Sprintsail, a Journal of the History of Falmouth and Vicinity is published by the Woods Hole Historical Collection The cover story of this issue features "The House That Was," an article by Maria C. Ward. Sprintsail - Falmouth Public Library Sprintsail Sprintsail is the bi-annual journal of the history of Falmouth and vicinity published by the Woods Hole Historical Collection. We have limited numbers of extra copies of individual issues that can be purchased through our Gift Shop for \$7 per issue. Woods Hole Museum: Available Sprintsail Issues A Sprintsail is a four sided sail usually laced on to the mast along its luff. It can range from

almost square to having a pronounced peak. It may or may not have a boom, but it will always have a sprit. A sprit is a spar which supports the peak of the sail. The amazing Sprintsail, a forgotten jewel. Sprintsail. The sprintsail is a four-sided, fore-and-aft sail that is supported at its highest points by the mast and a diagonally running spar known as the sprit. The foot of the sail can be stretched by a boom or held loose-footed just by its sheets. A sprintsail has four corners: the throat, peak, clew, and tack. Sprintsail - Wikipedia Leonard Miele, an East Falmouth resident and co-editor of the Sprintsail, a journal of the history of Falmouth, agreed to participate as an oral historian and has started researching topics for one ... The arrow, superimposed on the map, points to the location of the Pacific Guano Company. Pacific Guano Company - Woods Hole Historical Museum Living with Sprit Sails. If you have a boom, you need a little block of wood on the bottom with a bee hole in it, set at a distance from the boom jaws that's equal to the length of the sail luff. For a boomed sprintsail the brail is run through the bee hole on the boom, not a grommet on the leech, and gathers up both boom and sprit.
