## ROBINSON LIU

[Kabbalah of Creation](#) Leonor Murciano-Luna

This journal offers us, an opportunity to consciously explore the rise of the Feminine and reclaim our forgotten Truth. Every day, during the 30 days of the Moon's cycle, you will explore the principles of the Feminine, through the 13 pillars of Conscious Feminine Medicine.

[Letters to a Young Healer](#) Penguin

The author recounts his medical career, describes his introduction to Ayurvedic medicine, and shares his views on health and healing

[The Soul of Care](#) Harper Collins

Everyone had long since gotten tired of seeing an amorous ghost girl chat with a weak scholar. If that was the case, when Taoist Gao Leng met with a ghost of amnesia, what kind of love and hate conflicts would occur between them! Once, you were a ghost and I was Daoist Ling Xu. Even after using all my strength, I was still unable to become the peerless hero in your heart. Now that you're a puppet, and I'm a spirit doctor, I'll protect you no matter what. The Road to River Styx, the Three Way River, the Resurrection Lily, if fate wills it, I'll accompany you ....

[Jehovah Rapha](#) Penn State Press

Healing: Mind, Body and Soul explores the fascinating connection between health and spirituality, reviewing exciting research findings and examining their implications for our health. Moreover, the book thoroughly analyses the role of food in health and reviews breakthrough findings in the field of nutrition. Writing from the perspective of a Baha'i, Alan Bryson gives the reader his personal insights on such important health issues as diet, spirituality, attitudes, emotions, faith, virtues, prayer, stress management, vegetarianism, complementary medicine, finding the right physician, and discovering our own inherent healing potential.

In addition, when you purchase *Care of the Soul in Medicine*, you will receive a free audio excerpt of Thomas Moore reading the book from the *Abridged 4-CD Set*. GO NOW! WATCH THE BOOK TRAILER Few experiences stir the emotions and throw a person into crisis as illness does. It affects not only the body but also the spirit and soul. Illness is about life and death, fear and hope, love and conflict, spirit and body. And yet, the healthcare system is not structured around these considerations - our doctors and other medical professionals are not trained to deal with the whole person. *Care of the Soul In Medicine* is Moore's manifesto about the future of healthcare. In this new vision of care, Moore speaks to the importance of healing a person rather than simply treating a body. He gives advice to both healthcare providers and patients for maintaining dignity and humanity. He provides spiritual guidance for dealing with feelings of mortality and threat, encouraging patients to not only take an active part in healing but also to view illness as a positive passage to new awareness. While we don't fully understand the extent to which healing depends on attitude; it has been shown that healing needs to focus on more than the body.

*The Lion of the Kabbalah* Jewish Lights Publishing

A comprehensive introduction to the history, theology, practice and sociology of Methodism around the globe.

*Rules of Mystical Piety, the Beginning of Wisdom* Physician of the Soul, Healer of the Cosmos Isaac Luria and His Kabbalistic Fellowship

"This sociological reading of the kabbalistic ideas of the early modern period suggests that they gained acceptance because they responded to the needs of contemporary Jewish society. Although they were presented as continuing a tradition, their goal was reformation: few aspects of Jewish life were not changed in consequence. This broadly based and innovative study challenges accepted ideas on the origins of Jewish modernity, and also shows how Counter-Reformation Catholicism affected these developments. The Hebrew edition of the book was awarded the Goren-Gottstein Prize for the Best Book in Jewish Thought 2010-2012"--

*Healing Guidance for Patients, Families, and the People Who Care for Them* BenBella Books, Inc.

"...a searingly honest memoir..." Dr. Kenny Lin, Deputy Editor, American Family Physician "She gently opens her heart and our eyes to the healing power of self-reflection, prayer, and self-care." Rev. Dr. Lisa Banks-Williams "...extraordinary..." Dr. Janelle Goetheus, Cofounder, Christ House, Washington, DC On the

outside, it looked like Dr. Chacko had it all-lucrative and rewarding career, beautiful family, comfortable home. But inside, Donna was in turmoil. Her marriage was on the brink, crises were brewing, and her home felt like her heart- about to break. In *Pilgrimage*, Donna describes her desperation. She felt like she was clinging to the edge of a dark pit that threatened her and her daughters. Not knowing what to do, she finally turned to God and started searching for answers. She lays her life bare as she digs into her upbringing, relationships, life choices, and fears in a deeply personal journey toward healing and wholeness. Join her as she surrenders her control and discovers that serenity and health are most easily grasped when our hands and hearts are open to what God longs to give us. As you walk alongside Donna through struggles that will likely feel all too familiar, you'll discover that your own path to health of body, mind, and spirit is laid out before you. You just have to take that first step.

