 The Road Ahead Bill Gates
 The Road Ahead is a book written by Bill Gates, co-founder and then-CEO of the Microsoft software company, together with Microsoft executive Nathan Myhrvold and journalist Peter Rinearson. Published in November 1995, then substantially revised about a year later, The Road Ahead summarized the implications of the personal computing revolution and described a future profoundly changed by the arrival of a global information superhighway. Gates received a \$2.5-million advance for his book and money
 The Road Ahead (Gates book) - Wikipedia
 The author of this book about the future, Bill Gates, is the Harvard dropout who founded Microsoft based on his vision of a personal computer on every desk and in every home. Focusing on the so-called "information superhighway", Gates describes the breathtaking changes that will affect us all, and how emerging technologies will transform human existence in unprecedented ways.

 The Road Ahead by Bill Gates - Goodreads
 In 1996, Bill Gates published The Road Ahead, his manifesto on how the Internet and PC will pervasively transform our lives and major industries. To control for hindsight bias, remember that in the mid-90s: the web was used only by a small minority niche - 0.4% of the world population, compared to 54% today.
