A unique look at America's doll icon correlates fashion trends with the makeup and hairstyles that the Barbie doll wore between 1959 and 1971. A close inspection of the doll, rather than just her clothes, gives insight on how her face was painted, how her hair was styled and all of the influences that kept her a fashion statement during the changing beauty developments from the Kennedy era through the Mod 1960s. Interesting and informative, with

fabulous photographs, *Face of the American Dream* will delight anyone who ever played with a Barbie doll, and for those who didn't, it is fun to read as a mass culture documentary about changing beauty trends.

Run Time: 71 minutes. The Elliott Wave Principle provides a comprehensive method of technical analysis based on crowd psychology and chart pattern recognition. In this 71-minute presentation, accomplished Elliott wave analyst Jeffrey Kennedy demonstrates how to turn simple Elliott wave analysis into trading strategies you can apply to almost any market -- from stocks to forex to commodities. You will learn how the Wave Principle helps you to identify the trend and countertrend moves; how to see when the trend is likely to end and resume; how to spot high-confidence trade setups and price targets; and how to manage risk by identifying price points that invalidate your outlook. Kennedy shows you the

four waves within a basic Elliott wave pattern that offer the best trading opportunities. You will also learn how to trade a variety of wave patterns -- such as zigzags, triangles, flats and diagonals -- as well as how to manage risk with clear entry, exit and stop levels. Elliott Wave Trading: Principles and Trading Strategies takes you from the basics all the way to real-world application, via these useful lessons: Which Elliott wave patterns are the most important Which waves are best to trade -- and which waves you should skip How to find high-confidence trade setups How to either execute your trade -- or know when to stand aside How to incorporate supporting technical analysis methods to add confidence to your outlook Filled with examples from actual markets,

Kennedy's high-energy presentation is easy to understand. Once you have viewed this DVD, you will know how to translate Elliott wave theory into real-world trading strategies.
