Social studies teachers will find classroom-tested lessons and strategies that can be easily implemented in the classroom The Teacher's Toolbox series is an innovative, research-based resource providing teachers with instructional strategies for students of all levels and abilities. Each book in the collection focuses on a specific content area. Clear, concise guidance enables teachers to quickly integrate low-prep, high-value lessons and strategies in their middle school and high school classrooms. Every strategy follows a practical, how-to format established by the series editors. The Social Studies Teacher's Toolbox contains hundreds of student-friendly classroom lessons and teaching strategies. Clear and concise chapters, fully aligned to Common Core Social Studies standards and National Council for the Social Studies standards, cover the underlying research, technology based options, practical classroom use, and modification of each high-value lesson and strategy. This book employs a hands-on approach to help educators quickly learn and apply proven methods and techniques in their social studies courses. Topics range from reading and writing in social studies and tools for analysis, to conducting formative and summative assessments, differentiating instruction, motivating students, incorporating social and emotional learning and culturally responsive teaching. Easy-to-read content shows how and why social studies should be taught and how to make connections across history, geography,

political science, and beyond. Designed to reduce instructor preparation time and increase relevance, student engagement, and comprehension, this book: Explains the usefulness, application, and potential drawbacks of each instructional strategy Provides fresh activities applicable to all classrooms Helps social studies teachers work with ELLs, advanced students, and students with learning differences Offers real-world guidance for addressing current events while covering standards and working with textbooks The Social Studies Teacher's Toolbox is an invaluable source of real-world lessons, strategies, and techniques for general education teachers and social studies specialists, as well as resource specialists/special education teachers, elementary and secondary educators, and teacher educators.

*Princeton Review AP U.S. History Prep, 2023* Princeton Review  
A NEW YORK TIMES BESTSELLER A remarkable story about the power of friendship. Chosen by Essence to be among the forty most influential African Americans, the three doctors grew up in the streets of Newark, facing city life's temptations, pitfalls, even jail. But one day these three young men made a pact. They promised each other they would all become doctors, and stick it out together through the long, difficult journey to attaining that dream. Sampson Davis, George Jenkins, and Rameck Hunt are not only friends to this day—they are all doctors. This is a story about joining forces and beating the odds. A story about changing your life, and the lives of those you love most... together.

#### *The Path to War* Princeton Review

When war broke out in Europe in 1914, it surprised a European population enjoying the most beautiful summer in memory. For nearly a century since, historians have debated the causes of the war. Some have cited the assassination of Archduke Franz Ferdinand; others have concluded it was unavoidable. In Europe's Last Summer, David Fromkin provides a different answer: hostilities were commenced deliberately. In a riveting re-creation of the run-up to war, Fromkin shows how German generals, seeing war as inevitable, manipulated events to precipitate a conflict waged on their own terms. Moving deftly between diplomats, generals, and rulers across Europe, he makes the complex diplomatic negotiations accessible and immediate. Examining the actions of individuals amid larger historical forces, this is a gripping historical narrative and a dramatic reassessment of a key moment in the twentieth-century.

#### Hidden Heroism DigiCat

William Allison Sweeney's 'History of the American Negro in the Great World War' offers a comprehensive overview of African Americans' pivotal contributions during the First World War. Drawing upon official War Department records, Sweeney's detailed narrative not only encapsulates the valiant efforts of black soldiers in battle but also includes commendations from French and American military leaders. Notably, Sweeney's prose weaves a poignant tale within the broader literary context, correcting the oversight of these contributions in many historical texts, thus providing a more inclusive recount of the war. The text is both scholarly in its attention to detail and evocative in its literary execution, encapsulating an essential part of American history that is all too often neglected. William Allison Sweeney, in penning this significant tome, aimed to bring to light the underrepresented history of African American soldiers during WWI. A writer with a profound interest in the narratives of the Black community, Sweeney's work is a tribute to the valor and commitment of these soldiers. His effort to consult official records and include authoritative testimonials underscores his dedication to presenting an accurate and respectful account, one that would serve as a corrective to previously incomplete histories of the war. Sweeney's text is a crucial read for those seeking to understand the full spectrum of American participation in the Great War. It stands not only as a historical document but also as a testament to valor and sacrifice, one that should be part of any comprehensive study on the First World War. Readers interested in military history, African American studies, and American history, in general, will find 'History of the American Negro in the

Great World War' a profound addition to their collection, offering a narrative that is as informative as it is inspiring.

#### AP World History: Modern Premium, 2025: Prep Book with 5 Practice Tests + Comprehensive Review + Online Practice UNC Press Books

S. History Exam 2018, Premium Edition** Penguin

In analyzing the causes of World War I without concern for the

question of guilt, the author places emphasis on two central facts: first, that when statesmen and peoples took actions they knew might lead to war, they were not envisaging the catastrophe that the war became but rather a quick and limited war; and, second, that among the many conflicts that might have led to war, the one that did was the threat to the integrity of Austria-Hungary posed by Serbia and Serb nationalism.

**The Origins of the First World War** John Wiley & Sons  
The seminal event of the 20th century, the origins of the First World War have always been difficult to establish and have aroused deep controversy. Annika Mombauer tracks the impassioned debates as they developed at critical points through the twentieth century. The book focuses on the controversy itself, rather than the specific events leading up to the war. Emotive and emotional from the very beginning of the conflict, the debate and the passions aroused in response to such issues as the ‘war-guilt paragraph’ of the treaty of Versailles, are set in the context of the

times in which they were proposed. Similarly, the argument has been fuelled by concerns over the sacrifices that were made and the casualties that were suffered. Were they really justified?

*The Second Line of Defense* Waveland Press

An accessible and well-informed tour through a little-known, important aspect of race in American history.
