 is a team  
 player,  
 talented

sideline coach, occasional male underwear model, and a man with a low tolerance for Divas. Olivia Shore, international opera superstar, is a driven diva with a passion for perfection, a craving for justice, too many secrets—and a monumental grudge against the egotistical, lowbrow jock she’s been stuck with. It’s Mozart meets Monday Night Football as the temperament al soprano and

stubborn jock embark on a nationwide tour promoting a luxury watch brand. Along the way, the combatants will engage in soul-searching and trash talk, backstage drama and, for sure, a quarterback pass. But they’ll also face trouble as threatening letters, haunting photographs, and a series of dangerous encounters complicate their lives. Is it the work of an overzealous fan or something

more sinister? This is the emotional journey of a brilliant woman whose career is everything and a talented man who’ll never be happy with second place. Tender and funny, passionate and insightful, this irresistible romantic adventure proves that anything can happen...when two superstars collide.

Rude Awakenings HarperCollins The official art book for Hideo Kojima's BAFTA-winning DEATH STRANDING. After the collapse of civilization, Sam Bridges must journey across a ravaged landscape crawling with otherworldly threats to save mankind from the brink

of extinction. From legendary game creator Hideo Kojima comes an all-new, genre-defying experience for the PlayStation®4 system, nominated for the DICE Game of the Year Award. In the near future, mysterious explosions have rocked the planet, setting off a series of supernatural events known as the Death Stranding. With spectral creatures plaguing the landscape,

and the planet on the verge of a mass extinction, it's up to Sam Bridges to journey across the ravaged continent and save mankind from impending annihilation. The Art of Death Stranding is packed with hundreds of pieces of concept art for the characters, equipment, locations and creatures featured in the game, as well as early and unused concepts, including artwork by

acclaimed artist Yoji Shinkawa. *Libido Dominandi* Simon and Schuster  
COVER NOT FINAL The official behind-the-scenes art book for Sony Pictures Animation's feature film *The Mitchells vs. The Machines* The *Mitchells vs. The Machines* is a comedy about an everyday family's struggle to relate while technology rises up around the world! When Katie Mitchell, a creative

outsider, is accepted into the film school of her dreams, her plans to meet “her people” at college are upended when her nature-loving dad Rick determines the whole family should drive Katie to school together and bond as a family one last time. Katie and Rick are joined by the rest of the family, including Katie’s wildly positive mom Linda, her quirky little brother Aaron, and the

family’s delightfully chubby pug Monchi for the ultimate family road trip. Suddenly, the Mitchells’ plans are interrupted by a tech uprising: All around the world, the electronic devices people love—from phones to appliances to an innovative new line of personal robots—decide it’s time to take over. With the help of two friendly malfunctioning robots, the Mitchells will have to get

past their problems and work together to save each other and the world! The Art of The Mitchells vs. The Machines gives insight into how the filmmakers were able to bring this fresh, new vision to the screen through concept art, sketches, and early character designs, accompanied by exclusive commentary from director/co-writer Michael Rianda and co-director/co-writer Jeff

Rowe, alumni of the team behind Emmy Award-winning Gravity Falls, and producers Phil Lord and Christopher Miller, the innovative and creative minds behind The Lego Movie and the Academy Award-winning Spider-Man: Into the Spider-Verse.

First surfacing in France in the 18th century, The Black Pullet is a guide to the construction and use of magical talismanic rings. With the use of these rings, people attained extraordinary

powers. Perhaps the most wonderful secret revealed is the power to produce the Black Pullet, otherwise known as the "Hen with the Golden Eggs." Unlimited wealth was granted to the person who achieved the creation of this incredible Hen. \*Includes complete instructions for creating the Black Pullet. Spalding and Magan Collection Nook Press The Prize recounts the

panoramic history of oil -- and the struggle for wealth power that has always surrounded oil. This struggle has shaken the world economy, dictated the outcome of wars, and transformed the destiny of men and nations. The Prize is as much a history of the twentieth century as of the oil industry itself. The canvas of this history is enormous -- from the drilling of the

first well in Pennsylvania through two great world wars to the Iraqi invasion of Kuwait and Operation Desert Storm. The cast extends from wildcatters and rogues to oil tycoons, and from Winston Churchill and Ibn Saud to George Bush and Saddam Hussein. The definitive work on the subject of oil and a major contribution to understanding our century, The Prize is a book of extraordinary breadth,

riveting excitement -- and great importance.

