Lee's Lieutenants: A Study
in Command is the most
colorful and popular of
Douglas Southall
Freeman's works. A
sweeping narrative that
presents a multiple
biography against the
flame-shot background of
the American Civil War, it
is the story of the great
figures of the Army of
Northern Virginia who
fought under Robert E.
Lee. The Confederacy won
resounding victories

throughout the war, but seldom easily or without tremendous casualties. Death was always on the heels of fame, but the men who commanded -- among them Jackson, Longstreet, and Ewell -- developed as leaders and men. Lee's *Lieutenants* follows these men to the costly battle at Gettysburg, through the deepening twilight of the South's declining military might, and finally to the collapse of Lee's command and his formal surrender in 1865. To his unparalleled descriptions

of men and operations, Dr. Freeman adds an insightful analysis of the lessons learned and their bearing upon the future military development of the nation. Accessible at last in a one-volume edition abridged by noted Civil War historian Stephen W. Sears, Lee's *Lieutenants* is essential reading for all Civil War buffs, students of war, and admirers of the historian's art as practiced at its very highest level. *Faith of Our Families*

The height of Mt. Everest

was first measured in 1850, but the closest any westerner got to Everest during the next 71 years, until 1921, was 40 miles. The *Hunt for Mt. Everest* tells the story of the 71-year quest to find the world's highest mountain. It's a tale of high drama, of larger-than-life characters-George Everest, Francis Younghusband, George Mallory, Lord Curzon, Edward Whymper-and a few quiet heroes: Alexander Kellas, the 13th Dalai Lama, Charles Bell. A story that traverses the

Alps, the Himalayas, Nepal and Tibet, the British Empire (especially British India and the Raj), the Anglo-Russian rivalry known as The Great Game, the disastrous First Afghan War, and the phenomenal Survey of India - it is far bigger than simply the tallest mountain in the world. Encountering spies, war, political intrigues, and hundreds of mules, camels, bullocks, yaks, and two zebrules, Craig Storti uncovers the fascinating and still largely overlooked saga of

all that led up to that moment in late June of 1921 when two English climbers, George Mallory and Guy Bullock, became the first westerners-and almost certainly the first human beings-to set foot on Mt. Everest and thereby claimed the last remaining major prize in the history of exploration. With 2021 bringing the 100th anniversary of that year, most Everest chronicles have dealt with the climbing history of the mountain, with all that happened after 1921. The Hunt for Mt. Everest is the

seldom-told story of all that happened before. *The Horse Dancer* Penguin Framed within basic marketing principles, Marketing for Tourism, Hospitality & Events highlights the global shift in tourism demographics today, placing a particular emphasis on the role of digital technology and its impact on travel products and services. Covering developments across a broad range of topics such as contemporary tourism marketing, understanding today's consumer, and the

importance of public relations and personal selling, key industry changes are captured throughout the text. 'Lessons from a Marketing Guru' feature personal insights from real world practitioners, and 'Digital Spotlights' highlight the ways in which social media and the Internet have transformed tourism, hospitality and events the world over. These features are further enhanced by 'Marketing in Action' case-studies in each chapter that highlight the international

realities of tourism, hospitality and events marketing in practice. These include: Spiritual Tourism in Tamil Nadu, India Social media listening at Marriott's headquarters in Hong Kong The Deer Hunt Festival in Winneba, Ghana Music-themed hotels in Prague, Amsterdam, Berlin and Mexico The promotion of Hawaii through film and television Dark Tourism in Vietnam The book is complemented by a companion website featuring a range of tools

and resources for lecturers and students, including PowerPoint slides, an instructor manual, a test bank of multiple choice questions and author-curated video links to make the examples in each chapter come to life. Ideal for undergraduate and postgraduate students looking for an introductory text to marketing for tourism, hospitality and events. [An Evidence-based Approach](#) John Wiley & Sons A fascinating and

powerful story that illustrates how to enlist, recognize, and trust inspired ideas for remarkable results. Follow Richard and Felicity who are at the end of their financial rope, Morgan who needs a medical miracle for his son, and Ray who needs to find \$4.5 million dollars by Wednesday as they each discover their portals to genius.  The book presents a critical framework for assessing whether organisational practice

and function reinforces unseen potential differences amongst individuals in the workplace. It offers a comprehensive understanding and awareness of managerial and organisational practices that perpetuate social exclusion and discrimination towards individuals in the workplace. The book draws together themes of non-declared medical or physical conditions, voluntary and involuntary disclosure of difference, dietary requirements,

lifestyle, organisational engagement and cognitive bias. As a result, the book provides a unique blend of scholarly and professional research, and brings those who have been affected by social stigmas and discrimination in the workplace to the fore. *Hidden Inequalities in the Workplace* also offers practical and strategic insights for practitioners, students and policy-makers, and delves the strategic nature of policy intervention and thought-provoking dialogue

