With her new book *A Kanji Stroke Order Manual for Heart Sutra Copying*, artist calligrapher Nadja Van Ghelue provides

the Western reader with a practical guide for the actual copying of the Heart Sutra in Japanese kanji in regular script. Through a copy of the Heart Sutra in kaisho in large size characters, brushed by the artist herself, the Heart Sutra copying manual teaches the stroke order for each of the 276 kanji of the Heart Sutra. Knowing the stroke order of the kanji is an invaluable key to smooth and easy sutra copying. Each of the calligraphies comes with a table that shows the romanization and translation of each of the Heart Sutra characters. *A Kanji Stroke Order Manual for Heart Sutra Copying* is dedicated to beginners of Japanese calligraphy with a basic knowledge of the main brushstrokes and to all Dharma Zen students with a keen interest in studying and copying the

book is recommended to be used as flashcards. Therefore, the student will find the kanji mnemonic on the front page and the kanji information on the other side. b. However, creativity from the reader is also highly encouraged. 2. THE REVERSE PAGE: a. Common Meaning(s): The student will find the meanings that are most appropriate for the N4 level. b. The acclaimed debut of Japan's "master
storyteller" (Chicago Tribune). With the
publication of *Kitchen*, the dazzling
English-language debut that is still her
best-loved book, the literary world
realized that Banana Yoshimoto was a
young writer of enduring talent whose
work has quickly earned a place among
the best of contemporary Japanese
literature. *Kitchen* is an enchantingly
original book that juxtaposes two tales
about mothers, love, tragedy, and the
power of the kitchen and home in the

lives of a pair of free-spirited young
women in contemporary Japan. Mikage,
the heroine, is an orphan raised by her
grandmother, who has passed away.
Grieving, Mikage is taken in by her friend
Yoichi and his mother (who is really his
cross-dressing father) Eriko. As the three
of them form an improvised family that
soon weathers its own tragic losses,
Yoshimoto spins a lovely, evocative tale
with the kitchen and the comforts of
home at its heart. In a whimsical style
that recalls the early Marguerite Duras,
Kitchen and its companion story,
Moonlight Shadow, are elegant tales
whose seeming simplicity is the ruse of a
very special writer whose voice echoes
in the mind and the soul. "Lucid, earnest
and disarming . . . [It] seizes hold of the
reader's sympathy and refuses to let

go.” —Michiko Kakutani, The New York Times

This highly-visual book introduces an effective new method to learn over 1,000 Japanese kanji characters using visual stimuli and pictographs. Learning the fundamental kanji characters used to write Japanese can be challenging, but this book is designed to speed up learning by presenting the 1,000 most common characters using a mnemonic approach. In a fun and accessible way to learn Japanese, each kanji is associated with memorable visual and verbal clues. For example, the Japanese character for person is superimposed over a sketch of a smiling man. The visual clue is "a person standing on two legs". By seeing the distinctive shape of the kanji, learners create a mental image of its

meaning. Each character is presented as part of a group of characters which share similar traits. These groups use common root symbols known as radicals; they are also categorized by themes such as colors, numbers, animals, or body parts. Pronunciations, meanings and common vocabulary compounds are provided for each character in the group. Mnemonic clues are also given for the basic 92 hiragana and katakana phonetic symbols. A free audio CD helps you learn pronunciation for all of the characters and vocabulary in this book. The introduction explains the basic history and structure of the kanji. Along with Sun Tzu's The Art of War, The Book of Five Rings is considered to be one of the most insightful texts on the subtle arts of confrontation and victory to emerge from Asia. It analyzes the process of struggle and mastery over conflict that underlies every level of human interaction. For Musashi, the way of the martial arts was a mastery of the mind rather than simply technical prowess-and it is this path to mastery that is the core teaching in The Book of Five Rings. This brilliant manifesto is written not only for martial artists but for anyone who wants to apply the timeless principles of this text to their life.

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as

good of language learners as children. *Using Kanji Prefixes and Suffixes* Penguin This is the first book devoted to exploring issues of learning written Japanese, focusing on the challenges the writing system poses for the second language learner. It weaves together previous research on Japanese second language acquisition and kanji learning with original studies on self-regulation and kanji learning strategies. It provides the most comprehensive overview of the Japanese writing system and kanji learning to date; helps further our understanding of second language writing acquisition and offers new directions for research in the wider fields of language learning strategies, motivation and self-regulation. Each chapter concludes with a brief discussion

of the implications of the content of the chapter for the Japanese language learner, instructor and researcher. It will appeal to researchers of the teaching and learning of Japanese as a foreign/second language, the Japanese writing system and second language acquisition, as well as to instructors and learners of Japanese who are struggling with the teaching and learning of kanji.
