Mathematics Assessment Project - mathshell.org
 Geometry Scale Drawing Project
 Geometry SCALE DRAWING PROJECT. Objective: To enlarge a small picture to poster size using scale drawing techniques. Choose a small picture such as a candy wrapper, a cartoon character, an interesting label, etc. Draw a square grid over your picture. Be very precise and make sure that all lines are equally spaced using centimeters or inches.
 Geometry 1B SCALE DRAWING PROJECT - Denton ISD
 Scale Drawing Geometry Chapter 9 Project This project will be done at home. For this project, each student will work on their own, no partners or groups. There are two parts to this project, and you are required to do BOTH of them. This project is worth 25 points. A grading rubric is attached to this paper. You must grade your own project under
 Scale Drawing Project - Rose Gainard
 So we could take the scale factor

and multiply it by each of these dimensions right over here. So 90 times 0.1, well that's just going to be 9. This right over here is a 1/10. A 1/10 of 90 meters is going to be 9 meters. And so this, when we draw the scale drawing at the scale that Cole intends to draw it at, we would draw 9 meters by 9 meters.
 Making a scale drawing (video) | Geometry | Khan Academy
 scale drawing Correctly set up proportions for scale drawing with 1-2 minor errors. Correctly set up proportions for scale drawing Using Cross Products or Equal Ratios Fails to use cross products or equal ratios to solve proportions. More than 5 errors and/ or missing work. Use cross products or equal ratios to solve proportions. Contains 3-5 errors
 Scale Drawing Blowing up a Candy Bar / Comic Strip
 You're in the right place! Scale drawings can be so much fun for students, and they're definitely a fun way to look at math. In this post you'll find 8 engaging scale drawing activities to practice in your classroom. For even more scale drawing ideas & tips, check out this post about using I Can Statements to break down teaching scale ...
 8 Scale Drawing Activities - Idea Galaxy
 Students

build scale models of objects of their choice. In class they measure the original object and pick a scale, deciding either to scale it up or scale it down. Then they create the models at home. Students give two presentations along the way, one after their calculations are done, and another after the models are completed.
 Math Relationships: Scale Model Building Project ...
 Objective: Students will make collages and use rulers to create scale drawings and find real-life dimensions of objects.
 CCSS.Math.Content.7.G.A.1 Solve problems involving scale drawings of geometric figures, including computing actual lengths and areas from a scale drawing and reproducing a scale drawing at a different scale.
 7th Grade Math Lesson on Scale Drawing: Create Your Dream Home
 Drawing to Scale: A Garden
 Mathematical goals This lesson unit is intended to help assess how well students are able to interpret and use scale drawings to plan a garden layout.
