*A Story of Injustice in Iran* Tyndale House Publishers, Inc.

Winner of the 2015 Ruth Benedict Prize for Outstanding Edited Volume Sex, sexuality and sexual relationships are hotly debated in Indonesia, triggering complex and often passionate responses. This innovative volume explores these issues in a variety of ways. It highlights historical and newer forms of sexual diversity, as well as the social responses they provoke. It critiques differing representations of sexuality, pointing to the multiplicity of discourses within which sexuality and 'the sexual' are understood in modern-day Indonesia. Placing sexuality centre-stage and locating it within the specific historical context of the Reformasi era, this landmark volume explores understandings and practices across a wide variety of sites, focusing in on a diverse group of Indonesian actors, and the contested meanings that sexuality carries. Beginning with a substantive introduction and concluding with a scholarly reflection on key issues, the volume is framed around the four themes of sexual politics, health, diversity and representations. It seeks both to present new empirical findings as well as to add to existing theoretical analysis. This work fills an important gap in our understanding of the evolution and contemporary dynamics of Indonesian sexualities. It will be of interest to scholars and academics from disciplines including gender and sexuality studies, global health, sexual and reproductive health, anthropology, sociology and Asian studies.

By turns harrowing, moving, and ultimately redemptive, this is a war story -- a war that rages out of control on the streets of the United States, claiming the lives of our loved ones and neighbors. In this memoir, complete with child soldiers, unspeakable violence, and eventual salvation, we witness the journey of an East Coast member of the notorious Bloods gang coming to terms with the lost boy he was and the transformation into the man he wants to become. Unlike the child warriors of Mozambique and Sierra Leone, gang members and the wars they wage are the United States' homegrown nightmare. Lacking protection, support, or any alternatives, Dashaun Morris is forced into battle for the first time at age eleven, in the streets of Phoenix, when a friend's older brothers put him in a car filled with 40s and weed smoke, put a gun in his hands, then make him point it at the men on the corner and squeeze the trigger. The targets are Crips, of course, and, as Morris writes, "In the darkness of the streets, my childhood is murdered.... I am reborn -- a gangster." In this haunting, violent memoir, Morris takes us through an American childhood turned grotesquely inside out. In the fourth grade, he loses his first friend in a drive-by shooting. By high school he is the man, a champion on the football field by day and a reputable banger on his 'hood turf by night. Living the life of a gang banger, Morris does it all -- drug dealing, jacking, and continuing the aimless war with rival gang members -- almost opening fire one night on a close friend, a cheerleader, as she hangs out with young men he mistakes for Crips. He eventually makes it to college on a football scholarship, but on the verge of being drafted by the NFL, Morris can't escape his gang-banging mentality and gets caught up in crimes that snatch away all future hopes. Sitting in a prison cell, he anticipates the birth of his first child while counting the friends he's buried. War of the Bloods in My

Veins is part of Morris's redemption, a cry to his brothers that gang life is mental illness. It is a rare and brutally honest look into the relentless storm of abandonment, violence, crime, death, and the endless rush toward the complete and utter self-annihilation that plagues the lives of the young "soldiers" who die every day in our streets.

**Christ the Lord: The Road to Cana** Harper Collins

Drawing on the most important studies in psychology, human aggression, anthropology, and primatology, and on hundreds of original interviews conducted over a period of more than 20 years, this groundbreaking treatise urges women to look within and to consider other women realistically, ethically, and kindly and to forge bold and compassionate alliances. Without this necessary next step, women will never be liberated. Detailing how women's aggression may not take the same form as men's, this investigation reveals--through myths, plays, memoir, theories of revolutionary liberation movements, evolution, psychoanalysis, and childhood development--that girls and women are indeed aggressive, often indirectly and mainly toward one another. This fascinating work concludes by showing that women depend upon one another for emotional intimacy and bonding, and exclusionary and sexist behavior enforces female conformity and discourages independence and psychological growth.

**Woman's Inhumanity to Woman** Simon and Schuster

Soraya M.'s husband, Ghorban-Ali, couldn't afford to marry another woman. Rather than returning Soraya's dowry, as custom required before taking a second wife, he plotted with four friends and a counterfeit mullah to dispose of her. Together, they accused Soraya of adultery. Her only crime was cooking for a friend's widowed husband. Exhausted by a lifetime of abuse and hardship, Soraya said nothing, and the makeshift tribunal took her silence as a confession of guilt. They sentenced her to death by stoning: a punishment prohibited by Islam but widely practiced. Day by day—sometimes minute by minute—Sahebjam deftly recounts these horrendous events, tracing Soraya's life with searing immediacy, from her arranged marriage and the births of her children to her husband's increasing cruelty and her horrifying execution, where, by tradition, her father, husband, and sons hurled the first stones. A stark look at the intersection between culture and justice, this is one woman's story, but it stands for the stories of thousands of women who suffered—and continue to suffer—the same fate. It is a story that must be told.

