An investment banker and professor explains what really drives success in the tech economy Many think that they understand the secrets to the success of the biggest tech companies: Facebook, Amazon, Apple, Netflix, and Google. It's the platform economy, or network effects, or some other magical power that makes their ultimate world domination inevitable. Investment banker and professor Jonathan Knee argues that the truth is much more complicated--but entrepreneurs and investors can understand what makes the giants work, and learn the keys to lasting success in the digital economy. Knee explains what really makes the biggest tech companies work: a surprisingly disparate portfolio of structural advantages buttressed by shrewd acquisitions, strong management, lax regulation, and often, encouraging the myth that they are invincible to discourage competitors. By offering fresh insights into the true sources of strength and very real vulnerabilities of these companies, The Platform Delusion shows how investors, existing businesses, and startups might value them, compete with them, and imitate them. The Platform Delusion demystifies the success of the biggest digital companies in sectors from retail to media to software to hardware, offering readers what those companies don't want everyone else to know. Knee's insights are invaluable for entrepreneurs and investors in digital businesses seeking to understand what drives resilience and profitability for the long term.

Myths and Legends of the Gods, Titans, Zeus, Olympians and More! Disney Electronic Content

The Olympians appeared a decade ago, living incarnations of the Ancient Greek gods on a mission to bring permanent order and stability to the world. Resistance has proved futile, and now humankind is under the jackboot of divine oppression. Until former London police officer Sam Akehurst receives an invitation too tempting to turn down: the chance to join a small band of guerrilla rebels armed with high-tech weapons and battlesuits. Calling themselves the Titans, they square off against the Olympians and their ferocious mythological monsters in a war of attrition which some will not survive.

A group of kids must stop invaders before they take over Titus—and the rest of the universe—in this first book in a brand-new series from bestselling Pegasus author Kate O’Hearn, who masterfully blends mystery and mythology together. Fifteen years ago, Olympus was destroyed and the Olympians were resettled on Titus. Since then Earth has been declared a quarantined world. Neither Titans nor Olympians are allowed to visit and under no circumstances are humans allowed on Titus. The Titans and Olympians are keeping the peace. But the deep-seated mistrust still lingers, so when a human ends up on Titus, he could be the spark that reignites the war... Astraea is a Titan, granddaughter of Hyperion, and now a reluctant student at the brand-new school, Arcadia. She just knows that it’s going to be awful, and that there is no way that Titans and Olympians will ever get along! At least she’s got her best friend, a winged-horse named Zephyr, to keep her company. Then the night before the first day of school, Astraea hears her parents discussing something terrifying: a human has been spotted on Titus. But that’s not possible. All routes to Earth via the Solar Stream have been closed—no one can travel between the two worlds...or can they? When Astraea and Zephyr get detention on their first day—for fighting with a centaur—they’re sent to the orchards to harvest nectar. There they discover a human boy named Jake. How he got to Titus is a mystery even to him. But Astraea and Zephyr know they have to get Jake home before anyone else discovers him. But what the trio uncovers is something much bigger than one misplaced human boy. It’s a scheme to take down the rulers of this world, conquer it, and then do the same across the galaxy. Can a group of kids stop the invaders? Or is Titus, like Olympus before it, doomed?

Greek Gods & Goddesses Mango Media Inc.

Eren’s titanic Rumbling claims thousands of lives beyond the walls of Paradis, and the boy who once lived in fear of the Titans becomes the world’s most feared man. Determined to stop the destruction wrought by their childhood friend, Armin, Mikasa, and their surviving comrades reach the Attack Titan and decide to face him head on in an ultimate showdown. Will humanity finally be set free from the cycle of fear, oppression, and destruction, or will the Titans outlive their victims? FINAL VOLUME!

Mythology-Based Video Games Capstone

You're no idiot, of course. You can find Greece on a map, know that Kevin Sorbo stars as Hercules on TV, and have heard of Freud's Oedipus theory.

But when it comes to classical mythology, you feel like you've been foiled by the gods. Don't curse Zeus yet! The Complete Idiot's Guide® to Classical Mythology has all you need for a working knowledge of the timeless world of Greek and Roman myths.

Weight Little, Brown

The Reception of Ancient Greece and Rome in Children’s Literature: Heroes and Eagles investigates the varying receptions of Ancient Greece and Rome in children’s literature, covering the genres of historical fiction, fantasy, mystery stories and classical mythology, and considering the ideological manipulations in these works.

Captivating Stories of the Ancient Olympians and Titans Did you know that Zeus loved many women, both goddesses and mortals? Did you know that he turned himself into golden rain for one damsel who was locked away in a tower, and turned himself into a swan for another beauty? Did you know that he kidnapped one young princess which led to her brother founding the city of Thebes? And did you know that, to protect his own power, Zeus swallowed his first wife, just as Cronus had swallowed his own children in a previous age? Greek myth is full of fascinating tales of Titans and Olympian gods. Some of it makes us wonder if there might be some hint of truth behind those stories, no matter how outrageous they may sound. What parts of those stories were merely symbolic and what parts were literal? This book contains a brief, but unconventional look at the Titans and Olympian gods of Greek mythology. Brief, because a thorough treatment of these legendary super beings could take thousands of pages. Unconventional, because digging for truth is far more interesting than reciting old stories which have little relevance to us today. Attempting to reveal some semblance of truth brings the stories to life. It gives them relevance to our modern world. Here, we will look at many of the more fascinating stories which kept the Greek mortals entertained for hundreds of years. After all, they didn't have iPhones and computer tablets. Within this book's pages, you'll find the answers to these questions and more. Just some of the questions and topics covered include The Nature of Myth Primordial Beings and Titans Creation of the Universe Birth of the Titans Stories of a Primordial Universe Children of Cronus and Rhea Trouble in Heaven Titans vs. Gods New Pecking Order Prometheus and the Humans Zeus and His Ladies More Fun from Olympus Metis and Athena Cecrops and Dragons Get your copy by clicking the "Add to Cart" button at the top of this page!

The Titans Franklin Classics

The world-renowned classic that has enthralled and delighted millions of readers with its timeless tales of gods and heroes. Edith Hamilton's mythology succeeds like no other book in bringing to life for the modern reader the Greek, Roman and Norse myths that are the keystone of Western culture-the stories of gods and heroes that have inspired human creativity from antiquity to the present. We follow the drama of the Trojan War and the wanderings of Odysseus. We hear the tales of Jason and the Golden Fleece, Cupid and Psyche, and mighty King Midas. We discover the origins of the names of the constellations. And we recognize reference points for countless works for art, literature and culture inquiry-from Freud's Oedipus complex to Wagner's Ring Cycle of operas to Eugene O'Neill's Mourning Becomes Electra Both a reference text for scholars of all ages and a book to simply enjoy, Mythology is a classic not to be missed.
