Cambridge IGCSE® English As a Second Language: Sample Reports, Reviews, Articles, Emails and Summaries
 Hodder Education
 Up-to-date resources providing full coverage of Cambridge IGCSE® First Language English (0500 and 0522) for first examination in 2015. This updated, write-in Workbook can be used for independent learning, for homework tasks or revision. It contains text extracts from around the world with linked exercises for students to practise the skills they need for the Cambridge IGCSE. Exercises are grouped into 12 diverse units on cross-curricula topics which are not linked to the Coursebook themes, so students remain engaged in the

reading material. The Workbook has been completely updated in line with the new syllabus. It is particularly suitable for students who need additional support with language and grammar. A microsite provides free online resources to support the course. *IGCSE Biology* Cambridge University Press Endorsed by Cambridge International Examinations. Develop your students computational thinking and programming skills with complete coverage of the latest syllabus from experienced examiners and teachers. - Follows the order of the syllabus exactly, ensuring complete coverage - Introduces students to self-learning exercises, helping them learn how to use their knowledge in new scenarios Accompanying animation files of the key concepts are available to download

for free online. See the Quick Links to the left to access. This book covers the IGCSE (0478), O Level (2210) and US IGCSE entry (0473) syllabuses, which are for first examination 2015. It may also be a useful reference for students taking the new Computer Science AS level course (9608). *Cambridge IGCSE(TM) First Language English Exam Preparation and Practice* Oxford University Press, USA
 Please note this title is still being made available for students sitting their examinations in 2015. Our second edition supports the updated syllabus for first examination 2016. Textbook and free CD-ROM, endorsed by Cambridge International Examinations for the IGCSE syllabus in Information and Communication Technology (0417) for final examination 2015. - Written by experienced

examiners and teachers, who bring a wealth of theoretical knowledge and practical experience to both the book and the CD - Ensures that students are fully prepared for both the written theory paper as well as the two practical papers. - Each Section of the syllabus is fully covered in the text book, with clear explanations and plenty of tasks and activities. - The CD contains source files for the tasks and activities, as well as examination-style questions (with model answers) and a glossary.
