I am writing this book because I have had many wondrous visions and spiritual experiences including a face to face talk with the Lord of Glory. I began hearing the voice of the Holy Spirit at the age of 18 even though I was not studying the Bible or going to church. I must explain; I am not writing this book from the point

of view of a historical, linguist, or a professional or a dogmatic religious Christian. I view scripture from a reality of many actual spiritual encounters including a face to face conversation with the Lord of Glory (Jesus the Christ) in which he qualified my understanding of organized religion by saying, 'what you say is true'. I had just made the statement, 'the people do not know you'. This would be because they follow the dictates of organized religion without having an actual relationship with the Spirit of God. This book is designed to expand your mind and give you a better understanding of the elusive and provocative subject of Bible prophecy at its conclusion, you will know the story, without question. This would include a unrepentable scientific explanation of creation, what really happened to Adam and Eve in the Garden of Eden, the purpose of Baptism and coded information found in the Bible. In today's world faith in God has become a myriad of life experiences. Everything from the ultra-conservative right who think that God is the sum total of the American historical understanding, to the rainbow liberal who thinks that religion is a necessary evil for the stability of the human psyche. This kind of thinking has fostered a new concept of spirituality and created a new order of the religious elite. If you cannot credential yourself with some seminary, university or college of higher learning, you are not considered to be qualified to be a leader in the church, by the clergy or the laity. Yet most non-Christians consider Christians to be psychologically inferior. I am not placing blame anywhere because there is enough blame to go around. But how have we arrived at such a place in time where this kind of thinking is so commonplace, not only in the churches

but also in every echelon of human endeavor. There is a conspiracy in this world today. It is found in our system of government, in our institutions of learning and in our social/religious endeavors: Keep them Guessing, keep modulating the frequency, never acknowledge the truth, glory in the darkness is the mentality that is slowly eroding the greatest society that has ever existed. The challenge for mankind today is to embrace not only wisdom (education) but to disdain all lies and falsehoods. If we consider ourselves to be enlightened, we must demonstrate a true example of understanding, based on knowledge and not dogma. I am a person who believes in the faithfulness of good people even before I developed a personal relationship with God. God believed in me because I believed in goodness a word that organized religion has written out of faithfulness but it's actually the very foundation faithfulness is based.

In the stories that make up *Oblivion*, David Foster Wallace joins the rawest, most naked humanity with the infinite involutions of self-consciousness -- a combination that is dazzlingly, uniquely his. These are worlds undreamt of by any other mind. Only David Foster Wallace could convey a father's desperate loneliness by way of his son's daydreaming through a teacher's homicidal breakdown (*The Soul Is Not a Smithy*). Or could explore the deepest and most hilarious aspects of creativity by delineating the office politics surrounding a magazine profile of an artist who produces miniature sculptures in an anatomically inconceivable way (*The Suffering Channel*). Or capture the ache of love's breakdown in the painfully polite apologies of a man who believes his wife is hallucinating the sound of his snoring (*Oblivion*). Each of these stories is a complete world, as fully imagined as most entire novels, at once preposterously surreal and painfully immediate.

Sanger Rainsford is a big-game hunter, who finds himself washed up on an island owned by the eccentric General Zaroff. Zaroff, a big-game hunter himself, has heard of Rainsford's abilities with a gun and organises a hunt. However, they're not after animals - they're after people. When he protests, Rainsford the hunter becomes Rainsford the hunted. Sharing similarities with "The Hunger Games", starring Jennifer Lawrence, this is the story that created the template for pitting man against man. When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice,

especially in the abuse of religion. In many ways, this book is a literature review of 1,800-plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that "buys faith with favor" from prisoners. The state veritably ordains the prisoner a "Field Minister" that represents the offices of the Governor, TDCJ Director, and wardens throughout the prison. Therein, TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors. Why is the director sponsoring psychopaths counseling psychopaths? In fact, TDCJ pays \$314 million a year to UTMB for psychiatric care and receives not a single report of the care given, and worse, for UTMB generates no reports itself. The underbelly TDCJ's executive culture of cover up is exposed. TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence. TDCJ Dir. Collier led the prison to model Louisiana Warden Burl Cain, the most scandal-ridden in penal history according to a host of published news stories for 20 years. Therein, Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism. Texas has no business endorsing the truth of any religion over another. We close with a proposal that utilizes the 400,000,000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision. Maness has been lobbying Austin for 15 years to definitively access staff for his "100,000 Mothers' 1% Certainty Parole Texas Constitutional Amendment," which would revolutionize prison culture and

save Texans millions of the dollars. Hearts, Minds, and Hydras Harper Collins Film director, author Taavi Kassila hears that Jesus of Nazareth probably travelled to India in his youth. He starts looking for evidence and comes across the story of Nicolas Notovitch. In 1887, this Russian historian travelled to the Himalayas and found a manuscript in a Buddhist monastery that told the story of the lost years of Issa, as Jesus is called in the Pali language. Kassila travels to India and starts writing a film script for a suspense movie about the secret years of Jesus. During his travels he finds manuscripts from five religions, which all say that Jesus studied in India and that he did not die on the cross. What happened after the crucifixion, that you will come to know by reading this investigative documentary novel. Why were the lost years of Jesus removed from the Bible? Why was the truth of the crucifixion hidden? This suspense story reveals the secrets of Jesus' life and death. Be prepared to hear the greatest story that has never been told.

"Lois Drake's gift for storytelling takes us on a journey for the discovery of timeless spiritual truths. Readers will love Issa!" —Paul Davids, writer and director of the film *Jesus in India* The Bible explicitly records the life of Jesus with one exception—his life between the ages of 13 and 30. Yet ancient Buddhist scripture records the life of Saint Issa, which astoundingly parallels the life of Jesus of Nazareth. Weaving together a dramatic tapestry of people, places and events, this novel envisions Jesus's life during the missing years, his journey through Asia, the power within that he had to master, and the tests of the heart he had to pass before he could change the world."

This book is based on the true history of Allah "the Father" and His great Nation of Gods and Earths known as the Five Percenters. This is the greatest story that was never told by the Gods and the Earths during their younger years with Allah "the Father" from the early 1960s up until the time of his assassination on June 13, 1969. This was a time of struggle for the Black Man, Woman, and Child (the Universal Family). This was the time of "the Big Five", who were: Allah "the Father", who brought about the Nation of Gods and Earths known as the Five Percenters; the Honorable Elijah Muhammad, who was the last and greatest messenger of Allah, also the leader and teacher of the Black Muslims; Malcolm X of the new arrival; Dr. Martin Luther King, Jr., the civil rights leader; and the Black Panther Party on the East and West coasts. These five groups were called the Big Five, because they had the attention of every Black Man, Woman, and Child in the wilderness of North America and other parts of our planet. There was a host of other Black groups as well. This was a time when the Five Percenter's teachings were being taught/spoken so plain and simple that even a child could understand. Black people were on the rise, and it was a time for a change—for Black Man, Woman, and Child to take their place on earth. Peace!