**Healing The Mind And Soul** Rowman & Littlefield

After apprenticing at the feet of a saintly old man who carved charms that helped with the healing of souls, young Madeline had more questions than answers. She reached out to her Uncle James, a physician with a rich spiritual life, and in a series of twelve letters he reveals to her the mysteries of healing, consciousness, and spiritual growth. James counsels that a spirit of healing can be brought into every kind of work as long as one brings to it sufficient intent, strength of awareness, and integrity to be in accord with the highest kind of love. With guidance on "cleaning house" within one's soul, recognizing false healers, strengthening one's vitality, understanding the mysteries of faith and reason, compassion, sex, imagination, reverence, dying, and more, James points Madeline to live life in a way that will, "dry a tear in the eye of God." *Letters to a Young Healer* is a beautiful sequel to *The Charm Carver*.

*A Doctor's Story of Spiritual Transformation and Ayurvedic Healing* Liverpool University Press

What accounts for miraculous healings unexplainable by doctors? Is there a reality to spiritual healings? William Gladstone initially approached Dr. Zhi Gang Sha with some skepticism and disbelief. William believed that there was more to life than the material world, but he knew that the world has many dishonest and self-deceiving mystics. So he decided to explore. William, having studied medical anthropology at Harvard University, had met and worked with some of the greatest spiritual leaders on the planet. He was excited to explore Dr. Sha and his healing practices. William spent weeks with Dr. Sha watching him at work, talking to his students, and observing his healings. He interviewed him at length, asking for specifics and addressing difficult questions. He delved into the science behind Dr. Sha's work and explored the underlying concepts beneath these "miracle" healings. What William learned amazed him and opened his mind to possibilities

he never expected. Dr. Zhi Gang Sha is a medical doctor trained in both Western medicine and traditional Chinese medicine, as well as ancient Chinese sacred energy and spiritual healing. Over the last decade, he has healed hundreds of thousands of individuals with thousands documented and available for viewing on YouTube. How does he do it? Is it the placebo effect or something much more profound? Dr. and Master Sha: Miracle Soul Healer documents the remarkable journey of a world renowned spiritual teacher and master healer who has not only demonstrated the ability to heal but also to teach people to heal themselves. Written for skeptics as well as believers, Dr. and Master Sha: Miracle Soul Healer explores the results and methodology of Dr. Sha's unique life journey and his stated life mission to serve humanity and the Divine and create a healthier and happier world. This book explores the ultimate mystery of how faith, science, and healing can change your life.

[Kabbalah and Jewish Modernity](#) Paulist Press

Every now and again, one comes across a book that opens the heart and lets the soul sing. Such a book is a window on the wonder and joy, the beauty and the depths of the world around us. Such a book leads us from one jeweled insight to another, like the Genii giving Aladdin a tour of the treasure cave. Once found, such a book joins a precious few in a privileged place on one's bookshelf, to be taken down, re-read and savored over and over. Soul Medicine is exactly such a book. With exquisite prose, it transcends its pages to become a heart's companion, delivering exactly what its title promises. Outstanding! David Spangler, Author and Spiritual Teacher. Dr. Judith Boice has a rare skill that few will ever grasp. She is a healer with an in-depth understanding of the mechanics behind the art of healing. From the wisdom of the elders whom she has studied under, and her learnings of the complexity of traditional and modern medicine today, this medicine woman understands not only how to prescribe and predict results but also, with these mystic skills, how to heal those who come her way. Jim Great Elk Waters, Shawano Elder, Fourth Degree Mide' and Pipe Carrier [Jewish Mysticism and the Spiritual Life](#) Createspace Independent Publishing Platform

In this thoughtful and lucid exploration of the Jewish mystical tradition, leading scholars and teachers come together to share their favorite texts-many available in English for the first time-and explore why these materials are meaningful and relevant to contemporary life.

[Return of the Rishi](#) Red Wheel/Weiser

"A fascinating, amusing, and wise account of how someone born with a shaman's predilections, raised in a rationalist culture, finds her way back to her true self." - Martha Beck, The New York Times bestselling author After 2 decades in the study and practice of medicine, Sarah Seidelmann took a 3-month sabbatical to search for a way to feel good again. Having witnessed human suffering early in her career and within her own family, she longed for a way to address more than just the physical needs of her patients and to live in a lighter, more conscious way. Swimming with

