HEZEKIAH TURNER

Case Studies in Semitic and Romance Languages Harvard University Press

The new book from the winner of the inaugural International Man Booker Prize is a modern-day love story of powerful obsession set against the background of dark political intrigue. On the autobahn in Vienna a taxi leaves the carriageway and strikes the crash barrier, flinging its male and female passengers out of its back doors as it spins through the air. The driver cannot explain why he lost control; he only says that the mysterious couple in the back seat seemed to be about to kiss . . . Set against the tumultuous backdrop of war and its aftermath in the Balkans, *The Accident* intimately documents an affair between two people caught in each other's webs. The investigation into their deaths uncovers a mutually destructive obsession that mirrors the conflicts of the region. A destabilizing mixture of vivid hallucination and cold reality, Ismail Kadare's new novel is a bold and fascinating departure.

Rules of All the Basic Games and Popular Variations Seren Books/Poetry Wales PressLtd

"THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament." "It provides deep insights into the ancient society of the Albanians, their somber dignity & their magnificent sense of honor."--David Binder, The New York Times. "This legal system was established & passed on to future generations as a common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg." "The 'Besa' or the 'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression."--Victor Meier, The Frankfurter Allgemeine Zeitung. "The legal Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice." "The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man- his honor, home, & life."--Ismail Kadare, Albanian writer.

Mind in Society Walter de Gruyter GmbH & Co KG

On Dec. 13, 1981 Mehmet Shehu, a man who was number two in the Albanian government, was killed. Was it murder or suicide? Many different politicians in the country might stand to gain from this death. A wonderful analysis of dictatorship and communistic government.

When optimistic orphan Pollyanna is sent to live with her stern Aunt Polly in the dismal town of Beldingsville, the sweet-natured eleven year old relies on "the Glad Game" to boost her spirits. The Glad Game—which involves looking for the silver lining in every situation—allows her to remain cheerful no matter how coldly and harshly her aunt treats her. Pollyanna teaches the town's residents how to be glad, too, and her sunny outlook soon reanimates the town. Not even strict Aunt Polly is entirely immune to Pollyanna's infectious charm. But when misfortune strikes, Pollyanna will find her irrepressible optimism put to the test. This is an unabridged version of the heartwarming children's tale by American author Eleanor H. Porter, first published in 1913.

Guerilla i Albanien under 2.verdenskrig især i årene 1943-45. De albanske styrker var støttet af engelske kommandotropper.

[The Ghost Rider](#) Franklin Classics Trade Press

Traditionally, legal problems arising in connection with international business transactions had to be solved by a national law. This view was challenged in post war scholarly writing and transnational practice. It was argued that transnational rules (such as transnational contracts, general conditions, trade usages, general principles, uniform rules, arbitral cases) should be applied instead. Often, these transnational rules are referred to as *lex mercatoria*. This volume analyzes the different legal approaches to international business problems (including the theory of *lex mercatoria*) as well as their implications for international practice. As such, the relevance and importance of substantive law and conflict of laws and of national, international and transnational rules are discussed both with regard to their application by national courts and by international commercial arbitrators.

Learn how to: Choose the perfect camera Use light and flashes for optimum effect Download and transfer images Compress images and post photos online Create personalized gifts like calendars Whether you're a novice photographer or a budding professional, this indispensable guide shows you how to capture the perfect shot-every time! Rick deGaris Doble is an award-winning photographer with nearly 40 years of photography experience. His site, [www.RickDoble.net](#), receives 150,000 unique hits per year and his popular 600-photo "painting with light" section was ranked #2 in Google searches. Doble has been working with computer-related digital imagery for the past 22 years and, for the past 14, he has taught photography courses at institutions like Duke University. He lives in Smyrna, North Carolina.

