The Practical Guide to Patchwork

Harvest Books
K. M. Szpara follows his explosive debut novel *Docile* with *First, Become Ashes*, a fantastic standalone adventure that explores self-discovery after trauma and outgrowing abusive origins over the course of an American road trip. The Fellowship raised Lark to kill monsters. His partner betrayed them to the Feds. But Lark knows his magic is real, and he'll do anything to complete his quest. For thirty years, the Fellowship of the Anointed isolated its members, conditioning them to believe that pain is power. That magic is suffering. That the world beyond the fence has fallen prey to monsters. But when their leader is arrested, all her teachings

come into question. Those touched by the Fellowship face a choice: how will they adjust to the world they were taught to fear, and how will they relate to the cult's last crusader, Lark? For Kane, survival means rejecting the magic he and his lover suffered for. For Deryn, the cult's collapse is an opportunity to prove they are worth as much as their Anointed brother. For Calvin, Lark is the alluring embodiment of the magic he's been seeking his entire life. But for Lark, the Fellowship isn't over. Before he can begin to discover himself and heal a lifetime of traumas, he has a monster to slay. Passions and intrigues abound in this epic historical novel. Kagami follows three families in 19th Century Japan, the Yamamotos and the Okuras, traditionalists dedicated to the old feudal Samurai ways, and the commercial Fukudas, eager to seize trading opportunities opened up by the arrival of Commodore Perry's force in 1853. The Kagami, or sacred mirror, is said to reflect the secret self of anyone who looks into it; what will it reveal of Lady Masa, the gentle aristocrat; her son, Renzo, a student at one of the mysterious Seignorial schools, once Japan's only point of contact with the outside world; the swaggering Samurai, Kenichi, and his sharp witted friend, Fukuda; free-thinking Aiko, with her quick tongue, and Osen, the beguiling courtesan?

An unlikely friendship, a weathered family barn, and the quilt that wove them together... Gretchen Engel has a simple dream: open a craft store. But stuck on a shoestring budget and living in a barn on the edge of town, her time is spent turning rooms at the local B&B and helping her brothers haul firewood. Besides, she doesn't even know how to work a sewing machine. It's winter, and Liesel Hart needs a project. Single and over the hill, she's more likely to turn to the convent than to find a date for the Christmas tree lighting. But when her friend's daughter reaches out with questions about Liesel's favorite pastime, she sees a chance to reinvent herself... until a family secret comes knocking like the Ghost of Christmas Past. Becky, Fern, and Maggie are close friends and happy locals. But when Greta Houston moves to town, the women struggle with a sweet southern welcome. After all, three's company. Four's a crowd. Will the group of six find a place to patch together a cozy friendship? Or will they run out of hot cocoa first? Take a trip to the heart of America and fall in love with Hickory Grove's quirky residents who work hard, enjoy the simple life, and always put love first. So Many Thoughts on Royal Style St. Martin's Press

Dangerous. Wild. Reckless. Those were the words that passed through Serena Ward's mind at the moment Julian Raynor entered the gaming Hall. If anyone could penetrate Serena's disguise as a tart—and jeopardize the political fugitives she was delivering to freedom—it would surely be London's most notorious gamester. Yet when the militia storms the establishment in search of traitors, Raynor provides just the pretext Serena needs to escape to an upstairs bedroom. But Serena is playing with fire...and before the night is through she will find herself surrendering to the heat of unsuspected desires. Seductive. Fiery. Treacherous. She had used him for her own scheming purposes, then thrown his

generous proposition back in his face.

Julian Raynor, a man who had ruthlessly enjoyed his share of women, did not much care to have the tables turned on him. And when he discovered that the passionate beauty who had played his wonton prisoner in bed was none other than Serena Ward, the proud daughter of his bitterest enemy, he saw his chance for revenge—not only on the man who had single-handedly destroyed his family but on the woman who haunted his dreams.

A Read with Jenna Today Show Book Club Pick! "A thrilling debut that deserves your attention." –Ron Charles, the Washington Post
Written with the haunting emotional power of Elizabeth Strout and Barbara Kingsolver, an astonishing debut novel that explores the lingering effects of a brutal crime on the women of one small Texas oil town in the 1970s, longlisted for the Center for Fiction First Novel Prize and the VCU Cabell First Novel Award. Mercy is hard in a place like this . . . It's February 1976, and Odessa, Texas, stands on the cusp of the next great oil boom. While the town's men embrace the coming prosperity, its women intimately know and fear the violence that always seems to follow. In the early hours of the morning after Valentine's Day, fourteen-year-old Gloria Ramírez appears on the front porch of Mary Rose Whitehead's ranch house, broken and barely alive. The teenager had been viciously attacked in a nearby oil field—an act of brutality that is tried in the churches and barrooms of Odessa before it can reach a court of law. When justice is evasive, the stage is set for a showdown with potentially devastating consequences. Valentine is a haunting exploration of the intersections of violence and race, class and region in a story that plumbs the depths of darkness and fear, yet offers a window into beauty and hope. Told through the alternating points of view of indelible characters who burrow deep in the reader's heart, this fierce, unflinching, and surprisingly tender novel illuminates women's strength and vulnerability, and reminds us that it is the stories we tell ourselves that keep us alive.

