HEAVEN JANELLE

Political Theory
Routledge
Brief and accessible,
Political Ideologies

follows the evolution of political thought over 300 years. Organized chronologically, this text examines each major ideology within a political, historical, economic, and social context. Leon Baradat's skillful prose ensures that students

obtain a clear understanding of how ideas are influencing the political realities of our time.

Political Ideologies

Routledge

Political Ideologies and the Democratic Ideal, 9/e, thoroughly analyzes and compares political ideologies to help readers understand these ideologies as acutely as a political scientist does. Used alone or with its companion *Ideals and Ideologies: A Reader*, 9/e, this best-selling title promotes open-mindedness and develops critical thinking skills.

Politics, Third Edition

Bloomsbury Publishing
"Comparative Politics" provides a comprehensive introduction to political systems around the

world. It covers methods and theories; the nation-state; institutions; actors and processes; policies; and recent changes.

Political Ideologies, Fourth Edition Red Globe Press

This is the first comprehensive volume to offer a state of the art investigation both of the nature of political ideologies and of their main manifestations. The diversity of ideology studies is represented by a mixture of the range of theories that illuminate the field, combined with an appreciation of the changing complexity of concrete ideologies and the emergence of new ones. Ideologies, however, are always with us. The Handbook is divided into three sections: The first is

divided into three sections: The first reflects some of the latest thinking about the development of ideology on an historical dimension, from the standpoints of conceptual history, Marx studies, social science theory and history, and leading schools of continental philosophy. The second includes some of the most recent interpretations and theories of ideology, all of which are sympathetic in their own ways to its exploration and close investigation, even when judiciously critical of its social impact. This section contains many of the more salient contemporary accounts of ideology. The third focuses on the leading ideological families and

traditions, as well as on some of their cultural and geographical manifestations, incorporating both historical and contemporary perspectives. Each chapter is written by an expert in their field, bringing the latest approaches and understandings to their task. The Handbook will position the study of ideologies in the mainstream of political theory and political analysis and will attest to its indispensability both to courses on political theory and to scholars who wish to take their understanding of ideologies in new directions.

How Fascism Works

Oxford University Press
A clear and accessible introduction to the political creeds and

doctrines that have dominated and shaped world politics. The fifth edition has been thoroughly updated throughout and now has more on the influence of globalization on ideology and a new-look page design to aid student learning.

An Introduction to Political Theory

The Stationery Office
The thoroughly updated 6th edition of this highly regarded text provide a clear, accessible introduction to the political creeds and doctrines that have dominated and shaped politics around the world.

An Introduction to Political Theory OUP
Oxford

The fifth edition of this seminal textbook by best-selling author Andrew Heywood

continues to lead the way in providing a comprehensive and authoritative introduction to politics. Renowned for its engaging and accessible style, this book helps students to understand the discipline's foundational concepts and theories and use these to make sense of its key subfields, from elections and voting to security and global governance. Systematically revised and updated throughout, it also uses a range of tried-and-tested pedagogical features to draw links between different standpoints and help make contemporary institutions, events and developments come to life. Drawing on a wide range of international examples, this text is

the ideal choice for lecturers around the world. Carefully designed and written to map onto the way the subject is introduced at degree level, it remains the go-to text for undergraduate introductory and comparative politics courses. Furthermore, it can also be used as pre-course reading or as a point of reference throughout politics degrees, majors or minors. New to this Edition: - Restructured and revised to reflect the decline of democracy and the rise of populism and authoritarianism in different parts of the world - New Politics in Action features reflect the latest political developments - including 'Trump's triumph: politics as

polarization'; 'South Africa: a one-party state?'; and 'North Korea: a rogue nuclear power?' - Discusses the transformation of the media landscape, assessing the advent and impact of social media and 'fake news' - New and improved text design reflecting the book's contemporary and engaging coverage - Accompanied by a brand new website, featuring a flashcard glossary, additional cases, interactive simulations and weblinks for students, PowerPoint slides for lecturers, a testbank and a guide to using the book.

Political Ideologies

Routledge

This informative and widely-used text is now available in a third edition. Building on the

success of previous editions, it continues to provide a clear and accessible introduction to the complexities of political ideologies. The latest edition of Political Ideologies: introduces and considers the future of all the most widely studied ideologies: liberalism; conservatism; socialism; democracy; nationalism; fascism; ecologism and feminism sets each ideology clearly within its historical and political context includes a new final chapter that examines the impact of recent theoretical developments of ideologies and charts the challenges that they face in the twenty-first century has been fully revised and up-dated and

provides an annotated guide for further reading.

Political Concepts And Political Theories

Waveland Press Stimulating, succinct ,and accessible, this highly successful text offers a truly comprehensive introduction to the study of politics, written from an international perspective. This third edition of Politics has a new chapter on the mass media and political communication and contains substantial new material on developments such as the "War on Terror," identity politics and multiculturalism, and state transformation. It also takes into account throughout of the increasing importance of the global dimension

of politics, and features new boxed material on major thinkers and key concepts.