[A Study in Guerilla War](#) Harper Collins

An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doroutine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

[Poems](#) Lulu.com

The National Book Critics Circle Award-winning author delivers a collection of essays that serve as the perfect "antidote to mansplaining" (*The Stranger*). In her comic, scathing essay "Men Explain Things to Me," Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don't, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note—because the ultimate problem is the silencing of women who have something to say, including those saying things like, "He's trying to kill me!" This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf's embrace of mystery, of not knowing, of

doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. "In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized." —The New York Times "Essential feminist reading." —The New Republic "This slim book hums with power and wit." —Boston Globe "Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers the conversation on feminism and contemporary society." —San Francisco Chronicle "Essential." —Marketplace "Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions." —Salon

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. NOTE: Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for the Enhanced Pearson eText may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. This package includes the Enhanced Pearson eText with MyEducationLab and the loose-leaf version The Fourth Edition of Marilyn Friend's *Special Education: Contemporary Perspectives for School Professionals* gives the most authentic, current, research-based introductory account on the field of special education to date. Advocating real teachers, real families and students, real classrooms, and real research, this comprehensive resource emphasizes contemporary concepts and evidence-based practices that prepare teachers and other education professionals for their evolving roles in education and the well-being of students with disabilities. Combining current research with practical information, the text offers structure and predictability for novices to the field of special education and for educators working in this challenging age of high standards and accountability. Thoroughly revised and updated and throughout to provide a multi-dimensional view of the field, with a mix of key concepts and immediately applicable information, the new edition emphasizes: the specific disability areas, the historical background and characteristics of special education students, prevalence data, assessment, service delivery, research-based instructional practices, parent perspectives, issues related to the disability area, curriculum access, inclusive practices, professional collaboration, student diversity, RTI, technological advancements, and now the text is written to reach a broader range of professionals working in the field. Because special education is made up of real children and real professionals, the author helps to put a "face" on the field to enliven and authenticate the information for novices. Each chapter features stories of individuals with disabilities, from the parents of children with disabilities, and from professionals who work in the field. Readers of this truly exceptional resource will come away with the best understanding of the expectations for educators and students, and learn how critical concepts translate into educational practices. The Enhanced Pearson eText features embedded video. Improve mastery and retention with the Enhanced Pearson eText The Enhanced Pearson eText with MyEducationLab provides a rich, interactive learning environment designed to improve student mastery of content. The Enhanced Pearson eText is: Engaging. The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning experience. Convenient. Enjoy instant online access from your computer or download the Pearson eText App to read on or offline on your iPad® and Android® tablet.* Affordable. Experience the advantages of the Enhanced Pearson eText along with all the benefits of print for 40% to 50% less than a print bound book. *The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later.

[Essays](#) Jessica Kingsley Publishers

Published in association with Save the Children Priscilla Alderson examines the often overlooked issue of the rights of young children, starting with the question of how the 1989 UN Convention on the Rights of the Child applies to the youngest children, from birth to eight years of age. The question of finding a balance between young children's rights to protection, to provision (resources and services) and to participation (expressing their views, being responsible) is discussed. The author suggests that, in the belief we are looking after their best interests, we have become overprotective of children and deny them the freedom to be expressive, creative and active, and that improving the way adults and children communicate is the best way of redressing that balance. This second edition has been updated and expanded to include the relevance of UNCRC rights of premature babies, international examples such as the Chinese one-child policy, children's influence on regional policies, and the influence on young children's lives of policies such as Every

Child Matters and those of the World Bank, IMF, OECD and UNICEF. This readable, informative and thought-provoking book is a compelling invitation to rethink our attitudes to young children's rights in the light of new theories, research and practical evidence about children's daily lives. It will be of interest to anyone who works with young children.

[Advances in Distribution Theory, Order Statistics, and Inference](#) Springer Science & Business Media This collection of 1,001 English idioms is a highly useful tool for students of the English language.

The Idioms are divided into eighteen relevant topics: Food, Body, Animals, Money, Comparison, Nature, Colors, Numbers, Love and War, Clothes, Home, Work, World, School, Sports, People, and Country. Each unit consists of a wide selection of idioms that are explained and used in great examples to clearly illustrate the true point of each idiom. Each unit is followed by practice exercises to help the students reinforce the use and meaning of the idioms. This book is also a highly reference tool for teachers of English as a second language.