WINNER OF THE PULITZER PRIZE • THE EMMY AWARD-WINNING HBO MINISERIES STARRING FRANCES MCDORMAND, RICHARD JENKINS, AND BILL MURRAY
In a voice more powerful and compassionate than ever before, New York Times bestselling author Elizabeth Strout binds together thirteen rich, luminous narratives into a book with the heft of a novel,

through the presence of one larger-than-life, unforgettable character: Olive Kitteridge. At the edge of the continent, Crosby, Maine, may seem like nowhere, but seen through this brilliant writer's eyes, it's in essence the whole world, and the lives that are lived there are filled with all of the grand human drama—desire, despair, jealousy, hope, and love. At times stern, at other times patient, at times perceptive, at other times in sad denial, Olive Kitteridge, a retired schoolteacher, deplores the changes in her little town and in the world at large, but she doesn't always recognize the changes in those around her: a lounge musician haunted by a past romance: a former student who has lost the will to live: Olive's own adult child, who feels tyrannized by her irrational sensitivities; and Henry, who finds his loyalty to his marriage both a blessing and a curse. As the townspeople grapple with their problems, mild and dire, Olive is brought to a deeper understanding of herself and her life—sometimes painfully, but always with ruthless honesty. Olive Kitteridge offers profound insights into the human condition—its conflicts, its tragedies and joys, and the endurance it requires. Create This Book Grand Central Pub "Travel is no longer a past-time but a colossal industry, arguably one of the biggest in the world and second only to oil in importance for many poor countries. One out of 12 people in the world are employed by the tourism industry which contributes \$6.5 trillion to the world's economy. To investigate the size and effect of this new industry, Elizabeth Becker traveled the globe. She speaks to the Minister of Tourism of Zambia who thinks licensing foreigners to kill wild animals is a good way to make money and then to a Zambian travel guide who takes her to see the rare endangered sable antelope. She travels to Venice where community groups are fighting to stop the tourism industry from pushing them out of their homes, to France where officials have made tourism their number one industry to save their cultural heritage; and on cruises speaking to waiters who earn \$60 a month--then on to Miami to interview their CEO. Becker's sharp depiction reveals travel as a product; nations as stewards. Seeing the tourism industry from the inside out, the world offers a dizzying range of travel options but very few quiet getaways"--

A White Space Novel A Patch of Blue NATIONAL BESTSELLER • The Pulitzer Prize-winning author of *The Sixth Extinction* returns to humanity's transformative impact on the environment, now asking: After doing so much damage, can we change nature, this time to save it? RECOMMENDED BY PRESIDENT OBAMA AND BILL GATES • SHORTLISTED FOR THE WAINWRIGHT PRIZE FOR WRITING • ONE OF THE TEN BEST BOOKS OF THE YEAR: The Washington Post • ONE OF THE BEST BOOKS OF THE YEAR: Time, Esquire, Smithsonian Magazine, Vulture, Publishers Weekly, Kirkus Reviews, Library Journal • "Beautifully and insistently, Kolbert shows us that it is time to think radically about the ways we manage the environment."—Helen Macdonald, The New York Times That man should have dominion "over all the earth, and over every creeping thing that creepeth upon the earth" is a prophecy that has hardened into fact. So pervasive are human impacts on the planet that it's said we live in a new geological epoch: the Anthropocene. In *Under a White Sky*, Elizabeth Kolbert takes a hard look at the new world we are creating. Along the way, she meets biologists who are trying to preserve the world's rarest fish, which lives in a single tiny pool in the middle of the Mojave; engineers who are turning carbon emissions to stone in Iceland; Australian researchers who are trying to develop a "super coral" that can survive on a hotter globe; and physicists who are contemplating shooting tiny diamonds into the stratosphere to cool the earth. One way to look at human civilization, says Kolbert, is as a ten-thousand-year exercise in defying nature. In *The Sixth Extinction*, she explored the ways in which our capacity for destruction has reshaped the natural world. Now she examines how the very sorts of interventions that have imperiled our planet are increasingly seen as the only hope for its salvation. By turns inspiring, terrifying, and darkly comic, *Under a White Sky* is an utterly original examination of the challenges we face. *The Story of Australian Writer Elizabeth Kata and Her Book: A Patch of Blue* Macmillan
