In 1989,
Peter's young
life is an unfair
and miserable

existence,
even before
events unfold
far beyond his
isolated, rural
corner of the
world. He is
left alone to
 fend for
himself and to
survive in
impossible
circumstances
. In the dying
throes of the
Cold War,

testing of
experimental
bioweapons
goes wrong in
the worst kind
of way. As the
media
coverage of
disorder and
chaos in
London
spreads, so
too does the
disease that
makes the
hosts it

invades exist with just one goal: to find more living flesh to infect. Pockets of survivors, meanwhile, struggle to comprehend the nature of this new enemy. Cut off from information and senior leadership, one squadron of armoured troops finds itself forced to operate independently, until the remnants of military and government command re-establish themselves safely at sea in the English

Channel. The dead, however, have a different agenda, and begin to exhibit behaviour that could eradicate the human race from the world. *Annihilation* Vulpine Press
A wailing moan. A stumbling walk. A horrid stench. You never thought it could happen, but zombies walk the streets with an unending hunger for flesh. With a single bite or scratch, you'll become one

of the undead monsters. When YOU CHOOSE what to do next in this eBook, will you be able to survive the zombie hordes? *Toy Soldiers Book Five* Createspace Independent Pub
For fans of The Chronicles of Narnia comes the first book in the Wildwood Chronicles, the New York Times bestselling fantasy adventure series by Colin Meloy, lead singer of the Decemberists, and Carson

Ellis, acclaimed illustrator of *The Mysterious Benedict Society*. In *Wildwood*, Prue and her friend Curtis uncover a secret world in the midst of violent upheaval—a world full of warring creatures, peaceable mystics, and powerful figures with the darkest intentions. And what begins as a rescue mission becomes something much greater as the two

friends find themselves entwined in a struggle for the very freedom of this wilderness. A wilderness the locals call *Wildwood*. *Wildwood* captivates readers with the wonder and thrill of a secret world within the landscape of a modern city. It feels at once firmly steeped in the classics of children's literature and completely fresh at the same time. The story is told from multiple points of view,

and the book features more than eighty illustrations, including six full-color plates, making this an absolutely gorgeous object. Supports the Common Core State Standards *Apocalypse* Blackstone Publishing The New York Times and USA Today bestselling series They dive so humanity survives ... More than two centuries after World War III poisoned the planet, the final bastion of

humanity lives on massive airships circling the globe in search of a habitable area to call home. Aging and outdated, most of the ships plummeted back to earth long ago. The only thing keeping the two surviving lifeboats in the sky are Hell Divers—men and women who risk their lives by skydiving to the surface to scavenge for parts the ships desperately need. When one of the

remaining airships is damaged in an electrical storm, a Hell Diver team is deployed to a hostile zone called Hades. But there's something down there far worse than the mutated creatures discovered on dives in the past—something that threatens the fragile future of humanity. *Day Soldiers* Black Spot Books Survival is just the beginning... Dylan, hotheaded and fiery, finds herself

on the wrong side of the clock when she's infected with the Vita virus. Doomed to turn into a flesh-eating zombie, she only has 72 hours to find a cure. The countdown has begun. In a race against time, she sets off on a desperate journey through the zombie-infested country. But the undead aren't the only dangers she'll face in her bid to find a remedy to the disease that's already begun to eat away at

her sanity.
Can she save herself before it's too late?
Book 1 of a thrilling new post-apocalyptic series, *Apocalypse Z*. Hold on to your seat because this is going to be one hell of a ride! Grab your copy now!

The Good Son: a Story from the First World War, Told in Miniature

Createspace Independent Publishing Platform
In the tradition of *In Cold Blood* and *The*

Executioner's Song, this haunting, insightful, and surprisingly intimate portrait of Saddam Hussein provides "a brief, but powerful, meditation on the meaning of evil and power" (*USA TODAY*). The "captivating" (*Military Times*) *The Prisoner in His Palace* invites us to take a journey with twelve young American soldiers in the summer of 2006. Shortly after being deployed to Iraq, they

learn their assignment: guarding Saddam Hussein in the months before his execution. Living alongside, and caring for, their "high value detainee and regularly transporting him to his raucous trial, many of the men begin questioning some of their most basic assumptions—about the judicial process, Saddam's character, and the morality of modern war. Although the young soldiers'

increasingly intimate conversations with the once-feared dictator never lead them to doubt his responsibility for unspeakable crimes, the men do discover surprising new layers to his psyche that run counter to the media's portrayal of him. Woven from firsthand accounts provided by many of the American guards, government officials, interrogators, scholars, spies, lawyers,

family members, and victims, *The Prisoner in His Palace* shows two Saddams coexisting in one person: the defiant tyrant who uses torture and murder as tools, and a shrewd but contemplative prisoner who exhibits surprising affection, dignity, and courage in the face of looming death. In this thought-provoking narrative, Saddam, known as the "man without a conscience," gets many of