It's Not What You Say, It's What People Hear Cengage Learning 'My dear, I don't give a damn.' Margaret Mitchell's page-turning, sweeping American epic has been a classic for over eighty years. Beloved and thought by many to be the greatest of the American novels, *Gone with the Wind* is a story of love, hope and loss set against the tense historical background of the American Civil War. The lovers at the novel's centre - the selfish, privileged Scarlett O'Hara

and rakish Rhett Butler - are magnetic: pulling readers into the tangled narrative of a struggle to survive that cannot be forgotten. From the author of Alexander Hamilton, the New York Times bestselling biography that inspired the musical, comes a gripping portrait of the first president of the United States. Winner

of the 2011 Pulitzer Prize for Biography “Truly magnificent . . . [a] well-researched, well-written and absolutely definitive biography” —Andrew Roberts, *The Wall Street Journal* “Until recently, I’d never believed that there could be such a thing as a truly gripping biography of George Washington . . . Well, I was wrong. I can’t recommend it highly enough—as history, as epic, and, not least, as entertainment.” —Hendrik Hertzberg, *The New Yorker* Celebrated biographer Ron Chernow

provides a richly nuanced portrait of the father of our nation and the first president of the United States. With a breadth and depth matched by no other one volume biography of George Washington, this crisply paced narrative carries the reader through his adventurous early years, his heroic exploits with the Continental Army during the Revolutionary War, his presiding over the Constitutional Convention, and his magnificent performance as America's first

also features George Washington, Thomas Jefferson, James Madison, Aaron Burr, Lafayette, and many more.

Jedediah Hotchkiss,
Stonewall Jackson's
renowned mapmaker,

expressed the feelings of many contemporaries when he declared that Robert Rodes was the best division commander in the Army of Northern Virginia. This well-deserved accolade is all the more remarkable considering that Rodes, a graduate of the Virginia Military Institute and a prewar railroad engineer, was one of a very few officers in Lee's army to rise so high without the benefit of a West Point education. Major General Robert E. Rodes of the Army of Northern Virginia:

A Biography, is the first deeply researched scholarly biography on this remarkable Confederate officer. From First Manassas in 1861 to Third Winchester in 1864, Rodes served in all the great battles and campaigns of the legendary Army of Northern Virginia. He quickly earned a reputation as a courageous and inspiring leader who delivered hard-hitting attacks and rock steady defensive efforts. His greatest moment came at

Chancellorsville in the spring of 1863, when he spearheaded Stonewall Jackson's famous flank attack that crushed the left wing of General Hooker's Army of the Potomac. Rodes began the conflict with a deep yearning for recognition and glory, coupled with an indifferent attitude toward religion and salvation. When he was killed at the height of his glorious career at Third Winchester on September 19, 1864, a trove of prayer books and testaments were found on

his corpse. Based upon exhaustive new research, Darrell Collins's new biography breathes life into a heretofore largely overlooked Southern soldier. Although Rodes' widow consigned his personal papers to the flames after the war, Collins has uncovered a substantial amount of firsthand information to complete this compelling portrait of one of Robert E. Lee's most dependable field generals. Darrell L. Collins is the author of several books on the Civil War, including General

William Averell's Salem Raid: Breaking the Knoxville Supply Line (1999) and Jackson's Valley Campaign: The Battles of Cross Keys and Port Republic (The Virginia Civil War Battles and Leaders Series, 1993). A native of Ann Arbor, Michigan, Darrell and his wife Judith recently relocated to Conifer, Colorado.

"Mr. Vonnegut dreams up diabolically elegant business crimes, then sends smart-talking characters to follow the money. He draws upon his

own Wall Street experience (with Morgan Stanley, among other employers) to provide the sound of insider acumen.... There's enough novelty to this plot to set "The Trust" apart from garden-variety business thrillers, the ones in which Bernard Madoff stand-ins run Ponzi schemes. Anyway, Mr. Vonnegut is just getting started." -The New York Times Norb Vonnegut lends his unique insider's perspective and his darkly humorous writing to a fast-talking suspense

thriller that takes readers inside the high-rolling world of global finance. One sultry morning in Charleston, South Carolina, real estate magnate Palmer Kincaid's body washes ashore, the apparent victim of accidental drowning. Palmer's daughter calls Grove O'Rourke, stockbroker and hero of Top Producer, for help getting her family's affairs in order. Palmer was Grove's mentor and client, the guy who opened doors to a world beyond Charleston. Grove steps in

as the interim head of the Palmetto Foundation, an organization Palmer created to encourage philanthropy. Community foundations, like the Palmetto Foundation, are conduits. Philanthropists gift money to them and propose the ultimate beneficiaries. But in exchange for miscellaneous benefits-anonymity, investment services, and favorable tax treatment-donors lose absolute control. Once funds arrive, community foundations can do whatever they decide. For

years Palmer showed great sensitivity to his donors, honoring their wishes to funnel funds into the charities of their choice-his unspoken pledge-and it was this largesse which made him a respected pillar of the Charleston community. But after Grove authorizes a \$25 million transfer requested by a priest from the Catholic Fund, he discovers something is terribly wrong. He gets a call from Biscuit Hughes, a lawyer representing the people of Fayetteville, North Carolina, against a

new sex superstore in their town. Biscuit has traced the store's funding to a most unlikely source: the Catholic Fund. Together, Grove and Biscuit launch an investigation into the fund, but the deeper they dig, the more evidence they find that the fund's money isn't being used to support the impoverished-it's going somewhere much more sinister. When someone close to him disappears and the FBI starts breathing down his neck, Grove knows he has to figure out who's pulling

all the strings before the shadowy figure who will stop at nothing to keep the fund a secret gets to him.
