As I lay in my Pomegranate Noir pool, I started to think about the little love rituals that Keir and I perform for one another so often. I'm much more of a morning person than he is, so when the screech of the alarm hauls me into the bleak reality of 6am on a Monday morning, I'm

the one who is more suitably equipped to usher us out of bed and prepare his sandwiches for the day. Little Love Rituals: What Are Your Own? The 5 Little Love Rituals book is about five tiny little habits successful couples do to connect and keep their love young in just minutes a day.
