Godine Publisher 124 Dreams Vintage A bold, pioneering, "free-souled" and long-rare classic of concrete poetry, available for the first time in 50 years Originally published by Doubleday and Company

in 1970, N.H. Pritchard's *The Matrix* was one of a tiny handful of books of concrete poetry published in America by a major publishing house. Sadly, the book was given little support and was not promoted, and it has long been out of print. However, it remains a cherished item for fans of poetry due to its unique composition, and difficult but rewarding poetics. Forcing the

reader to straddle the line between reading and viewing, the book features visual poems that predate the experiments of the Language poets, including words that are exploded into their individual letters, and columns of text that ride the edge of the page. Praised as a "FREE souled" work by Allen Ginsberg, *The Matrix* feels as fresh and necessary today as when it was first

published. This new facsimile edition, copublished by Primary Information and Ugly Duckling Presse, makes the book available to a new generation of readers. **Georges Perec: A Life in Words** Northwestern University Press "...a daunting triumph of will pushing its way through imposing roadblocks to a magical country, an absurdist nirvana of humor,

pathos, and loss."--Time magazine A Void is a metaphysical whodunit, a story chock-full of plots and subplots, of trails in pursuit of trails, all of which afford Perec occasion to display his virtuosity as a verbal magician. It is also an outrageous verbal stunt: a 300-page novel that never once employs the letter E. The year is 1968, and as France is torn apart by social and political

anarchy, the noted eccentric and insomniac Anton Vowl goes missing. Ransacking his Paris flat, his best friends scour his diary for clues to his whereabouts. At first glance these pages reveal nothing but Vowl's penchant for word games, especially for "lipograms," compositions in which the use of a particular letter is suppressed. But as the friends work out Vowl's verbal puzzles, and

as they investigate various leads discovered among the entries, they too disappear, one by one by one, and under the most mysterious circumstances . . .

Constraining Chance

"In the beginning was the pun," Samuel Beckett once wrote. And so it was that Georges Perec brought the good word to his friends and acquaintances on a yearly basis, as an

expression of his best wishes for the New Year. Wishes gathers together these ten pamphlets of homophonic wordplay that Perec sent out from 1970 until his death in 1982, printed at his own expense in limited quantities. This paean to the pun consists of a series of short prose pieces, each concluding with a list of the everyday bits of language lying at their root. English

proverbs, Latin phrases, the names of musicians, filmmakers, novelists and book titles are all fodder for Perec's homophonic translations: John Coltrane turns into an anecdote about a wanderer with a severe ring around the collar; Antonioni's first movie transforms into a prophecy of a murderous holiday; the phrase "All's well that ends well" becomes a pregnant cow named Alice hailed by

a drunk Satan; and Maurice Ravel proves to be a warning against corpses with a predilection for root vegetables. These texts and their marriage of sound to meaning present a challenge to any translation, and bring into stark relief the choices translators are often forced to make. This English edition sidesteps such choices, offering two alternate translations: a traditional one

focused on the literal content of Perec's texts, and another focused on their formal phonological play. Georges Perec (1936-82) was a French novelist, essayist and filmmaker whose linguistic talents ranged from fiction to crossword puzzles to palindromes. Winner of the prix Renaudot in 1965 for his first novel, *Things*, and the prix Médicis in 1978 for his most acclaimed

novel, *Life A User's Manual*, Perec was also a member of Oulipo. **Queneau, Perec, Calvino and the Adventure of Form** Transaction Publishers "Not A Wake" is a collection of poetry, short stories, a play, a movie script, crossword puzzles and other surprises, constructed according to a unique principle: counting the number of letters in successive words of the

text (the first word has 3 letters, the next word has 1 letter, the next word has 4 letters, and so on) reveals the first 10,000 digits of the famous mathematical number pi (3.141592653 58979...). Fans of the number pi, constrained writing (such as Georges Perec's "*La Disparition*"), wordplay, puzzles, or experimental prose and poetry will find much to savor in this, the first book-length work based on the

pi constraint. *Escape Attempts* Make Now Press An epistolary novel set on a fictional island off the South Carolina coastline, 'Ella Minnow Pea' brings readers to the hometown of Nevin Nollop, inventor of the pangram 'The Quick Brown Fox Jumps Over the Lazy Dog'. Deified for his achievement in life, Nevin has been honored in death with a monument featuring his famous phrase. One day, however, the letter 'Z' falls from the monument, and some of the islanders interpret the missing tile as a message from beyond the grave. The letter 'Z' is banned from use. On an island where the residents pride themselves on their love of language, this is seen as a tragedy. They are still reeling from the shock when another tile falls. And then another... In his charming debut, first published in 2001, Mark Dunn took readers on a journey through the eyes of Ella Minnow Pea, a young woman forced to create another clever turn of phrase in order to save the islanders' beloved language. [When Angels Speak of Love](#) Simon and Schuster Georges Perec, novelist, filmmaker and essayist, was one of the most inventive and original writers of the twentieth century. A fascinating

aspect of his work is its intrinsically geographical nature. With major projects on space and place, Perec's writing speaks to a variety of geographical, urban and architectural concerns, both in a substantive way, including a focus on cities, streets, homes and apartments, and in a methodological way, experimenting with methods of urban exploration and observation, classification, enumeration

and taxonomy.