Simon and Schuster  
Forty original contributions on games and gaming culture  
What does Pokémon Go tell us about globalization?  
What does Tetris teach us about rules? Is feminism boosted or bashed by Kim Kardashian: Hollywood?  
How does BioShock Infinite help us navigate world-building? From arcades to Atari, and

phone apps to virtual reality headsets, video games have been at the epicenter of our ever-evolving technological reality. Unlike other media technologies, video games demand engagement like no other, which begs the question—what is the role that video games play in our lives, from our homes, to our phones, and on global culture writ large? How to Play Video Games brings together forty original essays

from today's leading scholars on video game culture, writing about the games they know best and what they mean in broader social and cultural contexts. Read about avatars in Grand Theft Auto V, or music in The Legend of Zelda: Ocarina of Time. See how Age of Empires taught a generation about postcolonialism, and how Borderlands exposes the seedy underbelly of

capitalism. These essays suggest that understanding video games in a critical context provides a new way to engage in contemporary culture. They are a must read for fans and students of the medium.

Dark Horse Comics  
To observe an eclipse is to witness a rare and unusual event. Under darkened skies the sun becomes a

negative image of itself, its corona transforming the landscape into a strange space where anything might happen, and any story may be true... In the spirit of classic science fiction anthologies such as Universe, Orbit, and Starlight, master anthologist Jonathan Strahan (The Best Science Fiction and Fantasy of the Year) presents the non-themed genre anthology Eclipse: New

Science Fiction and Fantasy. Here you will find stories where strange and wonderful things happen-- where reality is eclipsed by something magical and new. Continuing in the footsteps of the multiple-award-nominated anthologies Eclipse One and Eclipse Two, Eclipse Three delivers new fiction by some of the genre's most celebrated authors, including Karen Joy

Fowler's story of a family's desperation and a rebellious young woman's strange incarceration; Ellen Klages's fable of a practical girl, an unusual tortoise, and an ancient mathematical puzzle; Pat Cadigan's story of a mysterious photograph and two friends' journey through space and time in order to solve its riddle; Jeffrey Ford's tale of a legendary sword imbued

with the power to turn flesh to coral, and of the artist that wields it; Daniel Abraham's story of divine providence, sacred oaths, and the omens that indicate whether a man is fit to be king; and Caitlin R. Kiernan's chronicle of an astronaut whose memories of a lover lost to an alien intelligence haunt her. *The Prize* Thistle Publishing First he made five billion

dollars. Then he made *The Apprentice*. Now *The Donald* shows you how to make a fortune, Trump style. **HOW TO GET RICH** Real estate titan, bestselling author, and TV impresario Donald J. Trump reveals the secrets of his success in this candid and unprecedented book of business wisdom and advice. Over the years, everyone has urged Trump to write on this subject, but it wasn't

until NBC and executive producer Mark Burnett asked him to star in The Apprentice that he realized just how hungry people are to learn how great personal wealth is created and first-class businesses are run. Thousands applied to be Trump's apprentice, and millions have been watching the program, making it the highest rated debut of the season. In Trump: How To Get Rich,

Trump tells all-about the lessons learned from The Apprentice, his real estate empire, his position as head of the 20,000-member Trump Organization, and his most important role, as a father who has successfully taught his children the value of money and hard work. With his characteristic brass and smarts, Trump offers insights on how to • invest wisely •

impress the boss and get a raise • manage a business efficiently • hire, motivate, and fire employees • negotiate anything • maintain the quality of your brand • think big and live large Plus, The Donald tells all on the art of the hair! With his luxury buildings, award-winning golf courses, high-stakes casinos, and glamorous beauty pageants, Donald J. Trump is one of a kind in American

business. Every day, he lives the American dream. Now he shows you how it's done, in this rollicking, inspirational, and illuminating behind-the-scenes story of invaluable lessons and rich rewards.

AMACOM  
The cult Japanese bestselling phenomenon! Koushun Takami's notorious high-octane thriller is based on an irresistible

premise: a class of 42 junior high school students are taken to a deserted island where, as part of a ruthless authoritarian program, they are electronically collared, provided with weapons of varying potency, and sent out onto the island. If they are in the wrong part of the island at the wrong time, their collars will explode. If they band together to save themselves a

collar will explode at random. If they try to escape from the island, they will be blown up. Their only chance for survival lies in killing their classmates. Criticized as violent exploitation when first published in Japan - where it then proceeded to become a runaway bestseller - BATTLE ROYALE is a Lord of the Flies for the 21st century, and a potent story of politics and

survival in a dog-eat-dog world. Made into a controversial hit movie of the same name, **BATTLE ROYALE** is already a contemporary Japanese pulp classic, and is now available for the first time to the UK mainstream.

### **Betrayal at Salty Springs**

**Dark Horse Comics** In this mind-altering romp—where the term “Metaverse” was first coined—you’ll experience a future America so bizarre, so

outrageous, you’ll recognize it immediately • One of Time’s 100 best English-language novels Only once in a great while does a writer come along who defies comparison—a writer so original he redefines the way we look at the world. Neal Stephenson is such a writer and Snow Crash is such a novel, weaving virtual reality, Sumerian myth, and just about everything in
