features which motivate critical thinking about how Americans experience and shape politics. Learning goals ensure that students maintain consistent focus on core concepts in the text, in its companion InQuizitive learning tool, and in supporting critical-thinking exercises.

Advanced Manufacturing W.W. Norton & Company

The images in this textbook are in grayscale. *American Government 2e* is

designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

We the People Cengage Learning

The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several

reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

American Government 2e Houghton Mifflin College Division

Examine Texas politics in historical, economic, and demographic contexts Government and Politics in the Lone Star State guides students through the historical, economic, demographic, and political environment that has made Texas government and political culture what it is.

Drawing on their experiences in political science, journalism, and consulting, Tucker Gibson, Clay Robison, and new coauthor Joanne Connor Green explain Texas's governmental institutions, the players who influence them, and how these factors compare to those in other states. The 2014 Elections and Updates Edition has been revised to meet the outcomes instituted by the Texas education commission board, and includes updated content on the major issues in today's headlines to help students become informed voters and participants in Texas's dynamic policymaking process.

 Updated in a new 2011 Alternate edition, *American Government: Roots and Reform* provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. This bestselling book has been extensively revised to provide in-depth coverage of President Barack Obama's first two years in office and the 111th Congress, the 2010 congressional elections, continued concerns related to the wars in Iraq and Afghanistan, and domestic concerns related to health care reform and the economy.
 Simon and Schuster
 Acclaimed for the scholarship of its prominent authors and the clarity of its narrative, *AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES* sets the

standard for public policy coverage while maintaining focus on three fundamental topics: the institutions of American government; the historical development of governmental procedures, actors, and policies; and who governs in the United States and to what ends. Student involvement in the material is bolstered by proven pedagogical features such as chapter outlines, Who Governs? and To What Ends? learning objective questions framing each chapter and How Things Work boxes that summarize important facts. The significantly enhanced media package with new online tools makes the learning experience engaging and accessible. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
Governing California in the Twenty-First Century Pearson College Division

USAs historie indtil 1996
A Survey Pearson
 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).
