Diviners have told Audrun that the child she carries must be born in a haven of peace, far from her war-scourged homeland, but as she flees she finds only far greater danger. For her caravan is overtaken by Alisanos, the deepwood, a dangerous magical forest that harbors not only demons, gods, and other otherworldly creatures, but also its own sinister

intentions-and which may have already claimed Audrun and her child for its own. *Death Note* D A W Books, Incorporated
How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at

Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were

no set playlists; news segments anticipated the satire of The Daily Show; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone “Listener Line” fielded questions on any subject, day and night. From 1968 to Watergate, Boston’s WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the “news dissector” Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein’s documentary WBCN and the American Revolution is available as a DVD sold separately.

Life of Pi Kensington Publishing Corp. A biker and a cowboy must stop the apocalypse in the first book of the Blood and Bone modern western fantasy series. His voice was rich, a much loved baritone, as he handed his seven-year-old grandson a gun. “It’s time we had a talk, you and I. You won’t remember it, but you need to

know it, and one day, when it’s time, I’ll call it up in you. You’ll know who you are, and what you’re intended to do. You’ll be a soldier, boy. Sealed to it. Life and limb, blood and bone. Not a soldier like others are, for it’s not the kind of war most people fight on earth. But because we’re not ‘most people,’ you and I, it will be far more important. The fate of the world will hinge upon it.” Now no longer that wide-eyed child, Gabe is fresh out of prison, a leather-clad biker answering Granddaddy’s peremptory summons to, of all places, a cowboy bar in Northern Arizona. He is about to find out just how different he is from “most people”—and to meet the stranger with whom he will be sealed: life and limb, blood and bone, conscripted to fight an unholy war unlike any other. For the greatest trick the devil ever pulled was convincing the world he didn’t exist. When he does. And Gabe, thrown into the unlikely company of a country-music-loving rodeo cowboy from West Texas, an ancient Celtic goddess of war, an African Orisha who sings volcanoes awake, a Chinese goddess of mercy, Nephilim, and Grigori, finds himself fighting a battle he was bred for, but wants no part of.

Exiled from both the North and the South, the two have now set sail to search for Tiger’s homeland—but no journey is ever without complications for Tiger and Del. Shipwrecked, nearly drowned, abducted by pirates, bedeviled by magic, the Southron sword-dancer and the Northern sword-singer finally do arrive at their destination. But before the mystery of his origins can be solved, Tiger must face another truth about himself that may prove more dangerous than any sword-dance. His own personal brand of magic, long denied by Tiger, is manifesting. And because of its very uniqueness, Tiger’s awakening power may prove his undoing!

With the same unique vision that brought his now classic Mars trilogy to vivid life, bestselling author Kim Stanley Robinson boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . "A thoughtful, magisterial alternate history from one of science fiction's most important writers."—The New York Times Book Review It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe's population was

destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—one that stretches across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and magnificent innovation. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power—and even love—in this bold New World. "Exceptional and engrossing."—New York Post "Ambitious . . . ingenious."—Newsday