those around him to examine theirs. "A singular study exhibiting both military duty and human compassion" (Kirkus Reviews), *The Prisoner in His Palace* grants us "a behind-the-scenes look at history that's nearly impossible to put down...a mesmerizing glimpse into the final moments of a brutal tyrant's life" (BookPage). *Apocalypse* Five Beacon Press "...Across the globe the final

bastions of humanity hang on by a thread. In Europe the last great fortified town is besieged by the largest zombie horde that has been seen since the outbreak...In the United States, after being forced from their homes many years before, the survivors of the town of Babylon lead a nomadic lifestyle and have reached Mexico...In the southern hemisphere the Flotilla has fought and struggled for ten years but

it is now time for them to settle down. After making contact with a new community they decide to risk it all in one last gamble..."--P. [4] of cover. [A Post-Apocalyptic Survival Series](#) Virgin Pub What if I were to tell you that virtually every plant and animal species known to mankind is on the verge of going out of existence? Add to that the shocking news that mankind himself is being

permanently modified to where the actual scientists performing these experiments upon humanity even admit that if we keep this up, "There will be no true humans left." All three nightmarish scenarios are not only happening around the world as we speak, but there is virtually little to no oversight to stop them, which means our planet is being thrust

headlong into a horrible apocalyptic ending of Biblical proportions. Therefore, this book, *Hybrids, Super Soldiers & the Coming Genetic Apocalypse Vol.1* seeks to equip you the reader with the hardcore scientific evidence and Biblical warnings from God concerning this modern day annihilation of virtually all life forms on the planet. Here you will see such shocking behaviors as: The Sign of

Hybrids, The History of Hybrids, The Dangers of Hybrids & Animal Enhancements .
The Wrath of the Just
 Createspace Independent Publishing Platform
 There can be no victory without annihilation. A lull in the onslaught of infected breeds a false sense of security for Johnson and his expanded group. Once again, events unfolding far beyond their knowledge conspire to

bring a new type of terror to the survivors. Others, displaced from what had been their place of safety, struggle to survive against age-old enemies: cold and hunger. In a bold move, they break out, only to make unexpected discoveries which could spell a chance for them to survive. In a bid to undo all progress, the untested serum is deployed on a massive scale which tips the

scales steeply against humanity's chances to win. To live. To remain the dominant species on Earth. Fleeing the seemingly unstoppable enemy, they pin their hopes on a final attempt for freedom, but that means they must turn their backs on their home forever.

Classic Punisher

Simon and Schuster
The end of the world is coming. How or when, scientists can't agree

upon. For decades, Earth's best line of defense has been a team of young soldiers known as the Apocalypse Five, forced into virtual reality simulations to train for Doom's Day. But, this is no game. Death on the grid is brutally final and calls up the next in a long line of cadets.

Stationed aboard the AT-1-NS Starship, the A5 are celebrities thrust into the limelight by a calling they

didn't choose. All it takes is one unscheduled mission, showing seventeen-year-old team leader Detroit a harsh and unfathomable reality, to shake the A5's belief in all they thought they knew. After questioning people with the power to destroy them, the team is framed for a crime they didn't commit and marked for death. Now, the hunt is on. Can the Apocalypse Five expose the truth the

starship would
kill to keep
hidden? Or,
will their
bravery end in
a public
execution?

Teaming up with his best friend, James frantically fights his way back to his missing family. But on a trail of clues littered with corpses, reaching his loved ones means venturing deeper into the deadly unknown... Can James

reunite with his family before he's consumed by a relentless pack of zombies? *Fallout* is the first book in a gritty post-apocalyptic series. If you like spine-crawling suspense, ruthless zombies, and rugged survival stories, then you'll love *Derek Shupert's* dark coming-of-age tale. Buy *Fallout* to unlock an infectious thriller today! **A Novel** Independently Published

BATTLE IS BACK He survived The Scourge, defeated The Cartel, and escaped The Dwellers. Now he wants revenge. After a brutal attack on his homestead, Marcus Battle seeks to find the men who took away his second chance at life in a post-apocalyptic world. When he does, they'll wish they'd left him alone. *Projects for the Apocalypse and After* Candlewick Studio

