World Poverty and Human Rights: Cosmopolitan Responsibilities and Reforms is a 2002 book by Thomas Pogge. In the book, Pogge explains that the poorest 44 percent of humankind have 1.3 percent of global income and their purchasing power per person per day is less than that of \$2.15 in the US in 1993; 826 million of them do not have enough to eat. World Poverty and Human Rights - Wikipedia Part social science, part philosophy, World Poverty and Human Rights thoroughly outlines why citizens of the developed world have an ethical duty to help the global poor and makes modest policy recommendations to alleviate their maladies. Although the book can be a bit dense at times, it reveals the culpability of the global order where Third World poverty is

concerned and why the current approach to this issue seems to be falling short. World Poverty and Human Rights by Thomas W.
