Hypoxic zones are areas in the ocean where the oxygen concentration is so low that animals can suffocate and die, and as a result are often called "dead zones." The largest hypoxic zone in the United States, and the second largest hypoxic zone worldwide, forms in the northern Gulf of Mexico adjacent to the

Mississippi River. What is a dead zone? - National Ocean Service

The Dead Zone is not only one of the best-ever Stephen King adaptations, but also one of the most consistently successful (and least gory) efforts of director David Cronenberg.
