The Seven Essential Life Skills Every Child Needs ABC-CLIO
Health for Life provides the keys necessary for adopting healthy habits and committing to healthy living in high school and throughout the life span. The text covers all of the components of personal well-being, including physical, mental, emotional, social, and spiritual health. It provides students the knowledge in

making healthy choices and fosters the skill development required for taking healthy actions. Health for Life helps students in these ways:

- Analyze how key influences affect their health and wellness, such as family, peers, media, and technology
- Explore consumer topics and use appropriate resources to find answers to challenging questions
- Sharpen their interpersonal communication skills as they share health knowledge; debate controversial topics; demonstrate refusal, negotiation, and refusal skills; manage interpersonal conflicts; and promote healthy living among their peers
- Use decision-making skills and apply healthy living skills as they identify solutions to problems posed
- Evaluate their own health habits as they relate to a variety of behaviors
- Create goals for behavior change and establish plans for healthy living
- Communicate health information with family and advocate for healthy living at home and in their communities
- Discover how health and technology intersect on various topics

The text is divided into seven units of 20 chapters. The chapters help students explore a range of topics, including mental health, nutrition, physical activity, stress management, healthy relationships, avoiding destructive habits, and making good health choices throughout life. Health for Life has an abundance of features that help students connect with content in personal ways and retain the information. Here's a glance at some of those features:

- Lesson Objectives, Lesson Vocabulary, Comprehension Check, and Chapter Review help students prepare to dive in to the material, understand it, and retain it (standard NHES 1).
- Connect spurs students to analyze various influences on their health and wellness (standard NHES 2).
- Consumer Corner aids students in exploring consumer health issues (standard NHES 3).
- Healthy Communication gets students to use and expand their interpersonal communication skills as they share their views about various health topics (standard NHES 4).
- Skills for Healthy Living and Making Healthy Decisions help students learn and practice self-management so they can make wise choices related to their health and wellness (standard NHES 5).
- Planning for Healthy Living assists students in applying what they've learned as they set goals and establish plans for behavior change (standard NHES 6).
- Self-Assessment offers students the opportunity to evaluate their health habits and monitor improvement in health behaviors (standard NHES 7).
- Take It Home and Advocacy in Action prepare students to advocate for health at home and in their communities (standard NHES 8).
- Health Science and Health Technology focus on the roles of science and technology as they relate to health and where science and technology intersect regarding health issues.
- Living Well News challenges students to integrate health literacy, math, and language skills to better understand a current health issue. In addition, Health for Life is reinforced by its online resources for teachers and students. Following are highlights of these two invaluable resources.

Teacher Web Resource The Teacher Web Resource contains the following:

- Complete lesson plans; the first three lessons have a corresponding PowerPoint slide show
- An answer key to all worksheets and quizzes
- A test package that includes tests for each chapter; tests consist of multiple-choice, true-or-false, fill-in-the-blank, and short essay questions

All lesson plans and assessments support identified learning objectives. Each lesson plan includes these features:

- Preparing the Lesson (lesson objectives and preparation)
- Bell Ringer (a journal question for students, or a quiz or activity to begin class)
- Lesson Focus (main points of the lesson paired with a student worksheet)
- Lesson Application (main activity paired with a worksheet)
- Reflection and Summary (lesson review)
- Evaluate (student quiz or test or worksheet review)
- Reinforcing the Lesson (Take It Home and Challenge activities)

Student Web Resource The Student Web Resource contains these features:

-

All worksheets, quizzes, and other materials referred to in the lesson plans

- Vocabulary flip cards and other interactive elements from the iBook edition
- Expanded discussion of selected topics that are marked by web icons in the text
- Review questions from the text, presented in an interactive format for students to fill out to check their level of understanding

Delivering the content that will help students value and adopt healthy lifestyles, and loaded with the features and online resources that will help students understand and retain the content, Health for Life promises to be one of the most crucial texts for students today.

Discovering Life Skills is an exploratory overview of Family and Consumer Sciences designed for middle school use. Discovering Life Skills can be used for a six-week, nine-week, or semester course. The 25 chapters correlate to the FACS modules sold by a variety of vendors. See the Module Crosswalk in the Teacher Resource Guide. The content of Discovering Life Skills may be used along with popular modules often used in middle schools. Career Choices pages provide information about four careers related to the chapter, along with activities that link career choices to school and the workplace. Discover pages offer students an opportunity to apply their learning to a practical life skill by developing and implementing a plan and evaluating the result. Closer Look provides students an in-depth view of need-to-know topics such as how to say "NO", handling stress, organizing your closet, and practicing good citizenship skills. Internet Activities encourage students to search for information on the Internet related to the content of each chapter. Making Connections provides the curriculum links between Family and Consumer Sciences to Math, Science and Social Studies.
