Security: Terrorism and Safety ... Airport security refers to the techniques and methods used in an attempt to protect passengers, staff, aircraft, and airport property from accidental/malicious harm, crime, terrorism, and other threats. Aviation security is a combination of human and material resources to safeguard civil aviation against unlawful interference.

Unlawful interference could be acts of terrorism, sabotage, threat to life and property, communication of false threat, bombing, etc. Aviation and Airport Security: Terrorism and Safety ...
