The King Kong Joke Book St. Martin's Griffin

This straightforward and reader-friendly text provides strategies for P-12 educators who are interested in ensuring the cultural and academic excellence of African American students. It presents a

careful balance of published scholarship, a framework for culturally relevant teaching, and research-based cases of teachers who excel at teaching Black children. Examples from multi-ethnic teachers across P-12 grades and content areas (e.g., ELA, science, mathematics, social studies, arts) are presented so that others can extrapolate in their respective educational settings. This book explains Black culture, anti-Black racism, African Diaspora Literacy, African American Language, and pro-Black and actionable steps that educators can adopt and implement. Examples of culturally relevant family and community involvement are provided. As with the previous edition, readers will appreciate a multitude of resources. After reading this book, educators will view educating

African American students as exhilarating and rewarding and Black students will flourish.

The Sacred Door and Other Stories: Cameroon Folktales of the Beba offers readers a selection of folktales infused with riddles, proverbs, songs, myths, and legends, using various narrative techniques that capture the vibrancy of Beba oral traditions. Makuchi retells the stories that she heard at home when she was growing up in her native Cameroon.

The collection of thirty-four folktales of the Beba showcases a wide variety of stories that capture the richness and complexities of an agrarian society's oral literature and traditions. Revenge, greed, and deception are among the themes that frame the story lines in both new and familiar ways. In the title story, a poor man finds himself elevated to king. The condition for his continued success is that he not open the sacred door. This tale of temptation, similar to the story of Pandora's box, concludes with the question, "What would you have done?" Makuchi relates the stories her mother told her so that readers can make connections between African and North American oral narrative traditions. These tales reinforce the commonalities of our human experiences without

discounting our differences.

A Novel ABC-CLIO

"Jackson's characters and their heart-wrenching story linger long after the final page, urging readers to advocate for those who are disenfranchised and

forgotten by society and the system." (Publishers Weekly, "An Anti-Racist Children's and YA Reading List") From the critically acclaimed author of *Allegedly*, Tiffany D. Jackson, comes a gripping novel about the mystery of one teenage girl's disappearance and the traumatic effects of the truth. Monday Charles is missing, and only Claudia seems to notice. Claudia and Monday have always been inseparable—more sisters than friends. So when Monday doesn't turn up for the first day of school, Claudia's worried. When she doesn't show for the second day, or second week, Claudia knows that something is wrong. Monday wouldn't just leave her to endure tests and bullies alone. Not after last year's rumors and not with her grades on the line. Now

Claudia needs her best—and only—friend more than ever. But Monday’s mother refuses to give Claudia a straight answer, and Monday’s sister April is even less help. As Claudia digs deeper into her friend’s disappearance, she discovers that no one seems to remember the last time they saw Monday. How can a teenage girl just vanish without anyone noticing that she’s gone?

of Turtles All the Way Down, Thirteen Reasons Why, and Zentner's own The Serpent King, one of the most highly acclaimed YA novels of 2016, Goodbye Days asks what you would do if you could spend one last day with someone you lost. Where are you guys? Text me back. That's the last message Carver Briggs will ever send his three best friends, Mars, Eli, and Blake. He never thought that it would lead to their death. Now Carver can't stop blaming himself for the accident and even worse, a powerful judge is pressuring the district attorney to open up a criminal investigation. Luckily, Carver has some unexpected allies: Eli's girlfriend, the only person to stand by him at school; Dr. Mendez, his new therapist; and Blake's grandmother, who asks Carver to

spend a "goodbye day" together to share their memories and say a proper farewell. Soon the other families are asking for their own goodbye day with Carver—but he's unsure of their motives. Will they all be able to make peace with their losses, or will these goodbye days bring Carver one step closer to a complete breakdown or—even worse—prison? "Jeff Zentner, you perfectly fill the John-Green-sized hole in our heart." —Justine Magazine "Evocative, heartbreaking, and beautifully written." —Buzzfeed "Masterful." —TeenVogue.com "Hold on to your heart: this book will wreck you, fix you, and most definitely change you." —Becky Albertalli, Morris Award-winning author of Simon vs. the Homo Sapiens Agenda

Misery Writer's Digest Books

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom

is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.
