### **Final Report of the Assassination Records Review Board - President John F. Kennedy, The JFK Act, Investigations, FBI and CIA, Zapruder Film, Medical and Ballistics, Critics**

Macmillan

Under the President John F. Kennedy Assassination Records  
Collection Act of 1992 (Public Law 102-526), NSA is required to  
review all records relating to the assassination and provide

copies to the Assassination Records Review Board (ARRB). The  
Board, in turn, provides copies to the National Archives and  
Records Administration (NARA). NARA has over 170,000 records  
relating to the J.F.K. assassination of which only a small number  
originated with NSA. The documents listed are the ones released  
by NSA to date.

**105-1 Hearing: H.R. 1553, President John F. Kennedy  
Assassination Records Review Board Reauthorization Act,  
June 4, 1997** U.S. Government Printing Office  
New Orleans district attorney Jim Garrison's decision to arrest  
Clay Shaw on March 1, 1967, set off a chain of events that

culminated in the only prosecution undertaken in the assassination of John F. Kennedy. In the decades since Garrison captured headlines with this high-profile legal spectacle, historians, conspiracy advocates, and Hollywood directors alike have fixated on how a New Orleans-based assassination conspiracy might have worked. *Cruising for Conspirators* settles the debate for good, conclusively showing that the Shaw prosecution was not based in fact but was a product of the criminal justice system's long-standing preoccupation with homosexuality. Tapping into the public's willingness to take seriously conspiratorial explanations of the Kennedy assassination, Garrison drew on the copious files the New Orleans police had accumulated as they surveilled, harassed, and arrested increasingly large numbers of gay men in the early 1960s. He blended unfounded accusations with homophobia to produce a salacious story of a New Orleans-based scheme to assassinate JFK that would become a national phenomenon. At once a dramatic courtroom narrative and a deeper meditation on the enduring power of homophobia, *Cruising for Conspirators* shows how the same dynamics that promoted Garrison's unjust prosecution continue to inform conspiratorial thinking to this day. *Stuff They Don't Want You to Know* Vintage

Since President John F. Kennedy's 1963 murder in Dallas, medical examiner and lawyer Dr. Cyril Wecht was initially inclined to accept the official theory that one person alone was responsible for the crime. But as Wecht delved into the evidence with boundless curiosity and unprecedented access, he came to understand that America had, instead, suffered a coup d'etat at the hands of rogue elements within our own government. Nobody

else has Wecht's up-close and personal experience in uncovering the facts behind this assassination--and now he is sharing it with the world. Co-authored by investigative journalist Dawna Kaufmann, this comprehensive book reveals Wecht's analyses of the case's forensic and medical evidence. With his keen eye and sharp tongue, Wecht wields his scalpel on JFK's dubious autopsy report, the inept Warren Commission Report, the mishandling of crucial materials, all of the key players, and the media malpractice that has allowed the truth to remain hidden for nearly six decades.

reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

*How a New Orleans DA Prosecuted the Kennedy Assassination as a Sex Crime* McFarland

The final report on the assassination of President John F. Kennedy. The Review Board has worked hard to obtain all records relating to the assassination of President Kennedy and to release the records to the fullest extent possible to the American people. They have done so in the hope that release of these records will shed new evidentiary light on the assassination, enrich the historical understanding of that tragic moment in American history, and help restore public confidence in the government's handling of the assassination and its aftermath.

*The Presidency, Assassination, and Lasting Legacy of John F.*

*Kennedy* Final Report of the Assassination Records Review Board  
All of the controversial aspects of the assassination of President Kennedy are examined in these three critical reports: the original Warren Commission report, the report of the Select Committee on Assassinations of the U.S. House of Representatives in 1979, and the Assassination Records Review Board report of 1998. Because of the enormous size of these documents, for the paperback reproduction it has been divided into three volumes, as follows:  
VOLUME 1: Warren Commission Report, part one \*  
VOLUME 2: Warren Commission Report, part two; Report of the Select Committee on Assassinations of the U.S. House of Representatives, part one \*  
VOLUME 3: Report of the Select Committee on Assassinations of the U.S. House of

