Kenner kicks off a smoking hot, emotionally compelling trilogy that returns to the world of her beloved Stark novels: Release Me, Claim Me, and Complete Me. Say My Name features Jackson Steele, a strong-willed man who goes after what he wants, and Sylvia Brooks, a disciplined woman who's hard to get—and exactly who Jackson needs. I never let anyone get too close—but he's the only man who's ever made me feel alive. Meeting Jackson Steele was a shock to my senses. Confident and commanding, he could take charge of any room . . . or any woman. And Jackson wanted me. The mere sight of him took my breath away, and his touch made me break all my rules. Our bond was immediate, our passion untamed. I wanted to surrender completely to his kiss, but I couldn't risk his knowing the truth about my past. Yet Jackson carried secrets too, and in our desire we found our escape, pushing our boundaries as far as they could go. Learning to trust is never easy. In my mind, I knew I should run. But in my heart, I never felt a fire this strong—and it could either save me or scorch me forever. Praise for Say My Name "Readers who need more of Kenner's racy, sizzling Stark novels will delight in this new series, set in the same decadent, lavish world. . . . Kenner has crafted a hero whose compassion is remarkable, and who is strong enough not only to apologize and to change, but to offer her the kind of love she wants and needs, as well. . . . Fans of dark, intense and emotionally scorching romances will surely adore this series opener."—RT Book Reviews "It's a heady mix of love and intrigue, and Kenner continues to deliver a knockout experience that made me long for the next book even as I was more than satisfied with this story's ending.

To say more would give too much away, and I encourage everyone who loved the original Stark trilogy to read *Say My Name* to find out what's there for themselves."—The Romance Evangelist "J. Kenner has given us one hell of a story with this start to the Stark International series. And if anyone can give Damien Stark a run for his money, it's Jackson Steele."—Cocktails and Books "If you enjoyed the Stark novels, you are going to love *Say My Name!*"—Reading Keeps Me Sane

**Still the One** Hachette UK

From two bestselling authors—the first in a deliciously bold new series that takes readers to the most dangerous edge of desire . . . Nikolai: I have been a contract killer since I was a boy. For years

I savored the fear caused by my name, the trembling at the sight of my tattoos. The stars on my knees, the marks on my fingers, the dagger in my neck, all spoke of danger. If you saw my eyes, it was the last vision you'd have. I have ever been the hunter, never the prey. With her, I am the mark and I am ready to lie down and let her capture me. Opening my small, scarred heart to her brings out my enemies. I will carry out one last hit, but if they hurt her, I will bring the world down around their ears. Daisy: I've been sheltered from the outside world all my life. Home-schooled and farm-raised, I'm so naive that my best friend calls me Pollyanna. I like to believe the best about people. Nikolai is part of this new life, and he's terrifying to me. Not because his eyes are cold or my friend warns me away from him, but because he's the only man who has ever seen the real me beneath the awkwardness. With him, my heart is at risk . . . and also, my life.

**Reginald Bones** Gemma James

*Fish, Blood and Bone* is Leslie Forbes' brilliant second novel. When Claire Fleetwood, a young American forensic photographer, inherits a large house and garden in London's East End from relatives she never knew she had, she imagines it will be a slice of the English dream. But after the brutal murder of her best friend Sally Rivers, Claire learns that her inheritance involves more than she wanted or bargained for. Desperate to find a motive for her friend's death, or at least someone to blame for the things that can befall ordinary people, Claire is impelled to join a scientific expedition led by her cousin Jack Ironstone, one of the men she suspects of being responsible for Sally's murder. Her journey leads from Jack the Ripper's claustrophobic Whitechapel to the Fleetwoods' murky roots in India's opium trade and the wild 'paradise' valleys of Tibet. It parallels a route taken during Britain's great 19th-century triangulation of the Himalayas by Claire's distant relative Magda Ironstone and a mysterious Indian botanist. As Claire painstakingly reconstructs a triangular love affair she imagines took place, the contemporary story is overtaken to deadly effect by Magda's. Written with all the sophistication and intelligence that was so dazzling in *Bombay Ice*, in *Fish, Blood and Bone* Leslie Forbes weaves together a mysterious story of three families, a love affair and a series of murders into a wonderfully haunting novel about hidden pasts and forgotten crimes.