*A Street Soldier's March Toward Redemption* Cambridge Scholars Publishing

Fifteen years after the tragic events of 9/11, bombs are still exploding and innocent people are being

killed by terrorist groups in both western and Islamic societies. Most of these sinisterly threatening events are motivated by religious claims, or are taking place in religiously affected places. Is religion the main cause of terrorism, or does terrorism still arise because of leaders who brainwash and coach future terrorists so that they kill under the banner of religion? The religious imagination seems to hold here an influential power in the creation of 'delusion' to orient the 'bigot' believers toward fulfilling their religious duty against those who are religious in a different way or are not religious at all. Religion, in this sense, is tightly allied with political aspirations. In spite of the religious justification of the act of killing, 'enlightened' religious leaders and religious-minded people believe and argue that religion is a source of love and affection. Therefore, the sacred texts of religious tradition must be read from a 'humanist' perspective because the ultimate message of religion is about the appreciation of the principle of humanity. This is a growing attitude among many religious people today who believe that God is merciful and compassionate, and never orders resentment, violence, and killing of innocent people. In addition, no true religious tradition appreciates self-serving interpretations promoting violence against others. If religion disregards love, affection, and compassion as its essence, it drops into the dire vortex of ideological dogma, as it is in the case for the Taliban, ISIS, Boko Haram, and Al-Shabab. Therefore, any interpretation that admits violence and killing would be a mere provincial reading of the religious texts agitated by purposeful intentions aimed at political goals. This book investigates and addresses the root causes of terrorism from a religious studies perspective. The themes analysed and discussed here mainly include a range of religious and philosophical issues such as religious violence in scriptural monotheism, radical interpretations of religious texts, militancy and sacrifice, apocalypticism and terrorism, and religious terrorism today. The book brings together new approaches adopted by the authors to not only trace the causes of terrorism in various religious interpretations and realms, but also reach a common definition of the main religious causes beyond diverse perspectives, and advance solutions against religious-inspired terrorism.

Peggy Orenstein, acclaimed author of the groundbreaking New York Times bestsellers *Girls & Sex* and *Schoolgirls*, offers a radical, timely wake-up call for parents, revealing the dark side of a pretty and pink culture confronting girls at every turn as they grow into adults. Sweet and sassy or predatory and hardened, sexualized girlhood influences our daughters from infancy onward, telling them that how a girl looks matters more than who she is. Somewhere between the exhilarating rise of Girl Power in the 1990s and today, the pursuit of physical perfection has been recast as the source of female empowerment. And commercialization has spread the message faster and farther, reaching girls at ever-younger ages. But how dangerous is pink and pretty, anyway? Being a princess is just make-believe; eventually they grow out of it . . . or do they? In search of answers, Peggy Orenstein visited Disneyland, trolled American Girl Place, and met parents of beauty-pageant preschoolers tricked out like Vegas showgirls. The stakes turn out to be higher than she ever imagined. From premature sexualization to the risk of depression to rising rates of narcissism, the potential negative impact of this new girlie-girl culture is undeniable—yet armed with awareness and recognition, parents can effectively counterbalance its influence in their daughters' lives.

In the summer of 1978, twenty-one-year-old Paul Wilson jumps at the chance to join two local icons on a dream surf trip to mainland Mexico, unaware their ultimate destination lies in the heart of drug cartel country. Having no earthly idea of where he'll get the money to pay his share, and determined to prove his mettle, he does the only thing he can think of: He robs a supermarket. And, if karma didn't already have enough reason to doom the trip, he soon learns one of his companions is a convicted killer on the run, and the other an unscrupulous cad. Mishap and misfortune rule the days, and mere survival takes precedence over surfing. Original photographs (including pre-kingpin El Chapo), and Wilson's strong narrative style, combine to make this true story personal—in the tradition of *Into The Wild* by Jon Krakauer, and *Barbarian Days, A Surfing Life* by William Finnegan—except this tale had to wait for the statute of limitations to expire before it could be told.
