Managing Business Ethics SAGE Publications

Given the ever-growing interest in the benefits of mindfulness to organizations and the individuals who work in them, this Companion is a comprehensive primary reference work for mindfulness (including creativity and flow) in the workplace, including business, healthcare, and educational settings. Research shows that mindfulness boosts creativity through greater insight, receptivity, and balance, and increases energy and a sense of wellbeing. This Companion traces the genesis and growth of this burgeoning field, tracks its application to the

workplace, and suggests trends and future directions. With contributions from leading scholars and practitioners in business, leadership, psychology, healthcare, education, and other related fields, The Routledge Companion to Mindfulness at Work is an extensive reference work which will be a vital resource to the fields of management and organizational studies, human resource management, psychology, spirituality, cultural anthropology, and sociology. Each chapter will present a listing of key topics, a case or situation that illustrates the application of the themes, workplace lessons, and reflection questions.

Management Managing Business Ethics Straight Talk about How to Do It Right

Managing Business Ethics: Making Ethical Decisions teaches students how to navigate ethical issues they will encounter using

the weight-of-reasons approach applied throughout the book. This decision-making framework's goal is not to faithfully apply particular philosophical perspectives on what is right, but rather to solve ethical problems. Authors Alfred A. Marcus and Timothy J. Hargrave underscore the need for employees at all levels to carefully consider the ethical implications of their actions using this approach and it can be applied at the individual, organizational, and stakeholder levels. Each chapter provides a case to walk through application of the framework and mini-cases allow students to practice applying this framework on their own. A wide range of real-world case studies are presented, featuring companies such as Facebook, Google, Wells Fargo, Volkswagen, and Amazon. This practical, down-to-earth text also delves into topics not covered extensively by other books such as slow and fast thinking, the inherent conflict between the individual and organization, conformity, and the difficulties of speaking truth to power. Students are offered ample opportunity to engage in thoughtful reflection, discussion, and application as they grapple with ethical issues big and small.

Business Ethics Springer Nature

Current Issues in Business Ethics analyzes the questions which underlie business activities, arguing that the prime object for a legitimate business must be sustainability. It also looks at the issues between individuals and business and asks whether businesses can support their employees as an alternative to family and church. Finally it assesses the impact of most recent trends in business looking at: * the activities of multinational companies * the changing gender balance * privatization * the loss of power of the trade unions.

Straight Talk about how to Do it Right John Wiley & Sons Management: An Introduction provides a comprehensive account of the themes and functions of management. Aimed at the first-time student of the subject, this is an accessible and academically rigorous text which brings the topic to life with a wide range of appealing and readily identifiable examples.

The Fulfilling Workplace OUP Australia & New Zealand

The most comprehensive book on health services ethics, this text is indispensable for education in health services organization and management, strategic planning, finance, marketing, and nursing administration. From the core principles of respect for persons, beneficence, nonmaleficence, and justice, as supplemented by virtue ethics, readers learn essential steps to effectively identify and solve ethical problems. More than 75 case studies and vignettes allow opportunities to analyze and apply ethical decision making across a range of care delivery settings and topics, including patient autonomy, end-of-life decisions, consent for treatment, resource allocation, whistle-blowing, confidentiality, and more. An extensive index helps readers locate and explore specific topics. Instructor materials available.

A Practical Approach John Wiley & Sons

It is very easy for organizations to ignore or overlook the impact of social and commercial change-of increased pressure to deliver profit (above all else) and of transformation in the ways in which we are now working-on the mental health and, consequently, the performance of their employees. And yet there is plenty of evidence that in many workplaces, performance is down, stress is up and professional employees are struggling to balance their home and work lives. This collection, while looking at individuals,

places the spotlight on organizational initiatives to support the development of attitudes, values, character and behaviors in employees. The aim of these initiatives is to increase our resilience to those experiences and events which impact on performance. There is a particular focus on managerial and professional jobs where employee discretion and commitment are critical. The Fulfilling Workplace extends the themes developed in early titles in the Psychological and Behavioral Aspects of Risk Series deeper into organizations; to explore the organization's role in coming to grips both with human frailties and toxic workplaces-both destructive to individual and organizational health.

www.wileystudentchoice.com Linda Treviño and Kate Nelson bring together a mix of theory and practice in *Managing Business Ethics: Straight Talk about How to Do It Right*, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior

executives.