Key Concepts in Politics and International Relations
Random House

This is the second of three volumes of posthumously collected writings of G. A. Cohen, who was one of the leading, and most progressive, figures in contemporary political philosophy. This volume brings together some of Cohen's most personal philosophical and nonphilosophical essays, many of them previously unpublished. Rich in first-person narration, insight, and humor, these pieces vividly demonstrate why Thomas Nagel described Cohen as a "wonderful raconteur." The nonphilosophical

highlight of the book is Cohen's remarkable account of his first trip to India, which includes unforgettable vignettes of encounters with strangers and reflections on poverty and begging. Other biographical pieces include his valedictory lecture at Oxford, in which he describes his philosophical development and offers his impressions of other philosophers, and "Isaiah's Marx, and Mine," a tribute to his mentor Isaiah Berlin. Other essays address such topics as the truth in "small-c conservatism," who can and can't condemn terrorists, and the essence of bullshit. A recurring theme is finding completion in relation to the world of other human beings. Engaging, perceptive,

and empathetic, these writings reveal a more personal side of one of the most influential philosophers of our time.

The Oxford Handbook of Political Ideologies

Routledge

"Andrew Heywood investigates the ideas that have dominated political thinking across the globe, and examines the different ways in which they have been interpreted and reinterpreted.

Written in an accessible and engaging style, it covers the key ideological traditions, offering an exposition of their history and development, their core themes and internal divisions and their impact on contemporary political behaviour,

movements, parties and governments."-- Provided by publisher.

Artificial Intelligence, China, Russia, and the Global Order Red
Globe Press

a href="http://www.oup.com/canada.com/ebrochure/garner/index.html"img src="/images/hed/closer_look_btn.gif"/aNow in a Canadian edition, this truly international introduction to politics offers comprehensive coverage of key concepts and ideologies, institutions, and international relations. Balancing theory with a wealth of Canadian and international real world examples, this text equips students with the knowledge required to think critically about the current state of global politics.

Intellectually stimulating yet accessible, *Introduction to Politics* offers students a solid foundation to understanding politics and how it impacts every aspect of our lives.

Power and Choice

Oxford University Press, USA

This collection of essays raises and answers important questions on political theory - What is its relevance in our times? What is it meant to do? How is it different from other forms of enquiries? The author explores deeper issues in the philosophy of social science- individualism, ethnocentrism, teleology, social ontology, and the object-like presence of social meanings.

Essentials of Political Ideas Bloomsbury Publishing

This volume contains a collection of the political writings and texts that have been central to the major ideological traditions in Western political life.

These passages are interspersed with editorial commentaries that offer an historical introduction to each thinker and the particular text, and highlight key thematic features of the passages.

POLITICAL THEORY

Princeton University Press

The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and

multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

Political Ideologies OUP
India

A tour de force examination of the contemporary ideological landscape by one of the world's leading analysts of globalization.

Key Concepts in Politics Oxford
University Press, USA

"Political Ideologies provides a broad-ranging introduction to both the classical and

contemporary political ideologies. Adopting a global outlook, it introduces readers to ideologies' increasingly global reach and the different national versions of these ideologies. Importantly, ideologies are presented as frameworks of interpretation and political commitment, encouraging readers to evaluate how ideologies work in practice, the problematic links between ideas and political action, and the impact of ideologies. Regular learning features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique 'stop and think' feature calls

for readers to reflect on their own ideological beliefs." -- Provided by publisher. *Finding Oneself in the Other* Bloomsbury Publishing

This highly successful introduction to the world of politics has been fully revised and updated to explore the key issues of the 21st century. The new edition builds on the reputation for clarity and comprehensive coverage that has made previous editions essential reading for students of politics. The third edition of *Politics: The Basics* introduces all the key areas of politics, explaining all the basic ideas and terms, making it an ideal text for prospective undergraduate students and the general reader is

clearly and accessibly written, making use of boxes, figures and tables to illustrate key issues has a wider international focus and includes a variety of case studies and examples contains brand new material on postmodernism, terrorism, information technology, globalization and the media features an appendix which gives guidance to a variety of useful political sources, including books, newspapers and the Internet as well as information on politics courses and associations.

The Politics Book
Penguin

Written simply and directly—but without sacrificing intellectual depth—this widely acclaimed text explores the preeminent theorists of Western political thought from the pre-Socratics to the contemporary era. The author provides an in-depth analysis of a limited number of major thinkers, which allows for a richly detailed examination of each philosopher in historical context.

Western Political Thought, Second Edition, presents the fundamental terms, ideas, and dilemmas of Western political philosophy in a straightforward, easy-to-understand manner. It organizes the theorists historically, explains basic concepts in depth, and

draws out and analyzes the implications of various political theories. Moreover, this cohesive volume employs an overarching theme, examining each thinker in terms of the changing relationships of ethics and politics in Western political philosophy.
