Luck of the Draw profiles past winners of big lotteries, and how their windfalls impacted their lives, mostly for the better, but sometimes for the worse, such as the Florida widow who won \$5 million in 1984: three years later, she lost her mansion and fancy cars, and owed the IRS \$500,000 in back taxes, and was eventually arrested for trying to hire a contract killer for her daughter-in-law, whom she blamed for her lottery misfortune.

Are you looking for tips, strategies, secrets and insight into this supposed game of chance? Then you've come to the right place. Because I'm here to show you what it takes to

win the lottery. Hi, I'm Richard - a well-seasoned professional lottery player with years of experience and hundreds of thousands in lottery earnings to back that up. Yes, that's who I am now, but I wasn't always like that. I started out right where you are - fascinated by the idea of winning the lottery, wistfully listing all the ways I could invest my millions but with absolutely no idea how to push my chances ahead of anybody else's. All those coins I was handing over to buy my tickets? I might just as well have been dropping them down the drain. No book or resource I could find was really able to help me and I couldn't work out why - until I built my own strategies through countless hours of studying the odds and investigating how and why people are able to win. That's why I've written this book - because I now know how to give myself the greatest possible chance of winning the lottery. I want to share that expertise with you, so that you can experience that incredible moment of clutching the winning ticket in your sweaty, trembling hand. Give me

ONE DAY and I'll make you TEN times more likely to win the lottery And I'll do it for less than the cost of a handful of lottery tickets. People will tell you that winning the lottery is just a case of having good luck - but that's not the case at all. With the secrets to picking numbers and playing the right games at your fingertips, you could be sitting pretty on a million-dollar prize in a matter of weeks! Winning the lottery is possible, even if you're a complete beginner Even if you've never before played the lottery, I can show you how to increase your chances of winning with every single play. I'll show you how to decipher the odds, pick the right games with the best jackpots and understand what you've been missing all this time: what it takes to win. Within this guide, you'll find: Hot, cold or indifferent? How to tell which numbers you should be picking every time. Which numbers win more than others - and which lotteries give you the best chance of a big payout. How to expand your lottery options to go international and online. How to cooperate with others to increase your odds exponentially. If you

don't buy this guide, you stand to lose THOUSANDS of \$\$\$ Even a single lottery ticket costs money, and you're going to end up buying thousands waiting for your win. If you don't know how to play the game properly, you stand to lose hundreds or even thousands of dollars over time. I want to help you win millions to outright buy your luxury dream house, not waste your mortgage money on pointless plays that never hit the right numbers. 100% ironclad money-back guarantee If you finish reading this book and you don't feel like you have a new and improved strategy for winning big on the lottery, simply click one button within 7 days and Amazon will return 100% of your money back. When I host book signings and give lectures on lottery prediction, people always ask, If lotteries are random draws, how can they be predicted? I always answer the same way. Lotteries are predictable because we have the ability to redirect subtle energy. With about 20 to 30 people present, I always ask how many are familiar with subtle energies. No one has ever raised their hand. And, why should they! It's only been within the last 30 to 40 years that Science discovered subtle energies and their role in manifesting human desire. It's only been within the last 10 years that this research and experimentation has been available to the general

public in books like Lynne McTaggart's The Intention Experiment or Dr. Tiller's Conscious Acts of Creation. As a matter of fact, it has only been this year (2013) that Dr. Peter Higgs won the Nobel Prize for his work on the God Particle. The first subtle energy particle ever found at the new CERN accelerator. With these discoveries and experiments on the redirection of subtle energy, Scientists believe that a new technology has been born. Significantly more powerful than electromagnetic energy, significantly more powerful than nuclear energy, subtle energy technology will bring about new ways for human populations to interact, and new ways to communicate. It will significantly change our health care industry and influence the movement towards world peace. Most interesting, are the time and space attributes of subtle energy that allow the human mind to predict the future and consequently win lotteries. In the science of Quantum Mechanics, experimenting at the level of subtle energy, scientists found that their observations were affecting the outcome of

the experiments. Somehow, the experimenter's consciousness was having an effect on our everyday reality of atoms and elements. This led to other experiments many concerning time displacement. As it turns out, subtle energy does not conform to the way you and I experience sequential time. Subtle energy is unbound by time and space - giving it predictive potential. A few daring researchers now understand subtle energy to be a vast field of potential energy supporting our everyday reality and somehow this energy is intimately interconnected with our minds. Consequently, at this stage of subtle energy technology research, researchers are studying ways that the mind can amplify subtle energies to manifest human desires for better health, wealth and abundance, world peace, lasting vitality, and prophetic vision. Dream a Lottery Win Tonight, specializes in the application of subtle energy and its prophetic vision attributes. We accomplish this by activating an energized intention near the mind's source of subtle energy.