The *Metamorphosis* is a novella by Franz Kafka, first published in 1915. It has been cited as one of the seminal works of fiction of the 20th century and is studied in colleges and universities across the Western world. The story begins with a traveling salesman, Gregor Samsa, waking to find himself transformed (metamorphosed) into a large, monstrous insect-like creature. The cause of Samsa's transformation is never revealed, and Kafka himself never gave an explanation. The rest of Kafka's novella deals with Gregor's attempts to adjust to his new condition as he deals with being burdensome to his parents and sister, who are repulsed by the horrible, verminous creature Gregor has become.

[The Rise of Iskander](#) Pearson Higher Ed

The great Russian psychologist L. S. Vygotsky has long been recognized as a pioneer in developmental psychology. But his theory of development has never been well understood in the West. *Mind in Society* corrects much of this misunderstanding. Carefully edited by a group of outstanding Vygotsky scholars, the book presents a unique selection of Vygotsky's important essays.

[1001 IDIOMS TO MASTER YOUR ENGLISH](#) London : Macmillan

Now available in paper, *The Ivory Tower* and *Harry Potter* is the first book-length analysis of J. K. Rowling's work from a broad range of perspectives within literature, folklore, psychology, sociology, and popular culture. A significant portion of the book explores the Harry Potter series' literary ancestors, including magic and fantasy works by Ursula K. LeGuin, Monica Furlong, Jill Murphy, and others, as well as previous works about the British boarding school experience. Other chapters explore the moral and ethical dimensions of Harry's world, including objections to the series raised within some religious circles. In her new epilogue, Lana A. Whited brings this volume up to date by covering Rowling's latest book, *Harry Potter and the Order of the Phoenix*.

[Ang Ikakilit sa aming Hardin](#) Stanford University Press

What is national identity? What are the main challenges posed to national identity by the strengthening of regional identities and the growth of cultural diversity? How is right-wing nationalism connected to the desire to preserve a traditional image of national identity? Can we forge a new kind of national identity that responds to the challenges of globalization and other deep-seated changes? In this important new book, Montserrat Guibernau answers these and other compelling questions about the future of national identity. For Guibernau, the nation-states traditional project to unify its otherwise diverse population by generating a shared sense of national identity among them was always contested, and was accomplished with various degrees of success in Europe and North America. Such processes involved the cultural and linguistic homogenization of an otherwise diverse citizenry and were pursued by different means according to the specific contexts within which they were applied. At present, the impact of strong structural socio-political and economic transformations has resulted in greater challenges being posed to the idea that all citizens of a state should share a homogeneous national identity. Diversity is increasing, and plans for further European integration contain the potential to generate significant tensions, casting greater doubt on the classical concept of national identity. As a result, we are faced with a set of new dilemmas concerning the way in which national identity is constructed and defined. The book offers a theoretical as well as a comparative approach, with case studies involving Austria, Britain, Canada and Spain, as well as the European Union and the United States of America. *The Identity of Nations* will be essential reading for advanced students and professional scholars in sociology, politics and international relations.

The Beauty Myth Skyhorse

The architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century. This branch of linguistics, broadly known as Generative Grammar, is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the 'language organ'. The series comprises high quality monographs and collected volumes that address such issues. The topics in this series

range from phonology to semantics, from syntax to information structure, from mathematical linguistics to studies of the lexicon.

The Development of Higher Psychological Processes Anchor Canada

The bestselling classic that redefined our view of the relationship between beauty and female identity. In today's world, women have more power, legal recognition, and professional success

than ever before. Alongside the evident progress of the women's movement, however, writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It's the beauty myth, an obsession with physical perfection that traps the modern woman in an endless spiral of hope, self-consciousness, and self-hatred as she tries to fulfill society's impossible definition of "the flawless beauty."
