This is my new e-book called the Big Book of Laws, in it I will attempt to explain the Universal Laws, many times called God's Law, the Spiritual Laws, Moral Laws, or the Natural Laws, and how

they apply to your life and your opportunities for success. Now you may know about most of these Laws, but you may not even realize that these Laws are having an effect on your Life, and your chances for Success. Awareness of them is crucial, if you hope to achieve wealth, but if you can find a formula for success, in the use of these Laws, and can show people the right way to use these Laws, then you have created a Powerful Success Formula, and that is what I am attempting to do here. All of these Laws are Immutable, Unalterable, and Unchangeable, meaning that they can not be changed, altered, or silenced in any way, and they super-cede the Laws of Man, These Laws apply to everyone on the planet, and if you do not know them, they are still having an effect on your life, so I am going to try to make you aware of these Laws, and how they apply to you. This book is designed by me to help you understand these Laws, that have come straight from the heavens to all of us humans to help us navigate this life we are now living. These Laws come from this source of power, we call Infinite Intelligence, The creator of everything in the known and unknown universe. This source of power is also called Universal Intelligence, because it contains all of the Intelligence in the universe, Universal Power, because it controls all Power in the universe,

and Universal Energy, because it contains within itself all of the Energy in the universe, and is the same entity of Power that many people call God. This source of Unlimited Power has given to Man, a Powerful Tool in his Brain, called the Sub Conscious Mind, that when it is trained or conditioned in the right way, it will attract to itself the right conditions and opportunities, via the Law of Attraction, into your life. When the Law of Attraction is used the right way, by only focusing on what we want, and believing that we are worthy enough to receive it, and by eliminating Negative Thoughts and Emotions, and replacing those with Positive Thoughts and Emotions, we bring this Law into Effect. This Almighty Power would like for those of us who are Spiritually Enlightened to try and explain to the others how these Universal Laws work, and how they can be used in the right way to help you achieve success. I just want you to know that even if you do not know about these Laws, they are still having an effect on your lives, and you must become aware of them, if you hope to become successful, so let's get started.

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

A hard-luck youth triumphs over the calamities he has brought to those who sheltered him. Jinks is a story told in the haunting blue-collar voice of an amiable innocent. Orphaned and itinerant, he seeks a place of safety among society's outcasts in the cities and forests of his nation, seeming always to walk the line between crisis and deliverance. After an event in which he swings the axe in a tragic accident, he flees from the snowy logging camps of the northwest to the somnolence of the Everglades. Now small calamities trail him: machines break down, healthy people fall ill, good fortune fails, all best laid plans are scrambled. One such catastrophe draws him into the reach of a powerful woman and her accomplice who entangle him in a murderous scheme, but the misfortune he brings everywhere with him now punishes these plotters. Unexpectedly, the events that free him also lead to the salvation of an entire town that nurtured him in darker days. Gently comic and

wise, Jinks is a joyous tale of one man's dogged spirit, and of moral justice that celebrates the bright promise of human goodwill.

Described in Holy Scriptures of all religions, in mythology, in fairy tales, and allegories that describe the essence and nature of the human. These divine laws act as guidelines to define the order and structure of creation, govern every form of life and every action that occurs in the universe. The same principles work for all alike. No law activates itself, it is we who activate a law of the universe through our thoughts and actions individually and collectively. As we have been given the freedom of choice we can make right or wrong choices. But if we repent there are laws that allow us to correct our mistakes. Heaven meets earth in the human who is both physical and divine. The human being is the highest manifestation of the cosmos and is co-creator pre-destined as the builder and collector of all treasures of the universe. The power of creativeness responds to the call of the spirit and the human determines his own destination in the cosmos. This book is meant as a guideline, to inspire you, to arouse your curiosity and to prompt your own inner personal dialogue as we witness the cosmic cyclic changes of the universe. We have no alternative but to grow in awareness, expand our consciousness, connect with the Spirit and flow along with these cosmic energies.

The incarnation of the divine oneness is the essence that dwells in the human soul - with whom one is closely associated. It is a huge deal and a remarkable metamorphosis that unfolds before all and sundry. People have arrived at a point in time and space when the pretense no longer burdens them to be someone they were never meant to be. That they have reached a stage where they no more require to sacrifice the anguish and suffering that come with being incarnated at this physical juncture of existence. The price has to be paid. Within the human fraternity, an incredible phenomenon is taking place. The misery and pain have been a constant threat. The concept of micro family is now coming to an end. The incarnation of self-judgment - the divine one of all time - into the very physical boundary is finally starting to occur. The Law of Divine Oneness is here. What a fantastic find! What a glorious splendor! What a spectacular event that is just getting started and is already showering down on humanity! The all-powerful divine oneness is now entering the world. The excellent resistance of incarnation itself is dominating the universe. The sheer enormity and uniqueness of the actual incarnation or manifestation can no longer keep the forces of light and affection from discovering reality. Eventually, the journey of the human body to develop into what it was meant for has began. The numerous untiring and freely abundant energies of the living bodies are getting exposed. It comprises physical and mental involvement nurturing and fostering the enormous task that is finally coming to fruition. The divine oneness of all time is now well-equipped to initiate the entire ethics into the vessels that have been created specifically for this purpose.

Science has defined a variety of natural laws that explain the physical world and how it changes. One such law states that for every action there is a reaction, and that for every motion there is corresponding counter-motion. Whether it's visible to the human eye or not, one thing is certain – movement and change will occur as a result. Having studied these principles, author Raymond Holliwell not only understood the universal physical applications, he also understood the spiritual and mental applications as well. By using this law on a spiritual and mental level, Holliwell found that a specific thought could create a desired reaction in his personal and professional life through continual and dedicated practice. As he came to realize the expanded potential of this powerful law, he eventually recognized the ultimate source of the dramatic results – God.