Representatives, part two; Final Report of the Assassination Records Review Board  
Warren Commission: Appointed by President Johnson after the assassination, The Commission reviewed reports by the Federal Bureau of Investigation, Secret Service, Department of State, and the Attorney General of Texas, and then requested additional information from federal agencies, Congressional committees, and state and local experts. The Commission held hearings and took the testimony of 552 witnesses. On several occasions, the Commission went to Dallas to visit the scene of the assassination and other places. The Commission presented its Report, in which each member concurred, to the President on September 24, 1964.  
Select Committee: The House Select Committee on Assassinations was established in September 1976 by House Resolution 1540, 94th Congress, 2d Session. The resolution authorized a 12-member select committee to conduct a full and complete investigation of the circumstances surrounding the deaths of President John F. Kennedy and Dr. Martin Luther King, Jr. The committee was constituted for the four remaining months of the 94th Congress. This report presents the committee's analysis and synthesis of the evidence the committee obtained on all four issues the committee deemed necessary to fulfill its mandate. The committee issues this report to fulfill its legislative and informing responsibilities under the Constitution.  
Assassination Records Review Board: This panel was formed as a result of the 1992 President John F. Kennedy Records Collection Act. "The Review Board has worked hard to obtain all records relating to the assassination of President Kennedy and to release the records to the fullest extent possible to the American people. The Board and

its staff have contributed significant professional and personal time to this important effort. We have done so in the hope that release of these records will shed new evidentiary light on the assassination of President Kennedy, enrich the historical understanding of that tragic moment in American history, and help restore public confidence in the government's handling of the assassination and its aftermath. The Review Board's Final Report is unanimous. It summarizes the Board's experience in interpreting and applying this unique way to provide broad access to government records. Most importantly, it illuminates the Review Board's legacy--the John F. Kennedy Assassination Records Collection at the National Archives." Contents: Chapter 1: The Problem of Secrecy and the Solution of the JFK Act \* Chapter 2: Establishment of the Review Board and Definition of "Assassination Record" \* Chapter 3: Public Activities of the Assassination Records Review Board \* Chapter 4: Developing the Review Process \* Chapter 5: The Standards for Review: Review Board "Common Law" \* Chapter 6, Part I: The Quest for Additional Information and Records in Federal Government Offices \* Chapter 6, Part II: Clarifying the Federal Record on the Zapruder Film and the Medical and Ballistics Evidence \* Chapter 7: Pursuit of Records and Information from Non-Federal Sources \* Chapter 8: Compliance with JFK Act by Government Offices

The Death of a President New York : W. Funk

Winner of the 2016 Pulitzer Prize for History From the winner of two Pulitzer Prizes and a National Book Award, a brilliant biography of Gen. George Armstrong Custer that radically changes our view of the man and his turbulent times. In this magisterial biography, T. J. Stiles paints a portrait of Custer both

deeply personal and sweeping in scope, proving how much of Custer's legacy has been ignored. He demolishes Custer's historical caricature, revealing a volatile, contradictory, intense person—capable yet insecure, intelligent yet bigoted, passionate yet self-destructive, a romantic individualist at odds with the institution of the military (he was court-martialed twice in six years). The key to understanding Custer, Stiles writes, is keeping in mind that he lived on a frontier in time. In the Civil War, the West, and many areas overlooked in previous biographies, Custer helped to create modern America, but he could never adapt to it. He freed countless slaves yet rejected new civil rights laws. He proved his heroism but missed the dark reality of war for so many others. A talented combat leader, he struggled as a manager in the West. He tried to make a fortune on Wall Street yet never connected with the new corporate economy. Native Americans fascinated him, but he could not see them as fully human. A popular writer, he remained apart from Ambrose Bierce, Mark Twain, and other rising intellectuals. During Custer's lifetime, Americans saw their world remade. His admirers saw him as the embodiment of the nation's gallant youth, of all that they were losing; his detractors despised him for resisting a more complex and promising future. Intimate, dramatic, and provocative, this biography captures the larger story of the changing nation in Custer's tumultuous marriage to his highly educated wife, Libbie; their complicated relationship with Eliza Brown, the forceful black woman who ran their household; as well as his battles and expeditions. It casts surprising new light on a near-mythic American figure, a man both widely known and little understood. (not) Secret Catapult

Pulitzer Prize Finalist: “By far the most lucid and compelling account . . . of what probably did happen in Dallas—and what almost certainly did not.” —The New York Times Book Review The Kennedy assassination has reverberated for five decades, with tales of secret plots, multiple killers, and government cabals often overshadowing the event itself. As Gerald Posner writes, “Fifty years after the assassination, the biggest casualty has been the truth.” In this first-ever digital edition of his classic work, updated with a special comment for the fiftieth anniversary, Posner lays to rest all of the convoluted conspiracy theories—concerning the mafia, a second shooter, and the CIA—that have obscured over the decades what really happened in Dealey Plaza on November 22, 1963. Drawing from official sources and dozens of interviews, and filled with powerful historical detail, *Case Closed* is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F. Kennedy.