Managing Human Excellence in Organizations Routledge
The third edition of this book introduces business ethics concepts, tools and theories, then applies them to key stakeholder groups. It takes a global approach in a market dominated by US texts. The accessible style and thorough pedagogy ensure the book is both student- and teacher-friendly.

Managing Corporate Citizenship and Sustainability in the Age of Globalization McGraw-Hill Companies

In a series of articles specifically commissioned for this volume, some of today's most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics. Sections of the book cover topics such as the often easy relation between business ethics and capitalism, the link between business ethics and ethical theory, how ethics applies to specific problems in the business world, the connection between business ethics and related academic disciplines, and the practice of business ethics in modern corporations. Includes extensive, accessible discussion of all of the main areas of interest and debate in business ethics Features all original contributions by distinguished authors in business ethics Includes an annotated table of contents, bibliographies of the relevant literature and a list of internet sources of material on business ethics Perfect, comprehensive book for use in business ethics courses

[Managing Business Ethics](#) Oxford University Press

Do you want to make sure you · Don't invest your money in the next Enron? · Don't go to work for the next WorldCom right before the crash? · Identify and solve problems in your organization before they send it crashing to the ground? Marianne Jennings

has spent a lifetime studying business ethics---and ethical failures. In demand nationwide as a speaker and analyst on business ethics, she takes her decades of findings and shows us in *The Seven Signs of Ethical Collapse* the reasons that companies and nonprofits undergo ethical collapse, including:

- Pressure to maintain numbers
- Fear and silence
- Young 'uns and a larger-than-life CEO
- A weak board
- Conflicts
- Innovation like no other
- Belief that goodness in some areas atones for wrongdoing in others

Don't watch the next accounting disaster take your hard-earned savings, or accept the perfect job only to find out your boss is cooking the books. If you're just interested in understanding the (not-so) ethical underpinnings of business today, *The Seven Signs of Ethical Collapse* is both a must-have tool and a fascinating window into today's business world.

Business Ethics in Action Routledge

This accessible, applied text covers the complex environment in which managers confront ethical decision making. Using a managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs--helping students see how ethics can be integrated into key strategic business decisions. The Seventh Edition incorporates comprehensive and rigorous updates that reflect the ever-increasing academic and governmental attention being given to this area. The textbook program provides an abundance of real-world examples and cases, as well as exercises, simulations, and practice tests that provide plenty of opportunity for students to master the text material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics, Seventh Edition Harvard Business Press

Business Ethics teaches students how to create organizations of high integrity and superior performance. Author Denis Collins and new co-author Patricia Kanashiro walk readers through designing ethical organizations using an Ethical Systems Model that outlines best practices for hiring, training, making ethical decisions, and fostering trust. The substantially revised Third Edition integrates the most current research findings; includes three new chapters on corporate governance and stakeholder relationships, global sustainability, and global corporate citizenship; and explores timely topics through new case studies on the opioid crisis, the #MeToo movement, climate change, and business responses to the COVID-19 pandemic. Business Ethics Routledge

ARE YOUR WORKING RELATIONSHIPS WORKING AGAINST YOU? To achieve your goals and get ahead, you need to rally people behind you and your ideas. But how do you do that when you lack formal authority? Or when you have a boss who gets in your way? Or when you're juggling others' needs at the expense of your own? By managing up, down, and across the organization. Your success depends on it, whether you're a young professional or an experienced leader. The HBR Guide to Managing Up and Across will help you: Advance your agenda—and your career—with smarter networking Build relationships that bring targets and deadlines within reach Persuade decision makers to champion your initiatives Collaborate more effectively with colleagues Deal with new, challenging, or incompetent bosses Navigate office politics

Business Ethics Ft Press

This book brings together a wide range of topics in leadership ethics and business ethics. It approaches these topics from the perspective of the humanities as well as the social sciences. About half of the book is on leadership and the other half on topics in business ethics. Besides these general areas of research, the book explores how to teach and study ethics in both business ethics and leadership studies. Specifically, it examines issues ranging from the nature of ethical leadership, to studies of authenticity, virtue, and the public and private morality of leaders. In business ethics, the subjects covered span from

moral imagination, to casuistry, meaningful work, and workplace ethics. The book includes a section on the importance of liberal arts for studying and teaching ethics in business and professional schools. It concludes with a reflection on the ethical challenges of leaders and followers in a world where some leaders have inverted moral values.

