Beyond the Burning  
Time Lexington Books  
Breaking the Cycle tells  
the inspiring story of  
young people whom

many would write off  
as a lost cause but  
who, thanks to a  
remarkable school, are  
headed for success.  
We learn about their  
world from teens like  
Shawna, the daughter  
of a crack-addicted  
mother. Or Andre, the  
only one in his family

not on drugs. Or Daron, kicked out of his home by an abusive father. Challenged by the pernicious factors of their environment—drugs, violence, fatherless homes, and poor educational backgrounds—students at the Dayton Early College Academy are nevertheless beating the odds. All are headed for college, from which the vast majority will graduate. The book reveals how this school is succeeding when so many fail. It conveys the hopeful message that others can replicate much of what “DECA” does and save a generation mired in despair. America’s failure to educate its urban children is evidenced by our woeful statistics. If it is

possible to turn around this bleak picture—and it is—this is a story well worth telling. And this is what Breaking the Cycle aims to do. For more information on the book, including interviews with the author please check out [www.nancybdiggs.com](http://www.nancybdiggs.com)

Penguin Books  
A Penguin Classic This classic collection—the only one-volume selection of Arthur Miller's work available—presents a rich cross section of writing from one of our most influential and humane playwrights, containing in full his masterpieces *The Crucible* and *Death of a Salesman*. This essential collection also includes the complete texts of *After*

the Fall, *The American Clock*, *The Last Yankee*, and *Broken Glass*, winner of the Olivier Award for Best Play of 1995, as well as excerpts from Miller's memoir *Timebends*. An essay by Harold Clurman and Christopher Bigsby's introduction discuss Miller's standing as one of the greatest American playwrights of all time and his importance to twentieth-century literature. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the

series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

This practical, how-to guide makes it easy for teachers to incorporate the latest technology in their classes.

Employing an informal workshop approach, the book avoids technical jargon and pays special attention to the needs of teachers who are expanding the use of computers in their classrooms. The authors focus on what teachers do and how

they can do it better, and provide a wide variety of proven tools, tips, and methods for enhancing these activities with technology. "Best Ideas for Teaching with Technology" provides extensively illustrated tutorials for a wide variety of software, online tools, and teaching techniques. It covers everything from lesson plans, to time management, how to show animation, blogging, podcasts, laptop strategies, and much, much more. In addition, periodic updates to the text will be available on the authors' website.

From "one of the nation's foremost Chicano literary artists"

comes a coming-of-age classic and the bestselling Chicano novel of all time that follows a young boy as he questions his faith and beliefs -- now one of PBS's "100 Great American Reads" (Denver Post). Antonio Marez is six years old when Ultima comes to stay with his family in New Mexico. She is a curandera, one who cures with herbs and magic. Under her wise wing, Tony will probe the family ties that bind and rend him, and he will discover himself in the magical secrets of the pagan past--a mythic legacy as palpable as the Catholicism of Latin America. And at each life turn there is Ultima, who delivered Tony into the world... and will nurture the birth of his soul.

*Tituba of Salem Village*  
Rowman & Littlefield  
First published in England in 1782, Crèvecoeur's Letters from an American Farmer was one of the first works to describe the character of the average American at the close of the Revolutionary War. His famous question, ""What, then, is the American, this new man?"" summarized the European's interest in and questioning of the new country of America at a time when centuries of tradition had just been overturned and post-colonial Americans were attempting to describe themselves in a new way. Through the character of James, the letters celebrate the land of America, its space and fertility, and the character of

Americans themselves, their work ethic and spirit of personal determination. The Letters also look at the darker side of American life, particularly the issue of slavery. The discussions of American identity, participation in war (or not), and the perception of immigrants and their ethnicity make this book as relevant to our understanding of ourselves today as it was in 1782.

The definitive memoir of Arthur Miller—the famous playwright of The Crucible, All My Sons, Death of a Salesman, A View from the Bridge, and other plays—Timebends reveals Miller’s incredible trajectory as a man and a writer. Born in 1915, Miller grew up in Harlem in the 1920s and 1930s, developed leftist political convictions during the Great Depression, achieved moral victory against McCarthyism in the 1950s, and became president of PEN International near the end of his life, fighting for writers’ freedom of expression. Along the way, his prolific output

established him as one of the greatest writers of the twentieth century—he wrote twenty-two plays, various screenplays, short stories, and essays, and won the Pulitzer Prize in 1949 for *Death of a Salesman* and the New York Drama Critics Circle Award in 1947 for *All My Sons*. Miller also wrote the screenplay for *The Misfits*, Marilyn Monroe’s final film. This memoir also reveals the incredible host of notables that populated his life, including Marilyn Monroe, Elia Kazan, Clark Gable, Sir Laurence Olivier, John F. Kennedy, and Mikhail Gorbachev. Leaving behind a formidable reputation in the worlds of theater, cinema, and

politics, Arthur Miller died in 2005 but his memoir continues his legacy.