*Cruising for Conspirators* Simon and Schuster

"We appreciate Roger Stone, he is one tough cookie." - President Trump The sensational New York Times bestseller, now in paperback. Find out how and why LBJ had JFK assassinated. *The Man Who Killed Kennedy: The Case Against LBJ* hit the New York Times bestseller list the week of the 50th Anniversary of the assassination of President John F. Kennedy. Consummate political insider Roger Stone makes a compelling case that Lyndon Baines Johnson had the motive, means, and opportunity to orchestrate the murder of JFK. Stone maps out the case that LBJ blackmailed his way on the ticket in 1960 and was being dumped in 1964 to face prosecution for corruption at the hands of his nemesis

attorney Robert Kennedy. Stone uses fingerprint evidence and testimony to prove JFK was shot by a long-time LBJ hit man—not Lee Harvey Oswald. President Johnson would use power from his personal connections in Texas, from the criminal underworld, and from the United States government to escape an untimely end in politics and to seize even greater power. President Johnson, the thirty-sixth president of the United States, was the driving force behind a conspiracy to murder President Kennedy on November 22, 1963. In *The Man Who Killed Kennedy*, you will find out how and why he did it. Legendary political operative and strategist Roger Stone has gathered documents and uses his firsthand knowledge to construct the ultimate tome to prove that LBJ was not only involved in JFK's assassination, but was in fact the mastermind. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

*The Long Shadow of the JFK Assassination* Open Road Media

The assassination of President John F. Kennedy was an appalling and grisly conspiracy. In this unvarnished story, Kaiser shows that the events of November 22, 1963, cannot be understood without fully grasping the two larger stories of which they were a part: the U.S. government's campaign against organized crime, which

began in the late 1950s and accelerated dramatically under Robert Kennedy; and the furtive quest of two administrations to eliminate Fidel Castro. This book brings to light the complete, frequently shocking, story of the JFK assassination and its aftermath.

*An Act to Provide for the Expeditious Disclosure of Records Relevant to the Assassination of President John F. Kennedy*

Boston, Ma. : John Fitzgerald Kennedy Library ; [Washington, D.C.?] : National Archives and Records Administration

Harold Weisberg's *Whitewash* was originally self-published in 1965, at a time when few publishing houses would consider a book challenging the Warren Report. Written in Harold's fiercely passionate yet scrupulously honest style, and relying on the government's own evidence and documentation, *Whitewash* destroys the Warren Commission's claims about Oswald and shows that the Commission knowingly engaged in a cover-up. Weisberg diligently researched the government's unpublished evidence and played a major role in forcing disclosures via the Freedom of Information Act. A watershed publication and one that established the author as one of the premier JFK assassination researchers, *Whitewash* (as well as the subsequent books in the *Whitewash* series) has become one of the essential assassination publications, and nearly five decades later his work has lost none of its bite.

*John F. Kennedy, 1917 - 1963* Little, Brown

An hour-by-hour record of a typical day in the White House for President Kennedy, his family, and the office and domestic staff.

[Appointment in Dallas](#) SCB Distributors

"The best book ever written about the strangest CIA chief who

ever lived." - Tim Weiner, National Book Award-winning author of *Legacy of Ashes* A revelatory new biography of the sinister, powerful, and paranoid man at the heart of the CIA for more than three tumultuous decades. CIA spymaster James Jesus Angleton was one of the most powerful unelected officials in the United States government in the mid-20th century, a ghost of American power. From World War II to the Cold War, Angleton operated beyond the view of the public, Congress, and even the president. He unwittingly shared intelligence secrets with Soviet spy Kim Philby, a member of the notorious Cambridge spy ring. He launched mass surveillance by opening the mail of hundreds of thousands of Americans. He abetted a scheme to aid Israel's own nuclear efforts, disregarding U.S. security. He committed perjury and obstructed the JFK assassination investigation. He oversaw a massive spying operation on the antiwar and black nationalist movements and he initiated an obsessive search for communist moles that nearly destroyed the Agency. In *The Ghost*, investigative reporter Jefferson Morley tells Angleton's dramatic story, from his friendship with the poet Ezra Pound through the underground gay milieu of mid-century Washington to the Kennedy assassination to the Watergate scandal. From the agency's MKULTRA mind-control experiments to the wars of the Mideast, Angleton wielded far more power than anyone knew. Yet during his seemingly lawless reign in the CIA, he also proved himself to be a formidable adversary to our nation's enemies, acquiring a mythic stature within the CIA that continues to this day.

