The Americans: Reconstruction to the 21st Century Chapter ...During the 1870s, many Republicans retreated from both the racial egalitarianism and the broad definition of federal power spawned by the Civil War. Southern corruption and instability, Reconstruction's critics argued, stemmed from the exclusion of the region's "best men"—the planters—from power. As Northern Republicans became more conservative, Reconstruction came to symbolize a misguided attempt to uplift the lower classes of society. and Impacts of American Reconstruction  
 The key goals of Reconstruction were to readmit the South into the Union and to define the status of freedmen in American society. The Reconstruction era was marked by political, not violent, conflict. Some historical myths are that the South was victimized by Reconstruction, and that the various plans of Reconstruction were corrupt and unjust. Actually, the plans were quite lenient, enforcing military rule for only a short period.

 The Southern governments established by the South during the Reconstruction included African-Americans, the so-called carpetbaggers and the scalawags, who took control of the region. The law also provided for the reestablishment of Southern governments on the principle of universal male suffrage. But the reconstruction of a new nation was still not over. White women refused

to give up their seat at the national table when black men had taken theirs. "The civil war came to an end, leaving the slave not only emancipated, but endowed with the full dignity of citizenship," Boston reformer Julia Ward Howe recalled.