 Darkly funny account of the office worker's

mindset by the celebrated French novelist A long-suffering employee in a big corporation has summoned up the courage to ask for a raise. But as he runs through the looming encounter in his mind, his neuroses come to the surface: What is the best day to see the boss? What if he doesn't offer you a seat when you go into his office? The Art of Asking Your Boss for a Raise is a hilarious

account of an employee losing his identity—and possibly his sanity—as he tries to put on the most acceptable face for the corporate world, with its rigid hierarchies and hostility to new ideas. If he follows a certain course of action, so this logic goes, he will succeed—but, in accepting these conditions, are his attempts to challenge his world of work doomed from the outset? Neurotic and

pessimistic, yet endearing, comic and never less than entertaining, Perec's Woody Allen-esque underling presents an acute and penetrating vision of the world of office work, as pertinent today as it was when it was written in 1968.

Although the great French novelists of the last two centuries are widely read in America, there is a widespread

notion that little of importance has happened in French literature since the heyday of Sartre, Camus, and the nouveau roman. Some might argue that even well read Americans are ignorant about what is happening in European literature generally. Certainly, there has never been so few translations of foreign books in the United States, or so little coverage of foreign

writers. Curious American readers need new, up-to-date information and analyses about what is happening elsewhere. Paths to Contemporary French Literature is a stimulating and much-needed guide to the major currents of one of the world's great literatures. This critical panorama of contemporary French literature introduces English-language readers to

over fifty important writers and poets, many of whom are still little known outside of France. Emphasizing authors who are admired by their peers (as opposed to those with overnight reputations), John Taylor offers a compelling insider's view. The pioneering essays included in this book offer incisive analyses of the ideas motivating current writing and delve into a writer's or

<p>poet's entire output. Although some names may be familiar (Marguerite Duras, Hulne Cixous, Philippe Jaccottet, Henri Michaux), the reader obtains fresh reappraisals of their seminal work. Especially noteworthy, however, are Taylor's lively introductions to many other key writers who either have not yet crossed the English Channel, let alone the Atlantic.</p>	<p>Combating the notion that French literature is overtly intellectual, inaccessible, or interested only in formal experimentation, Taylor shows that many French writers are instead acutely inquisitive about the outside world, shrewd observers of reality, even very funny. Although not conceived as a reference book, the volume possesses some qualities of a reference work: a good</p>	<p>bibliography, reliable dates and biographical facts. Paths to Contemporary French Literature will be of interest to students of French literature and culture, literary scholars, and readers of contemporary fiction and poetry.</p> <p><i>Poems 1960-1970</i> Melville House</p> <p>This selection of non-fictional work from the author of <i>Life</i>, a User's Manual, demonstrates Georges Perec's</p>

characteristic lightness of touch, wry humour and accessibility. *A Void* David R. Godine Publisher The beguiling, never-before-translated dream diary of Georges Perec In *La Boutique Obscure* Perec once again revolutionized literary form, creating the world's first "nocturnal autobiography ." From 1968 until 1972—the period when he wrote his most well-known works—the beloved French stylist

recorded his dreams. But as you might expect, his approach was far from orthodox. Avoiding the hazy psychoanalysis of most dream journals, he challenged himself to translate his visions and subconscious churnings directly into prose. In laying down the nonsensical leaps of the imagination, he finds new ways to express the texture and ambiguity of dreams—thos

e qualities that prove so elusive. Beyond capturing a universal experience for the first time and being a fine document of literary invention, *La Boutique Obscure* contains the seeds of some of Perec's most famous books. It is also an intimate portrait of one of the great innovators of modern literature. Penguin Group Australia Surfing the Zeitgeist is a collection of essays by

Britain's preeminent post-modernist. Confronted with a world in which too much is changing too fast, the attitude of most British critics is simply to ignore the fact that today's culture is in a state of constant ebullience and turning out, or churning out, week after week, month after month, the kind of article, a complacent conflation of artistic impressions,

that could have been written thirty, fifty or a hundred years ago. Gilbert Adair is a critic with a difference. Witty, perspicacious and in love with language, he is prepared to engage with the multifarious realities of our culture - culture in the least restricted sense of the word. He is prepared to embrace them, if not unconditionally, then at least without encumbering himself with

any twinges of nostalgia for the past's redundant credos and repertoires. The essays which make up this collection - on subjects as various as postmodernism and pop music, AIDS and art movies, Tintin and the Titanic - thus constitute a uniquely stimulating record of the nineties and, like the cool, glinting surfaces of a Calder mobile, reflect the most significant fragments of

our cultural agenda.