**A Cruel and Shocking Act** St. Martin's Press

In October 2017, 2,800 files about the 1963 murder were made

public for the first time, bringing to the fore revelations that an alleged Cuban intelligence officer met Lee Harvey Oswald in Mexico City, and praised his shooting ability, and that the Soviet spy agency KGB believed then-Vice President Lyndon Johnson may have conspired to assassinate Kennedy. On April 26, 2018, the U.S. Government released 19,000 newly declassified government documents on the Kennedy assassination. It is said that investigators learned little, except that the government's ideas about what needs to be secret, and what doesn't, are cryptic and unpredictable. Some stuff in the documents that had been open for years is now classified again, and some stuff that had been classified and is now open is so innocuous that nobody can figure out what the point was. In some cases, the documents had re-redacted material that had already been declassified in previous versions. Often that seemed to reflect Trump administration sensitivities to the feelings of foreign governments. A 1975 CIA report on the surveillance of shooter Lee Harvey Oswald during his visit to the Soviet embassy in Mexico City just a few weeks before Kennedy's death was released years ago identifying a particular photo as coming from "a Mexican police surveillance camera." In the same document, re-released April 26, the words "Mexican police" had been covered over. Why are these documents even more redacted than previously known versions of the same document? What astonishing information was released by the documents, if any? Why aren't all of the documents released in their entirety without any information redacted? Are the intelligence agencies afraid they will look incompetent and unable to protect the President? Or do they further confirm that Vice President Lyndon Johnson

was involved in the assassination as earlier documents suggested?

### **Legacy of Secrecy** UNC Press Books

Secret, or not? It's a fine line. This is a compilation of archived marks found in The President John F. Kennedy Assassination Records Collection held in the American National Archives and Records Administration. Coincidentally this book was completed on the 54th anniversary of JFK's assassination.

*Ummer's Quartic Surface* Bloomsbury Publishing USA

*Hearings Before the President's Commission on the Assassination of President Kennedy* Simon and Schuster

William Manchester's epic and definitive account of President John F. Kennedy's assassination--now restored to print in a new paperback edition. As the world still reeled from the tragic and historic events of November 22, 1963, William Manchester set out, at the request of the Kennedy family, to create a detailed, authoritative record of the days immediately preceding and following President John F. Kennedy's death. Through hundreds of interviews, abundant travel and firsthand observation, and with unique access to the proceedings of the Warren Commission, Manchester conducted an exhaustive historical investigation, accumulating forty-five volumes of documents, exhibits, and transcribed tapes. His ultimate objective -- to set down as a whole the national and personal tragedy that was JFK's

assassination -- is brilliantly achieved in this galvanizing narrative, a book universally acclaimed as a landmark work of modern history.

**John Kennedy - Jacqueline FBI/Secret Service/CIA/NSA and Other Files** U.S. Government Printing Office

Capell investigates a suspected Communist plot and the alleged involvement of the Kennedy family in the death of Marilyn Monroe.

*The JFK Assassination Dissected* ReadHowYouWant.com

From the authors of *Ultimate Sacrifice*—"Explosive new material, based mainly on government documents from the National Archives" (*Vanity Fair*). John F. Kennedy's assassination launched a frantic search to find his killers. It also launched a flurry of covert actions by Lyndon Johnson, Robert F. Kennedy, and other top officials to hide the fact that in November 1963, the United States was on the brink of invading Cuba as part of a JFK-authorized coup. The coup plan's exposure could have led to a nuclear confrontation with Russia, but the cover-up prevented a full investigation into Kennedy's assassination, a legacy of secrecy that would impact American politics and foreign policy for the next forty-five years. It also allowed two men who confessed their roles in JFK's murder to be involved in the assassination of Dr. Martin Luther King in 1968. Exclusive interviews and newly declassified files from the National Archives document in chilling detail how three mob bosses were able to prevent the truth from

coming to light until now. The trade paperback is updated with dramatic new revelations, has three new chapters, an expanded photo-document section, and updated text throughout, including the completed story of how three powerful Mafia bosses used John and Robert Kennedy's top-secret plan of staging a coup against Fidel Castro to murder JFK. "They've done a service by digging up the deepest, darkest, most disturbing archival evidence to support their Mob hit theory." —Ron Rosenbaum, New York Times bestselling author of *Explaining Hitler* "A riveting take on the assassination itself and the devastating results of government secrets, this account proves the continuing relevancy and importance of seeking the truth behind one of the US's most personal tragedies." —Publishers Weekly (starred review)

**The President's Book of Secrets** Harvard University Press Drawing on previously unavailable material and never-before-opened archives, *An Unfinished Life* is packed with revelations large and small -- about JFK's health, his love affairs, RFK's appointment as Attorney General, what Joseph Kennedy did to help his son win the White House, and the path JFK would have taken in the Vietnam entanglement had he survived. Robert Dallek succeeds as no other biographer has done in striking a critical balance -- never shying away from JFK's weaknesses, brilliantly exploring his strengths -- as he offers up a vivid portrait of a bold, brave, complex, heroic, human Kennedy.
