*Financial Freedom with Real Estate Investing* Biggerpockets Publishing, LLC

This book will teach you how to: • Achieve wealth and cash flow through real estate • Find property with real potential • Show you how to unlock the myths that are holding you back • Negotiating the deal based on the numbers • Evaluate property and purchase price • Increase your income through proven property management tools

*The ABCs of Raising Capital* RDA Press, LLC

Return to Orchard Canyon... a Business Novel... Unlike any other business book, Return to Orchard Canyon will get you thinking—and working—toward a future you once thought was just a pipe dream. This is the story of David Reynolds, his father Ron, and his daughter Meghan. Through these unlikely teachers you'll discover a path to understanding the plight of modern-day life. A life you yourself may be living and questioning... So many people are feeling trapped and uncertain as their life unfolds. How exactly did your dreams pass you by? No matter who you are—how old you are or where you are in life—you can find that place of youthful energy and excitement again. It starts by returning to your own Orchard Canyon. Sometimes the best thing you can do in business and in life is to reinvent yourself. To go forward and embrace something new. Or... return to an earlier time and capture a dream that has eluded you. Sometimes that truth comes to you against your will. From unusual sources. When you least expect it. Destiny happens with or without your consent. Journey with us to Orchard Canyon, a real place tucked between the red rocks of Sedona, Arizona and the picturesque Oak Creek. Once there, you may discover that what was old is new and what you thought was impossible in your life can really happen. If you let it. Return to Orchard Canyon is a story that vividly captures the real feelings too many people have today. A sense of working for a paycheck, giving up their lives to make a living, and throwing any dreams they may have had aside as impractical, impossible. A trade-off... for survival. Return to Orchard Canyon dispels the myth that living means sacrificing and replaces it with the reality that our nation was built on the backs of dreamers who took risks. Why not you? Why not today? Why not return to your own Orchard Canyon. Inspiring and actionable, this book will show you the way.

We are called to be architects of the future, not its victims." - R. BUCKMINSTER FULLER In *Infinite Returns*, Robert—with Kim and their top-notch team of Advisors—dives into how the economic and social climate of 2020 has set the stage for a decade of unprecedented challenges as well as opportunities. He draws on his study of Bucky Fuller for vision and guidance as well as noted economists in comparing and contrasting economic theories, and looks to the future, the decade ahead, through the lens of 'cosmic accounting.' Kiyosaki uses lessons from the past to envision the future and peppers that vision with doses of today's reality... while never losing sight of the power of optimism and the individual's power to affect change—in themselves and in our world. The book includes chapters from Kim, the Rich Dad Advisors, and the Rich Dad business team who offer insights on how to achieve infinite returns: Ken McElroy, Blair Singer, Garrett Sutton, Andy Tanner, Tom Wheelwright, Josh and Lisa Lannon, John MacGregor, Mona Gambetta, and Doctors Radha Gopalan and Nicole Srednicki.

"Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." --Michael Maloney, precious metals investment expert and historian; founder and principal, Gold & Silver, Inc. The *Advanced Guide to Investing Gold and Silver* tells readers: The essential history of economic cycles that make gold and silver the ultimate monetary standard. How the U.S. government is driving inflation by diluting our money supply and weakening our purchasing power Why precious metals are one of the most profitable, easiest, and safest investments you can make Where, when, and how to invest your money and realize maximum returns, no matter what the

economy's state Essential advice on avoiding the middleman and taking control of your financial destiny by making your investments directly.

*The Book on Managing Rental Properties* RDA Press, LLC

Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. THIS BOOK WILL TEACH YOU HOW TO: • Secure your investment money • Find your ideal market—and a positive-cash-flow property • Efficiently manage your property • Handle your record keeping • Boost revenues and cut costs • File your taxes using a step-by-step process • Build your real estate portfolio

Tax-Free Wealth is about tax planning concepts. It's about how to use your country's tax laws to your benefit. In this book, Tom Wheelwright will tell you how the tax laws work. And how they are designed to reduce your taxes, not to increase your taxes. Once you understand this basic principle, you no longer need to be afraid of the tax laws. They are there to help you and your business—not to hinder you. Once you understand the basic principles of tax reduction, you can begin, immediately, reducing your taxes. Eventually, you may even be able to legally eliminate your income taxes and drastically reduce your other taxes. Once you do that, you can live a life of Tax-Free Wealth.

If you're interested in real estate investing, you may have noticed notice the lack of coverage it gets in mainstream financial media, while stocks, bonds, and mutual funds are consistently touted as the safest and most profitable ways to invest. According to real estate guru Ken McElroy, that's because financial publications, tv and radio programs make the bulk of their money from advertising paid for by the very companies who provide such mainstream financial services. On the other hand, real estate investment is something you can do on your own--without a large amount of money up front! Picking up where left off in the

bestselling *The ABC's of Real Estate Investing*, McElroy reveals the next essential lessons and information that no serious investor can afford to miss. Building on the foundation of real estate investment 101, McElroy tells readers: How to think--and operate--like a real estate mogul "The Top Ten Real Estate Markets to Watch" How to identify and close expert deals Why multifamily housing is the best real estate investment out there How to surround yourself with a team that will help maximize your money How to avoid paying thousands in taxes by structuring property sales wisely Important projections about the future of real estate investment And more.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 Every business and every industry has people who seem to drip with success. They seem to know all the right people, make all the right decisions, and be in all the right places at the right time. But these successes are not the result of magic or luck. They are the result of hard work and preparation.

#2 All you need to invest in real estate is a good deal that makes sense and solid financials. You don't need hundreds of thousands of dollars in the bank to invest in real estate, and you don't need millions. All you need is a good deal that makes sense. #3 There are thousands of people interested in investing in real estate, particularly when other investment vehicles, such as the stock market and bonds, are declining. Just look around at a Rich Dad Seminar. #4 While buying a \$2 million house may seem like a big leap, it is not as risky as it seems. When you buy a house or a condo and rent it out, appreciation of the property depends on the appreciation of the neighborhood. However, when you buy and manage commercial properties, such as apartment buildings, appreciation is based on the cash flow of the property itself.
