## CONNELL ELIANN

---

### Principles of Islamic Sociology

University of Chicago Press

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people' (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

*Everyday Sociology Reader* SAGE

Elijah Anderson, called "one of our best urban ethnographers" by the , introduces the concept of the "cosmopolitan canopy": the urban islands of civility amid segregated ghettos, suburbs, and ethnic enclaves.

*An Introduction to the Study of Social Life* John Wiley & Sons

This volume presents sixteen essays by comparative historical scholars who offer

a survey of the new fiscal sociology.

*An Introduction to Thinking Like a Sociologist* Macmillan International  
Higher Education

High school and the difficult terrain of sexuality and gender identity are brilliantly explored in this smart, incisive ethnography. Based on eighteen months of fieldwork in a racially diverse working-class high school, *Dude, You're a Fag* sheds new light on masculinity both as a field of meaning and as a set of social practices. C. J. Pascoe's unorthodox approach analyzes masculinity as not only a gendered process but also a sexual one. She demonstrates how the "specter of the fag" becomes a disciplinary mechanism for regulating heterosexual as well as homosexual boys and how the "fag discourse" is as much tied to gender as it is to sexuality.

*Sociology and Human Rights* Routledge

Theodor Adorno is a widely-studied figure, but most often with regard to his work on cultural theory, philosophy and aesthetics. *The Sociology of Theodor Adorno* provides the first thorough English-language account of Adorno's sociological thinking. Matthias Benzer reads Adorno's sociology through six major themes: the problem of conceptualising capitalist society; empirical research; theoretical analysis; social critique; the sociological text; and the question of the non-social. Benzer explains the methodological and theoretical ideas informing Adorno's reflections on sociology and illustrates Adorno's approach to examining social life, including astrology, sexual taboos and racial prejudice. Benzer clarifies Adorno's sociology in relation to his work in other disciplines and the inspiration

his sociology took from social thinkers such as Marx, Weber, Durkheim, Kracauer and Benjamin. The book raises critical questions about the viability of Adorno's sociological mode of procedure and its potential contributions and challenges to current debates in social science.

#### Sociology Routledge

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

#### **Understanding and Changing the**

**Social World** Univ of California Press  
Designed to help students analyze and understand political developments in the world around them, this unique text covers a wide array of political sociology concepts and theoretical perspectives. The book's multidimensional view emphasizes the interplay between power, inequality, multiple oppressions,

and the state. Blending elements of today's prevalent power structure theories, this framework provides students with a unique focus on the structure of power and inequality in society today. This unique book traces common perspectives within political sociology. However, it adds to the existing field using an intersectional analysis by including state projects around gender, race, and sexuality. Likewise, it engages with commonly ignored perspectives within political sociology such as queer theory, anarchist theory, and post-structuralism. This gives the book a multi-dimensional view that recognizes the need to include, but move beyond, class-based understandings as well as account for the increasing popularity of anarchist, queer, and post-structuralist theories. Oppression, Resistance, and the State Routledge

With a combination of up-to-the minute examples, cutting-edge research, and the latest available data, Essentials of Sociology gets students thinking sociologically about what they're seeing in the news and on their screens. Highlighting the macro social forces at work in our everyday lives, the authors move students beyond their individual experiences and cultivate their sociological imaginations. Innovative pedagogy promotes active reading and helps students master core sociological concepts. This strong in-text pedagogical program is now supported by InQuizitive, Norton's new formative, adaptive learning tool.

*A Treatise in the Sociology of Knowledge*  
Think Sociology

THINK Currency. THINK Relevancy. THINK Race and Ethnicity. THINK Race and Ethnicity is informed with the latest research and the most contemporary

examples, allowing you to bring current events directly into your classroom with little additional work. An engaging visual design developed with extensive student feedback and 20 page chapters makes THINK Race and Ethnicity the textbook your students will actually read. This student-friendly text delivers the core concepts of Race and Ethnicity in a way they can easily understand. A groundbreaking instructor supplements package is also included to help you bring the core concepts for the Race and Ethnic Relations course to life, without burdening your students with learning solutions that are too dense or expensive. *The New Fiscal Sociology* AuthorHouse  
This timely resource, written by a team of authors who are working at the forefront of the public sociology movement, provides a contemporary analysis of public sociology. The book

highlights a variety of ways in which sociology brings about social change in community settings, assists nonprofit and social service organizations in their work, and influences policy at the local, regional, and national levels. The book also spotlights sociology that informs the general public on key policy issues through media and creates research centers that develop and carry out collaborative research.

