MENDEZ BLANCHARD

Globe Asia Atheneum Books

This is the only book that completely lists accurate technical data for all cars imported into the U.S. market from 1946-2000. With many imports approaching the antique status, this book will be a big seller across all generations of car enthusiasts. From the grandiose European carriages of the late Forties to the hot, little Asian imports of

the Nineties, every car to grace American roadways from across the Atlantic and Pacific is carefully referenced in this book.

 Foreign car devotees will appreciate the attention given to capturing precise data on Appearance and Equipment, Vehicle I.D. Numbers, Specification Charts, Engine Data, Chassis, Technical Data, Options and Historical Information.

 Collectors, restorers and car buffs will love this key book from noted automotive authors, James

Flammang and Mike Covello.

Region 9 TEA Publishers
 Steamboats and Sailors of the Great
 Lakes is the most thorough and factual
 study of the Great Lakes shipping
 industry written this century. Author
 Mark L. Thompson tells the fascinating
 story of the world's most efficient bulk
 transportation system, describing the
 Great Lakes freighters, the cargoes of
 the great ships, and the men and women
 who have served as crew. He documents

the dramatic changes that have taken place in the industry and looks at the critical role that Great Lakes shipping plays in the economic well-being of the U.S. and Canada, despite the fact that the size of the fleet and the amount of cargo carried have declined dramatically in recent years.

An introduction to the invention, historical development, and operation of the diesel engine, with a biography of Dr. Rudolf Diesel.

The Annual Register Wayne State University Press

This spectacularly illustrated volume follows the design, manufacture, and performance of the F-15 from its first appearance in 1972 through its service today.

Industrial Policy and Development in Southeast Asia Dorrance Publishing Includes Part 1, Number 2: Books and Pamphlets, Including Serials and Contributions to Periodicals (July - December)

The Official Railway Equipment Register

This book looks at the industrial policies

of Southeast Asian economies in their motor vehicle industries from early import substitution to policy-making under the more liberalised WTO policy regime. The book examines how inward automotive investment, especially from Japan, has been affected by policies, and how such investment has promoted industrial development in the late-industrialising economies within ASEAN (Association of Southeast Asian Nations). It provides insights into the automotive industry of Southeast Asia in terms of production volumes, sales volumes, market structure, and trade. Through country case studies, the book is a useful reference and illustrates how industrial policies in Southeast Asia have affected the spread of automotive development in the region. It will appeal

to policy-makers and researchers interested in the automobile industry, industrial policies in the industry and the spread of development from foreign investors to local firms.

East Greenbush

On business and industry in Indonesia.

East Greenbush By: Bernard Lewis
Rottschaefer, M.D. Bernard Lewis

Rottschaefter, M.D. is the author of ANAK and East Greenbush. East Greenbush exudes teenage angst coupled with the coming of age during the late Eisenhower era when 'no' meant no but also mean yes when accompanied by pelvic elevation. The free spirit of 'Easy Rider' leaps from the pages of East Greenbush. A serious maiming crime unbound by the statute of limitations happening five decades before his death haunts Jimmy throughout this love saga of his life. Serious moral issues remembered as the touchstones of Jimmy's life are individually depicted often raging war with Jimmy's religious underpinning. Suddenly Ancestry DNA shatters unsuspected lifelong secrets that Jimmy must address as he struggles to minimize damage to his family. Amy,

a friendly provocative Victorian ghost providing both physical and mental support, adds brief insight into Victorian sexual mores while resurrecting Jimmy from the abyss of progressive mental and physical decline. A 1949 Ford convertible and a 1936 Indian motorcycle and a reconstructed Harley Davidson serve to bind much of East Greenbush together. East Greenbush, Pittsburgh and Holland, Michigan provide the backdrops for East Greenbush while adding flavorful color. East Greenbush provides nostalgia for baby boomers, focus for Generation X and charming instruction for the Millennials and Generation Z served up in a lively fast flowing format.
