Shorebirds of North America, Europe, and Asia: A Photographic Guide: Chandler, Richard: Amazon.sg: Books Shorebirds of North America, Europe, and Asia: A ... Shorebirds of North America, Europe, and Asia is an illustrated guide to all 134 shorebird species found in the Northern Hemisphere, written by one of the world's leading shorebird experts. It features more than 850 stunning color photographs and a color distribution map for every species. Shorebirds of North America, Europe, and Asia: A ... The magic of Shorebirds of North America, Europe, and Asia lies in how the procession of northern hemisphere shorebirds plays out, a continuum that blends American into European into Asian species until at last one understands the bigger picture of birds of the shore. I'm not sure how

invested Richard Chandler is in my personal enlightenment but he's definitely enhanced my understanding of a rather recondite selection of species.