Elephants tells the eccentric, sometimes poignant, and occasionally hilarious experience of a working mother undergoing a bewildering vocational shift from physician to shamanic healer. During that tumultuous period of answering her call, Sarah met an elephant who would become an important spirit companion on her journey, had bones thrown for her by a shaman in South Africa, and traveled to India for an ancient Hindu pilgrimage, where she received the blessing she had been longing for. Ultimately, she discovered an entirely different way of healing, one that she had always aspired to and that enabled her to help those who are suffering. "From the lakes of Minnesota to the Ganges River in India, Sarah Seidelmann's transformative journey from MD to shamanistic healer is a refreshingly honest and very funny tale of spiritual growth." - Matt Adrian, author of The Guide to Troubled Birds "This is an exceedingly vulnerable, beautifully written book and the most genuine spiritual memoir I have ever read. It is also - in many hilarious moments - laugh out loud funny." - Maria Bamford, Comedian and star of Netflix Original Series Lady Dynamite

[Care of the Soul in Medicine](#) Stanford University Press

Collects a wide range of writings, from autobiographical sketches and legal codes to folk literature and liturgical poetry, to provide a sweeping view of medieval and early modern Jewish ritual and religious practice that considers many lesser-known aspects of Jewish culture. Reprint.

[A History of Psychological Healing](#) Sterling Publishers Pvt. Ltd Kabbalah of Creation is a new translation of the early Kabbalah of Rabbi Isaac Luria, founder of the most influential Jewish mystical school of the last 400 years. Living in relative obscurity in Northern Galilee, Luria experienced a powerful epiphany that influenced his lyrical, influential text. Poetically and meditatively described, the range of subjects includes the revelation of the Godhead's light in the world and its relationship to every aspect of the human life cycle, including lovemaking, conception, gestation, birth, and maturation.

[The Lord Our Healer, Physician and Cure](#) New World Library

The ubiquity of friendship in human culture contributes to the fallacy that ideas about friendship have not changed and remained consistent throughout history. It is only when we begin to inquire into the nature and significance of the concept in specific contexts that we discover how complex it truly is. Covering the vast expanse of Jewish tradition, from ancient Israel to the twenty-first century, this collection of essays traces the history of the beliefs, rituals, and social practices surrounding friendship in Jewish life. Employing diverse methodological approaches, this volume explores the particulars of the many varied forms that friendship has taken in the different regions where Jews have lived, including the ancient Near East, the Greco-Roman world, Europe, and the United States. The four sections—friendship between men, friendship between women, challenges to friendship, and friendships that cross boundaries, especially between Jews and Christians, or men and

women—represent and exemplify universal themes and questions about human interrelationships. This pathbreaking and timely study will inspire further research and provide the groundwork for future explorations of the topic. In addition to the editor, the contributors are Martha Ackelsberg, Michela Andreatta, Joseph Davis, Glenn Dynner, Eitan P. Fishbane, Susannah Heschel, Daniel Jütte, Eyal Levinson, Saul M. Olyan, George Savran, and Hava Tirosh-Samuelson.

[A Psychiatrist Discovers Unsuspected Roots of Mental and Physical Illness](#) Princeton University Press

They reside just below the surface of our inner being. They have been there a long time. Caused by unwanted trauma and skewed relationships, they are repositories of volcanic emotional material. They are the holes in our souls, and they are common to us all. How careful one has to be to keep these holes covered or camouflaged in order to operate with some semblance of normalcy in everyday life. It is an exhausting process to cover up what is inside so that it does not blow up outside. Is there greater hope than the misery experienced from the meticulous regimens of self-protection? Indeed there is! Healing for the Holes in Our Souls reveals steps of significant hope leading to greater wholeness through the awesome work of the Soul Maker and Soul Healer-Jesus Christ.

[From the Middle Ages Through the Early Modern Period](#) Cambridge University Press

In this book, a distinguished historian of medicine surveys the basic elements that have constituted psychological healing over the centuries. Dr. Stanley W. Jackson shows that healing practices, whether they come from the worlds of medicine, religion, or philosophy, share certain elements that transcend space and time. Drawing on medical writings from classical Greece and Rome to the present, as well as on philosophical and religious writings, Dr. Jackson shows that the basic ingredients of psychological healing—which have survived changes of name, the fall of their theoretical contexts, and the waning of social support in different historical eras—are essential factors in our modern psychotherapies and in healing contexts in general.

[Healing Words](#) NYU Press

Isaac Luria (1534-1572) is one of the most extraordinary and influential mystical figures in the history of Judaism, a visionary teacher who helped shape the course of nearly all subsequent Jewish mysticism. Given his importance, it is remarkable that this is the first scholarly work on him in English. Most studies of Lurianic Kabbalah focus on Luria's mythic and speculative ideas or on the ritual and contemplative practices he taught. The central premise of this book is that Lurianic Kabbalah was first and foremost a lived and living phenomenon in an actual social world. Thus the book focuses on Luria the person and on his relationship to his disciples. What attracted Luria's students to him? How did they react to his inspired and charismatic behavior? And what roles did Luria and his students see themselves playing in their collective quest for repair of the cosmos and messianic redemption?
