Unveiled is

Ethan's story of Darkness Unchained (Sky Brooks, Book 2). New scenes have been added. Reading Darkness Unchained is recommended, but not required. Out of My Mind Sky Brooks World: Ethan The only thing standing between me and death is my secret. I'm a Legacy-a secret I'd planned on taking to my grave. Gareth, the enigmatic leader of the Supernatural Guild, knows it, but can I

trust him to keep it? When mysterious deaths occur as a result of magic that mimics my own, I no longer have to worry about Gareth exposing me - it will be one of my own that does. Another Legacy is causing the chaos, and I'm forced to hunt my own kind. It seems simple, but we've existed for as long as we have because we're better hunters than prey. I'm forced to work with Gareth to clear my

name and find the Legacy responsible. Not only is my secret about to be revealed-so is his. Gareth is much more dangerous than I expected. Is he my friend or my enemy? Sword and Citadel Sky Publishing LLC Dennis Lehane meets Megan Miranda in this "dark beauty of a novel" (William Kent Krueger, New York Times bestselling author) about the first female sheriff in rural Bad Axe County, Wisconsin, as

she searches for a missing girl, battles local drug dealers, and seeks the truth about the death of her parents twenty years ago—all as a winter storm rages in her embattled community. Fifteen years ago, Heidi White’s parents were shot to death on their Bad Axe County farm. The police declared it a murder-suicide and closed the case. But that night, Heidi found the one clue she knew

could lead to the truth—if only the investigators would listen. Now Heidi White is Heidi Kick, wife of local baseball legend Harley Kick and mother of three small children. She’s also the interim sheriff in Bad Axe. Half the county wants Heidi elected but the other half will do anything to keep her out of law enforcement. And as a deadly ice storm makes its way to Bad Axe, tensions rise and long-

buried secrets climb to the surface. As freezing rain washes out roads and rivers flood their banks, Heidi finds herself on the trail of a missing teenaged girl. Clues lead her down twisted paths to backwoods stag parties, derelict dairy farms, and the local salvage yard—where the body of a different teenage girl has been carefully hidden for a decade. As the storm rages on, Heidi realizes

that someone is planting clues for her to find, leading her to some unpleasant truths that point to the local baseball team and a legendary game her husband pitched years ago. With a murder to solve, a missing girl to save, and a monster to bring to justice, Heidi is on the cusp of shaking her community to its core—and finding out what really happened the night her parents died.

With “striking prose, engaging characters, and a searing story of crimes rooted in the heartland,” Bad Axe County is a “darkly irresistible thriller” (Kirkus Reviews, starred review) that you won’t be able to put down.

A senseless slaughter leads Lucas Davenport down a twisted path in this thriller

from the #1 New York Times bestselling author. Lucas Davenport has seen many terrible murder scenes. This is one of the worst. In the Minnesota town of Wayzata, an entire family has been killed—husband, wife, two kids, dogs. On the wall, in blood: “Were coming.” No apostrophe. There’s something about the scene that tugs at Lucas’s cop instincts—it looks an awful

The Midwest Pack stands together -and they might fall together. The denizens of the otherworld have always hidden their existence from humans, but when a video of a

were-animal in a violent confrontation goes viral, they must take drastic measures to protect themselves. Alliances are broken and friendships strained as were-animals, vampires, witches, and elves all work to protect their own interests. When a group of humans backed by an old enemy sets out to expose the pack's existence, it becomes increasingly difficult for them to

remain undiscovered. Having more secrets than just their existence, the Midwest Pack has drawn the attention of a threat greater than their exposure to humankind. As the world around them unravels, Sky, Ethan, and Josh must confront the dangerous consequences of their own secrets. When all are revealed, will any of them survive?

The critically acclaimed, award-

winning, modern classic Speak is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will

talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

"Skylar barely understands what she is, and her introduction to the supernatural world is terrifying. In her eyes, werewolves are no different than the vampires who killed her mother. than she seems -- a werewolf who can wield magic in previously unknown and dangerous ways. The list of Skylar's enemies grows, and some in the pack want to kill her to prevent a larger catastrophe. Skylar's death came not at the end, after a long fulfilling existence, not in the middle, as a result of an untimely tragic event-- but at the beginning, with her birth. As a final effort to save her dying unborn child, Skylar's pregnant mother, a witch, sacrificed herself by invoking a powerful spirit shade to inhabit Skylar's body, imbuing her with life. For twenty-three years, Skylar lived a life of

oblivion, content with her simple job, loving adoptive mother and the monthly inconvenience of a full moon hangover after being sedated and caged when she changed into a wolf. It wasn't exciting but it was her life until one night, she woke up in a strange room in the middle of rural Illinois--bruised and with jumbled memories of her mother's death from a vampire attack. The

Midwest pack comes to her rescue. Known for being more ruthless than altruistic, she doesn't know if she can trust them. But after an assassination attempt by a necromancer, an abduction attempt by a mercenary, and more aggressive and violent attacks by the vampires, she has no other choice but to accept their help. The Midwest pack quickly discover that Skylar is the host to a spirit shade, who gives her

magical abilities, that make her as much of a danger as an asset and that she is the key to the vampires' plan to perform a ritual that will give them unrestricted power. Tension rises as the pack become divided between those who think her life is worth protecting as a potential ally and those who believe she is too dangerous to live. In the end, Skylar finds herself fighting for her life—a life

that may be tragically taken too soon. Sky Brooks

off to Temt Tchaas Academy also known as Neteru Academy, a high school for future Guardians of the Light who have special powers, but she has to go there with her cocky twin brother and the rest of her compound brothers and sisters. To make matters worse, everyone has ridiculous expectations of her all because her parents are like supernatural rock stars for saving the

But what nobody, not even her best girlfriend Tami seems to be getting is the fact that, Sarah doesn't think she's special, doesn't want to be a demon-hunting hero, and is even afraid of the dark! So what that her mother was a Warrior Angel and her Dad used to be a Hell Council-level Vampire? Opposites attract. Go figure. As far as Sarah is concerned, all she got from the

combination was a pair of fangs that lengthen at inappropriate times to embarrass her in front of her secret crush; whereas her brother, Alejandro, got the good looks and cool wings. However, what her parents' status has created is drama in her life by ensuring that the mean girls at school will make her life a living nightmare. Sarah knows her family's renowned slayer

reputation will also ensure that everyone at school will assume she had it easy and should be able to do everything her famous rebel parents can do, when the heartbreaking truth is, she can't. Not by a long shot. Once at the hidden boarding school in the Appalachian Mountains, things go from bad to worse as Sarah tries to fit in. Her nightmares increase and it isn't just anxiety; her second sight is suddenly

developing at a record pace. Layers of secrets are held in the building, held by her parents, and nothing is as it seems. There is something really bad going on at the school, worse than bad - deadly. Only, faculty and administrators don't know where to begin to look for the cause as students start to disappear. Sarah must then make a choice to stand on the sidelines or to help use her

gifts to save someone dear. But to do that means facing all of her greatest fears, along with a demon or two.