**Masculinity and Sexuality in High School, With a New Preface** Cengage Learning

Innovative readings and blog posts show how sociology can help us understand everyday life.

**A New East Asia** OUP Oxford

The most popularly read, adapted, anthologized, and incorporated primer on sociology ever written for modern readers Acclaimed scholar and sociologist Peter L. Berger lays the groundwork for a clear understanding of sociology in his straightforward introduction to the field, much loved by students, professors, and general readers. Berger aligns sociology in the humanist tradition—revealing its relationship to the humanities and philosophy—and establishes its importance in thinking critically about the modern world. Throughout, Berger presents the contributions of some of the most important sociologists of the time, including Max Weber, Émile Durkheim, Vilfredo Pareto, and Thorstein Veblen. [How Scientists Think and Teach about Human Difference](#) Cambridge University Press

Gender is one of the most important topics in the field of sociology, and as a system of social practices it inspires a multitude of theoretical approaches. The *Sociology of Gender* offers an introductory overview of gender theory

and research, offering a unique and compelling approach. Treats gender as a multilevel system operating at the individual, interactional, and institutional levels. Stresses conceptual and theoretical issues in the sociology of gender. Offers an accessible yet intellectually sophisticated approach to current gender theory and research. Includes pedagogical features designed to encourage critical thinking and debate. Closer Look readings at the end of each chapter give a unique perspective on chapter topics by presenting relevant articles by leading scholars.

*A Humanistic Perspective* Macmillan  
International Higher Education

The Oxford Handbook of the Sociology of Religion draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in-depth survey into its changing forms and content in the contemporary world. The role and impact of religion and spirituality on the politics, culture, education and health in the modern world is rigorously discussed and debated. The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion. Using a combination of theoretical, methodological and content-led approaches, the fifty-seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law, ecology to art, music to cognitive science, crime to institutional health care and more. The developing character of religion, irreligion and atheism and the impact of religious diversity on social cohesion are explored. An overview of current

scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship. The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline.

**Think Race and Ethnicity** W. W.  
Norton

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Thinkspot, the text's open access website, provides students with a large resource of tools to help them achieve a better grade.

### **The Sociology of Pierre Bourdieu**

Univ of California Press  
 Packed with current examples you can easily relate to, Tischler's *INTRODUCTION TO SOCIOLOGY, 11E* delivers comprehensive, up-to-date coverage in a succinct and affordable format. The author begins by equipping you with tools for success, including tips for how to read, study, and take tests more effectively. A built-in study guide and practice tests ensure thorough understanding. The text threads two basic ideas throughout: sociology is a rigorous, scientific discipline, and basic knowledge of sociology is essential for

understanding social interaction in many work and social settings. With its streamlined 16 chapters, *INTRODUCTION TO SOCIOLOGY, 11E* delivers cutting-edge coverage that is concise yet thorough--and makes sociology completely accessible. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.  
Processual Thinking in Sociology Open Road Media  
 Includes bibliographical references and index.

### **Think Sociology 2011** SAGE Publications

This anthology examines the implications that human rights have for the social sciences. It discusses how the 1789 Bill of Rights of the US Constitution should be expanded to encompass fundamental human rights, as most other constitutions already have been. This collection has special relevance for sociologists because many implicitly assume positive human rights in their studies of, for example, health care and education, and yet do not make these assumptions explicit. This volume also discusses the relevance of social and political movements. The discussions in this text allow readers to compare constitutions, examine international human rights treaties, and delve into countries' histories. *Sociology and Human Rights* is ideal for engaging in comparative studies of countries' politics and aspects of international cooperation. Each chapter ends with discussion questions to challenge students to think critically about human rights in the United States and around the world.