“This is a book for all Marines and future Marines. . . . [and] will also appeal to Marines of the ‘Old Corps’ since it shows we still ‘make ‘em like we used to.’” —Leo J. Daugherty III, *Marine Corps Gazette* “Something so tough, so powerful, that unless you join together, you can’t accomplish the defining moment. Your team will not make it unless you pull together.” —General Charles C. Krulak, Commandant, United States Marine Corps Welcome to the Crucible Event. This is the culmination of Marine Corps basic combat training, boot

camp. The Crucible Event is the “defining moment” for young Marine recruits. Once inside the crucible, the recruits are faced with fifty-four gruelling hours with little sleep, little food, and a series of events that will tax them physically and mentally. The recruit platoon will be profoundly tested as individuals. Even more important, they will discover that they are unable to pass through the crucible except as a team. Beyond the Crucible Event’s physical demands of endurance is the reinforcement of the core values of the United States Marines: honor, courage, and commitment. The crucible creates a change of mind, body, and spirit that will last a lifetime, whether one

wears the uniform for four years or forty—a constant reminder of the supreme responsibility that comes with the title “United States Marine.” Praise for *Into the Crucible* “Provides a wealth of factual information and insider insights. . . . [and] provides a fascinating first-hand look at the revolutionary training ‘event’ and shows why it has become so effective.

Readers—whether Marines, civilians, or other members of other services will find Wolfe’s book a worthwhile read.”—SeaPower Magazine “A powerful and inspiring book.”—Terry Mapes, Mansfield, Ohio, News Journal

Thirteen-year-old Hester Bidgood and her fourteen-year-old friend Rob Macgregor investigate the stoning and branding of a kitten in a New England town caught in the grip of witchcraft rumors during the year 1692.

**The Inside Guide to Independent Movie Production** Penguin  
Young readers “will be carried along by the sheer excitement of the story” of 17th-century slavery and witchcraft by the million-copy selling author (The New York Times). In 1688, Tituba and her husband, John, are sold to a Boston minister and sent to the strange world of Salem, Massachusetts.

Rumors about witches are spreading like wildfire throughout the state, filling the heads of Salem’s superstitious, God-fearing residents. When the reverend’s suggestible young daughter, Betsey, starts having fits, the townsfolk declare it to be the devil’s work. Suspicion falls on Tituba, who can read fortunes and spin flax into thread so fine it seems like magic. When suspicion turns to hatred, Tituba finds herself in grave danger. Will she be judged guilty of witchcraft and hanged? Loosely based on accounts of the period and trial transcripts, Ann Petry’s compelling historical novel draws readers into the hysteria of America’s deadly witch hunts.

"This new and updated Guide, with over 2,700 cross-referenced entries, covers all aspects of the American theatre from its earliest history to the present. Entries include people, venues and companies scattered through the U.S., plays and musicals, and theatrical phenomena. Additionally, there are some 100 topical entries covering theatre in major U.S. cities and such disparate subjects as Asian American theatre, Chicano theatre, censorship, Filipino American theatre, one-person performances, performance art, and puppetry. Highly illustrated, the Guide is supplemented with a historical survey as introduction, a

bibliography of major sources published since the first edition, and a biographical index covering over 3,200 individuals mentioned in the text."--BOOK JACKET.

 "Crucible of Science" is the story of a unique laboratory at Washington University in St. Louis, and of Carl and Gerty Cori, the biochemists who established it. Carl and Gerty met and married at medical school in Prague in the 1920s. After graduation, they immigrated to the U.S. to escape deteriorating conditions in Europe. Carl soon received an offer from Washington University to become Pharmacology Chair, and the couple settled

in St. Louis. Not only did both Coris go on to win the Nobel Prize, the laboratory they established at the University has since produced some of the most outstanding scientists the U.S. has ever seen. Six laboratory scientists also won Nobel Prizes; few, if any, laboratories can claim such an impressive record. The Coris themselves were instrumental in establishing the then new science of Biochemistry in the U.S. They applied chemical approaches to elucidating the transformations of compounds such as glucose in animal tissues and defined the enzyme catalysts that carried out those transformations. Both scientists were extremely rigorous in

designing their experiments and interpreting the results, a habit that ensured their findings were above question. This book examines the careers of both Coris and the other eminent scientists who trained in their laboratory. It notes the Coris' acceptance of women, Jews, and scientists from all over the world, unique during this time period. It analyzes those reasons why the laboratory was so successful in attracting the best trainees and producing premier scientists. Intended for scientists, science historians, and anyone interested in the history of science, "Crucible of Science" is a unique presentation of remarkable careers and personalities,

examined within the context of the Coris' laboratory.

"To say I love this book

is an understatement. It's a deep psychological mystery about the power of motherhood, the intensity of teenage love, and the danger of perfection. It moved me to tears." —Reese Witherspoon  
"Extraordinary . . . books like *Little Fires Everywhere* don't come along often." —John Green  
From the bestselling author of *Everything I Never Told You*, a riveting novel that traces the intertwined fates of the picture-perfect Richardson family and the enigmatic mother and daughter who upend their lives. In Shaker Heights, a placid, progressive suburb of Cleveland, everything is planned—from the layout of the winding roads, to the colors of

the houses, to the successful lives its residents will go on to lead. And no one embodies this spirit more than Elena Richardson, whose guiding principle is playing by the rules. Enter Mia Warren—an enigmatic artist and single mother—who arrives in this idyllic bubble with her teenaged daughter Pearl, and rents a house from the Richardsons. Soon Mia and Pearl become more than tenants: all four Richardson children are drawn to the mother-daughter pair. But Mia carries with her a mysterious past and a disregard for the status quo that threatens to upend this carefully ordered community. When old family friends of the Richardsons attempt to

adopt a Chinese-American baby, a custody battle erupts that dramatically divides the town—and puts Mia and Elena on opposing sides. Suspicious of Mia and her motives, Elena is determined to uncover the secrets in Mia’s past. But her obsession will come at unexpected and devastating costs. *Little Fires Everywhere* explores the weight of secrets, the nature of art and identity, and the ferocious pull of motherhood—and the danger of believing that following the rules can avert disaster.
