**Blood of Heirs** Iron Stream Media

The past lies like a nightmare over the world. Two hundred years after the War when atomic fire rained from the skies and burned the world to cinders, human civilization has had time to rebuild within the burned-out husk of Old America. But the old terrors of the past still persist, and while some work to build a better world, others still dream of reclaiming the glory of the Old World. In southern Appalachia, political commissar Magnolia Blackadder is sent on a mission into the irradiated Exclusion Zone of Old DC, where an evil that humanity thought it had vanquished centuries ago is waking up and rebuilding its strength. Along the way, she meets a strange woman with terrible secrets and an unspeakable past, and as they forge a bond and brave the terrors of the wasteland together, she learns that some demons are not so easily exorcised, and that some stones are better left unturned. In this her debut novel, award-winning author Natalie Ironside delivers a new vision of the post-apocalypse, a tale of adventure, terror, love, and that most basic and most powerful of all human desires: Freedom.

The sequel to *The Birds That Stay* - hailed by the New York Journal of Books as "a fascinating and gripping tale of suspense" and the Globe and Mail as one of "Ten thrillers that will keep you on the edge of your seat". Says Ann Cleeves of the new book: "it's about power and powerlessness in the dead of winter. And more than that, it's a rollicking good read." *The Dogs of Winter* begins after a howling snowstorm envelops Montreal, and the body of a young woman is discovered in its wake. The only clue

to her identity is the photograph in her pocket, and on it, the phone number of Detective Inspector Romeo Leduc. Meanwhile, Marie and Romeo are busy navigating their deepening relationship, and a student at Marie's college is the victim of a terrible assault. While Romeo begins to think that the dead woman may be linked to violence against several homeless people in the city, the search for justice in both cases is thwarted by societal apathy and ignorance, even as the killer is stalking the frigid streets of Montreal, preying on and terrorizing its most vulnerable citizens.

\*"Truly enchanting."--Kirkus Reviews (starred review) A loose retelling of *Cinderella*, about a high-school graduate who--after getting grounded for the whole summer--joins a local Quidditch league and finds her footing, perfect for fans of *Dumplin'*, *Fangirl*, and everyone who's read and adored *Harry Potter*. 17-year-old vegan feminist Ellen Lopez-Rourke has one muggy Houston summer left before college. She plans to spend every last moment with her two best friends before they go off to the opposite ends of Texas for school. But when Ellen is grounded for the entire summer by her (sometimes) evil stepmother, all her plans are thrown out the window. Determined to do something with her time, Ellen (with the help of BFF Melissa) convinces her parents to let her join the local muggle Quidditch team. An all-

gender, full-contact game, Quidditch isn't quite what Ellen expects. There's no flying, no magic, just a bunch of scrappy players holding PVC pipe between their legs and throwing dodgeballs. Suddenly Ellen is thrown into the very different world of sports: her life is all practices, training, and running with a group of *Harry Potter* fans. Even as Melissa pulls away to pursue new relationships and their other BFF Xiumiao seems more interested in moving on from high school (and from Ellen), Ellen is steadily finding a place among her teammates. Maybe Quidditch is where she belongs. But with her home life and friend troubles quickly spinning out of control--Ellen must fight for the future that she wants, now she's playing for keeps. Filled with heart and humor, Anna Meriano's YA debut is perfect for fans of *Dumplin'* and *Hot Dog Girl*.