In this way, we amplify the intention to win a lottery. Of course, we could amplify any intention including those for better health or world peace. We decided on lottery prediction not because it was easy but because it was difficult and because the results are quantitative not subjective. In developing the skill of prophetic vision to win a lottery, we use an energized intention activated as close to the mind's Source of subtle energy as possible. To get close to the Source, we use mantras. These mantras resonate frequencies that are specific to the results we seek. In this case, we use the Lakshmi Mantra, used since antiquity to enhance one's abilities at games of chance. Once close to the source, we activate an energized intention. The intention is energized with emotion and bright sense visualizations. We perform this meditation just before retiring enhancing our dreams allowing us to predict a winning number. In this way, we use subtle energies to win the lottery. Larry Vingelman

Createspace Independent Publishing Platform Do you want to know how to turn a game of chance into a game of skill? Winning the lottery is not just "dumb luck." Despite it being labeled as a completely random game, there are players who have won pots multiple times. These people are not born at a special time or have some gift given to them that allows them to win millions while you toss another losing ticket into the trash. The difference

between being a multi-time lottery winner and just another losing ticket is strategy and knowledge. A game should still be fun to play, but many people would agree, it is even more fun when you win! To win, skill and patience are often key traits, and thankfully both of which can be developed with time. While there is no magic pill or formula to guarantee a win, let alone a jackpot, playing smart can increase the odds of success. And as those odds continue to improve with the more skill and patience you develop, resulting in more rewards for you. This book, *Lottery*, is designed to give you access to the knowledge that few people understand or look to understand. The math behind the game is often intimidating, especially for those that have a fear of math from childhood. In this book, the math that is discussed is presented in a way to help clarify how it is used and why it is used so that you can make better choices for a lottery and numbers to play. After all, knowing common theories, strategies, and methods that already successful lottery winner's use can only be a benefit to future

success! In addition, tips and tactics are shared here to help make planning which lottery is the best bet, playing favored numbers, and protecting a win, big or small, easier, and ideally, even more enjoyable! Whether you want to be a professional lottery player or just improve the likelihood that your investment will pay back the money paid out to take this book as your guide. Put to use these ideas with understanding and keep playing. Do not get discouraged, use the losses to learn and improve (and as a tax break, but more on that is inside!). And always celebrate the wins, no matter the size. Get ready to win big with *Lottery*, providing tips for success such as: * Recognize how math and other factors can impact the odds of winning and how to move those odds in your favor. * Do not discard a ticket, a losing one or a winner. This is information can be used for tax purposes, and double checking draws. * Learn how to play the house's money to lower the financial risk of buying tickets. * Hear cautionary tales of why some strategies are best avoided. * Define common lottery terms

and why they are important. For example: o Pooling o Wheeling o Tracking o Game skipping o Odds and evens o Highs and lows * Understand how buying software can be smart or dangerous. Taking you by the hand and walking you through the forest of "Twin Digits", "Mates", "Doubles", "Mirrors" and "GT9 Values", leading lottery strategist Ama Maynu (alias SBIP999) has produced a comprehensive, no fluff, and no nonsense lottery manual for serious students of the Pick 3 Cash 4 Lottery Games. Whether you are a newbie or seasoned player, you will learn something new to catapult your game to the next level in this long-awaited Guide.

Guaranteed! Want to know which single pairs like to turn into doubles? Or the best time of the month to play your high payout triples and quads, or triples in the Pick 4? This Guide spills the beans from a leader in producing calendar-based lottery predictions. At least six (6) new SBIP999 previously unpublished lottery strategies are unveiled. In addition, you get exclusive insights into the Master Digit 9, which will make finding your pairs and trios as easy as 1-2-3. But, perhaps best of

all for Pick 4 Players especially, Maynu lets you in on a previously well-guarded secret on how to use "resistant versus non resistant" digits to win more in the Pick 4. This exclusive concept--discovered after years of study--is so basic, and works so well to find your pairs in the Pick 3 and your trios in the Pick 4, that you will wonder how you ever made a playlist without it. Tip #6 alone--which allows you to distinguish the different types of lottery combinations that fall in your non-computerized, mechanical ball drawings--is worth the price of admission to this Guide. This Chapter is so

important to your success in the Pick 4 that SBIP999 gives you four unique strategies to put it to use immediately. In the author's own words: "This Guide is the answer to many of my customers who have asked me repeatedly when I planned to publish my '12 Weeks to Pick 3 Mastery' Course which I have been threatening to do for years." But this book is better than such a course for two major reasons: number one, you get to go through the book at your own speed. And, number 2, you will not have to pay for it weekly or monthly, but it comes delivered with a one-off, one time price for all the

valuable lessons contained within." I learned so much while penning these winning tips based on proven number laws -- tips that can make a big difference in your game when you put them to good use. And, yes, I am thrilled at the new "JMIU Lottery Strategy" that was unveiled in the Bonus Chapter of the Guide! Can't wait to try it out in the Carolinas," Maynu said. Second Edition with slightly larger font for ease of reading. Order today and save \$9.99 off regular scheduled retail of \$39.96 during our introductory pricing special.