SOMETHING WORSE THAN DEATH IS HAPPENING IN THE JUNGLE...It was supposed to be Vince Carter's last summer internship before graduation. It was supposed to be two months in the Amazon jungle before he began full-time work for the company Genizyz. Vince is counting down the days he has left when one of his teammates is injured by a strange creature that closely

resembles a dinosaur. While the rest of his team is excited about his discovery and speculating about what it could mean, both for Genizyz and society as a whole, Vince worries about his injured teammate Sandy. Everything changes when Sandy kills another member of their team, it is not long before camp is overrun with zombies. Vince must face his fears as he fights these terrible

monsters while grappling with other teammates about how to handle the discovery. They insist on returning with what he believes to be the zombie causing contagion while he wants to leave it all behind in the deep jungle. If you like suspenseful zombie stories that end with a bang, this story is for you. Fans of Jurassic Park, the Walking Dead, and World War Z will enjoy this

novel. Sneak PeekI warned her. She didn't listen. Now look what's happened.I firmed my resolve.This is the only way.A zampy cried out, a noise like a sharp bark. The monsters could not know what I was planning but we had made assumptions about them before that proved wrong so even though I knew it irrational to think they could read my mind I was not so sure. We didn't know how they

communicate d with their zombie minions so I couldn't rule out telepathy.The zampys could sense my presence, even though the dungeon was windowless, of that I was sure.These lizard monsters that resembled dinosaurs were far more intelligent than any of my co-workers supposed.My bag was heavy with ammunition and my knockoff Colt .45 was carefully

concealed inside my jacket. Nobody had ever thought to install a metal detector, as the remaining team leader I was above suspicion and had passed the guard without question.The thought I would destroy my own discovery was unthinkable.Thank you, Sharon.I had planned every move and needed less than a minute to dispatch the monsters on the other side. They were behind

bars so it would be like shooting fish in a barrel. Easier really. I have no refraction issues. It could all be over in a minute. Yet I hesitated. I had decided to stop this madness long ago. Each time I had tried, Sharon had foiled me or convinced me to do otherwise. She cannot stop me now. And that was part of why I was finally here. Sharon was now sequestered in a windowless padded room. She could only

speak with grunts and groans, assuming she still knew what it meant to be human. She could no longer use her brain. While I had already designated her a zombie, the higher-ups of Genizyz were not yet ready to accept the truth that was right in front of them. Lurching like a dead woman walking. *World of Ashes* Hachette UK Erlene lives silently inside her mind,

communicating only with imaginary Uncle Black Beetle. Her parents believe that she must be cured of her muteness and that once she is cured she will make a statement crucial to humankind. Fallout Vintage Quinn, now keeping unexpected company, returns to Jackson to find his friends had been and gone. Facing a choice of north or south -- of home or unfamiliar territory -- he

has to make the tough call and deal with the consequences. Rivera and Valentina are in Helena, where they struggle to tell allies from enemies. The race is on to get back to Zion and uncover the traitor before disaster strikes. Operating in the open, the game of telling friend from foe becomes deadly. Don't miss Book 2 in a harrowing post-apocalyptic series from the bestselling

author of *After it Happened*. Perfect for fans of the *Fallout* games, Bobby Adair, and T.W. Piperbrook. *Apocalypse Z* Independently Published "Teddy bears, dollies, and little green soldiers - they've all had enough of you. They're sick of being treated like playthings for spoiled little brats. They have no rights, no property, no hope for a future of any kind. You've left them with no other option - in

order to be free, they must exterminate the human race. Julie is a human girl undergoing reconstructive surgery in order to become a stuffed animal. Her plan: to infiltrate enemy lines in order to save her family from the toy death camps. But when an army of plushy soldiers invade the underground bunker where she has taken refuge, Julie will be forced to move

forward with her plan despite her transformation being not entirely complete."-- Page 4 of cover.

Our Country Friends
Independently Published
On a warm summer night in New York City, the apocalypse begins. Within days, the deadly Medusa virus is sweeping the globe like a wildfire, pushing humanity to the brink of extinction. As civilization crumbles around him,

survivor Adam Fisher will discover a flicker of hope that will send him on a quest through a ruined American landscape.

A Post-Apocalyptic Survival Series
Virgin Books Limited
SOCIETY HAS FALLEN, the world is infected, and one young man, Kip Garrity, must venture out into the ruins of his small town to find the medicine that can save his dying father. The only problem is, their town

is overrun by the victims of a virus that turned most of humanity into mindless cannibals. Luckily, Kip has been well trained for this. His father was in Army Special Forces and taught him everything he knows about guns, survival, and the virus - but it may not be enough. In the ruins of his once idyllic town, Pelham Park, Kip will encounter a test he never prepared for when he meets a girl from his past who turns his

mission upside down, and a band of violent killers led by a sadist who calls himself "The Colonel" and takes a special interest in pushing Kip to his limits. Faced with a

terrifying ultimatum, Kip will have to find a new way to save the people he loves, or forever lose his humanity. **Scented Gardens for the Blind** Harper Collins The exciting second book

in a Post-Apocalyptic survival series that will leave you on the edge of your seat. It's perfect for fans of World War Z, Fallout, and Mockingjay. Coming Q2 2021!
