This book details the evolution of Ford's family car through the golden era of Detroit. It tells how Henry took the no-frills Fairlane, added more zing to create the Torino, and satisfied America's luxury desires with the LTD II; and follows the evolution of Ford's midsize muscle cars, to the creation of the first

car-based pickup – the Ranchero.

This totally revised, updated and enlarged book is THE complete guide to building a fast MG Midget or Austin-Healey Sprite for road or track. Daniel has been continuously developing his own 'Spridget' for years, and really does know what works and what doesn't when it comes to building a fast Midget or Sprite. Best of all, this book covers every aspect of the car, from the tyre contact

patch to the rollover bar, and from radiator back to exhaust tailpipe. This new edition contains updated information for parts and suppliers, many new photos, and features new material covering aerodynamics, including results from testing the effect of modifications at the MIRA wind tunnel. With over 400 mainly colour photos and exclusive tuning advice, this is a MUST for any Sprite

or Midget owner.

This book details the origin and racing history of the Ferrari 333 SP. Uniquely, none of the 333 SP models were entered into races by Ferrari itself. The cars were built specifically for customer use; a purchase price of \$900,000 included two spare engines

and race technical support supplied by Ferrari engineers. A total of 40 cars were built; the first four by Ferrari, the remainder manufactured by Dallara & Michellotto using Ferrari engines. All of the cars were sold to, and race entries made by, privateer teams. From 1994, the cars contested the IMSA World Sports Car Championship, the United States Road Racing Championship

, and the American Le Mans Series, at circuits throughout North America. In 1997, the cars also featured in the Europe-based International Sports Racing Series, as well as the 24 Hours of Le Mans. Two years later, the Doran-Lista team installed a Judd V10 engine into its 333 SP, with the aim of increasing power and improving fuel efficiency. In all, from the 126 races entered, 47

victories were claimed by the 333 SP. *N.A.R.T. Veloce Publishing Ltd* Here is a fact and picture-packed book dedicated solely to the Giulia GT in all its forms including the fabulous lightweight GTA racer. Now an updated, large format third edition which includes over 100 new images and which is limited to 1500 copies. Alfa Romeo 156 JTD 5591599 GT2256V Turbocharger