The Business Ethics Field Guide Pearson Education India Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses.

Ethics & Responsibilities John Wiley & Sons

Access tips, tricks, and techniques that have been fully updated to reflect the latest capabilities of Microsoft Excel Create and use formulas that have the power to transform your Excel experience Leverage supplemental material online, including sample files, templates, and worksheets from the book Business Ethics John Wiley & Sons

The seventh edition of this pragmatic guide to determining right and wrong in the workplace is updated with new case studies, exercises, and ancillary materials. Joseph Weiss's *Business Ethics* is a pragmatic, hands-on guide for determining right and wrong in the business world. To be socially responsible and ethical, Weiss maintains, businesses must acknowledge the impact their decisions can have on the world beyond their walls. An advantage of the book is the integration of a stakeholder perspective with an issues and crisis management approach so students can look at how a business's actions affect not just share price and profit but the well-being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss includes twenty-three cases that immerse students directly in contemporary ethical dilemmas. Eight new cases in this edition include Facebook's (mis)use of customer data, the impact of COVID-19 on higher

education, the opioid epidemic, the rise of Uber, the rapid growth of AI, safety concerns over the Boeing 737, the Wells Fargo false saving accounts scandal, and plastics being dumped into the ocean. Several chapters feature a unique point/counterpoint exercise that challenges students to argue both sides of a heated ethical issue. This edition has eleven new point/counterpoint exercises, addressing questions like, Should tech giants be broken apart? What is the line between free speech and dangerous disinformation? Has the Me Too movement gone too far? As with previous editions, the seventh edition features a complete set of ancillary materials for instructors: teaching guides, test banks, and PowerPoint presentations.

Business Ethics SAGE Publications

Ethics for Today This is a pragmatic, hands - on, up - to - date guide to determining right and wrong in the business world. Joseph Weiss integrates a stakeholder perspective with an issues - oriented approach so students look at how a business's actions affect not just share price and profit but the well - being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss uses a wealth of contemporary examples, including twenty - three customized cases that immerse students directly in recent business ethics dilemmas and ask them to consider how they would resolve them. The recent economic collapse raised ethical issues that have yet to be resolved - there could not be a better time for a fully updated edition of Weiss's classic, accessible blend of theory and practice. New to the Sixth Edition! New Cases! Fourteen of the twenty - three cases in this book are brand new to this edition. They touch on issues such as cyberbullying, fracking,

neuromarketing, and for - profit education and involve institutions like Goldman Sachs, Google, Kaiser Permanente, Walmart, Ford, and Facebook. Updated Throughout! The text has been updated with the latest research, including new national ethics survey data, perspectives on generational differences, and global and international issues. Each chapter includes recent business press stories touching on ethical issues. New Feature! Several chapters now feature a unique Point/Counterpoint exercise that challenges students to argue both sides of a contemporary issue, such as too - big - to - fail institutions, the Boston bomber Rolling Stone cover, student loan debt, online file sharing, and questions raised by social media.

Principles of Management Cengage Learning

Since its inception, *An Introduction to Business Ethics* by Joseph

Desjardins has been a cutting-edge resource for the business ethics course. Desjardins' unique multidisciplinary approach offers critical analysis and integrates the perspective of philosophy with management, law, economics, and public policy, providing a clear, concise, yet reasonably comprehensive introductory survey of the ethical choices available to us in business.

Berrett-Koehler Publishers

Contains case studies for courses in Business Ethics in the Philosophy or Business curriculum. This book is a collection of 35 original and reprinted contemporary cases that focus on ethical and social issues surrounding business. It makes the students aware of situations that require moral reflection, judgment, and decision-making.
