PATEL LAMBERT

Visions of Vocation Simon and Schuster

Book one in the hit series that's soon to be a major motion picture starring Amandla Stenberg and Mandy Moore—now with a stunning new look and an exclusive bonus short story featuring Liam and his brother, Cole. When Ruby woke up on her tenth birthday, something about her had changed. Something alarming enough to make her parents lock her in the garage and call the police. Something that got her sent to Thurmond, a brutal government "rehabilitation camp." She might have survived the mysterious disease that killed most of America's children, but she and the others emerged with something far worse: frightening abilities they cannot control. Now sixteen, Ruby is one of the dangerous ones. But when the truth about Ruby's abilities—the truth she's hidden from everyone, even the camp authorities—comes out, Ruby barely escapes Thurmond with her life. On the run, she joins a group of kids who escaped their own camp: Zu, a young girl haunted by her past; Chubs, a standoffish brainiac; and Liam, their fearless leader, who is falling hard for Ruby. But no matter how much she aches for him, Ruby can't risk getting close. Not after what happened to her parents. While they journey to find the one safe haven left for kids like them—East River—they must evade their determined pursuers, including an organization that will stop at nothing to use Ruby in their fight against the government. But as they get closer to grasping the things they've dreamed of, Ruby will be faced with a terrible choice, one that may mean giving up her only chance at a life worth living.

The Beautiful Struggle Bloomsbury Publishing

A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein Gaarder's *Sophie's World* has fired the imagination of readers all over the world, with more than twenty million copies in print. One day fourteen-year-old Sophie Amundsen comes home from school to find in her mailbox two notes, with one question on each: "Who are you?" and "Where does the world come from?" From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course, covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

The War of the Worlds: Large Print iUniverse

Vocation is more than a job. It is our relationships and responsibilities woven into the work of God. In following our calling to seek the welfare of our world, we find that it flourishes and so do we. Garber offers here a book for parents, artists, students, public servants and businesspeople—for all who want to discover the virtue of vocation.

The Darkest Minds Disney Electronic Content

Beautifully crafted poems that investigate the intersections of the living and the dead in stunningly simple language.

Daughter of Smoke & Bone InterVarsity Press

Many world legends suggest that at any given time, seven sages walk the Earth, tasked with the responsibility to anchor wisdom on behalf of humanity. Each one stands as the personification of a different rung of human consciousness. Together, they represent humanity's innate ability to save itself from doom itself.

Earthwhisperer knows the secrets of the Earth, its pleasures, and its pains. Lila understands the nature and workings of sacred pleasure. Solomon has learned how to wield both moral and ethical power. Philomel has captured the art of immaculate loving and heartfelt joy. Dattatreya lives out his version of crazy wisdom with his innovative family. Marianina is fey, with a vast and accurate perspective on the human soul and its cosmic context. Horus is a human sun, the indicator of human destiny, well above normal human consciousness. At this time, the sages have the profound challenge to help humanity reclaim balance, compassion, and hope when these qualities seem lost forever. Through a whirling cascade of shifts in perception, can the sages inspire each person to embrace his or her unique brand of wisdom in time?

Stillness Is the Key Vintage

Births, deaths and marriages, No1 singles, drug busts and arrests, famous gigs and awards... all these and much more appear in this fascinating 50 year almanac. Using a page for every day of the calendar year, the author records a variety of rock and pop events that took place on a given day of the month across the years. *This Day in Music* is fully illustrated with hundreds of pictures, cuttings and album covers, making this the must-have book for any pop music fan.

Between the World and Me HarperCollins

A NEW YORK TIMES BESTSELLER From USA TODAY bestselling author Stephen Graham Jones comes a "masterpiece" (Locus Magazine) of a novel about revenge, cultural identity, and the cost of breaking from tradition. Labeled "one of 2020's buzziest horror novels" (Entertainment Weekly), this is a remarkable horror story that "will give you nightmares—the good kind of course" (BuzzFeed). Seamlessly blending classic horror and a dramatic narrative with sharp social commentary, *The Only Good Indians* is "a masterpiece. Intimate, devastating, brutal, terrifying,

warm, and heartbreaking in the best way" (Paul Tremblay, author of *A Head Full of Ghosts*). This novel follows four American Indian men after a disturbing event from their youth puts them in a desperate struggle for their lives. Tracked by an entity bent on revenge, these childhood friends are helpless as the culture and traditions they left behind catch up to them in violent, vengeful ways.

The Crossroads of Should and Must Harper Collins

A 2016 Coretta Scott King Author Honor book, and recipient of the Walter Dean Myers Award for Outstanding Children's Literature. In this New York Times bestselling novel, two teens—one black, one white—grapple with the repercussions of a single violent act that leaves their school, their community, and, ultimately, the country bitterly divided by racial tension. A bag of chips. That's all sixteen-year-old Rashad is looking for at the corner bodega. What he finds instead is a fist-happy cop, Paul Galluzzo, who mistakes Rashad for a shoplifter, mistakes Rashad's pleadings that he's stolen nothing for belligerence, mistakes Rashad's resistance to leave the bodega as resisting arrest, mistakes Rashad's every flinch at every punch the cop throws as further resistance and refusal to STAY STILL as ordered. But how can you stay still when someone is pounding your face into the concrete pavement? There were witnesses: Quinn Collins—a varsity basketball player and Rashad's classmate who has been raised by Paul since his own father died in Afghanistan—and a video camera. Soon the beating is all over the news and Paul is getting threatened with accusations of prejudice and racial brutality. Quinn refuses to believe that the man who has basically been his savior could possibly be guilty. But then Rashad is absent. And absent again. And again. And the basketball team—half of whom are Rashad's best friends—start to take sides. As does the school. And the town. Simmering tensions threaten to explode as Rashad and Quinn are forced to face decisions and consequences they had never considered before. Written in tandem by two award-winning authors, this four-starred reviewed tour de force shares the alternating perspectives of Rashad and Quinn as the complications from that single violent moment, the type taken directly from today's headlines, unfold and reverberate to highlight an unwelcome truth.

Mindstorms Farrar, Straus and Giroux

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY People • O: The Oprah Magazine • Financial Times • Kansas City Star • BookPage • Kirkus Reviews • Publishers Weekly • Booklist NEW YORK TIMES BESTSELLER "A stunner."—Justin Cronin "It's never the disasters you see coming that finally come to pass—it's the ones you don't expect at all," says Julia, in this spellbinding novel of catastrophe and survival by a superb new writer. Luminous, suspenseful, unforgettable, *The Age of Miracles* tells the haunting

and beautiful story of Julia and her family as they struggle to live in a time of extraordinary change. On an ordinary Saturday in a California suburb, Julia awakes to discover that something has happened to the rotation of the earth. The days and nights are growing longer and longer; gravity is affected; the birds, the tides, human behavior, and cosmic rhythms are thrown into disarray. In a world that seems filled with danger and loss, Julia also must face surprising developments in herself, and in her personal world—divisions widening between her parents, strange behavior by her friends, the pain and vulnerability of first love, a growing sense of isolation, and a surprising, rebellious new strength. With crystalline prose and the indelible magic of a born storyteller, Karen Thompson Walker gives us a breathtaking portrait of people finding ways to go on in an ever-evolving world. "Gripping drama . . . flawlessly written; it could be the most assured debut by an American writer since Jennifer Egan's *Emerald City*."—The Denver Post "Pure magnificence."—Nathan Englander "Provides solace with its wisdom, compassion, and elegance."—Curtis Sittenfeld "Riveting, heartbreaking, profoundly moving."—Kirkus Reviews (starred review) Look for special features inside. The Love That Split the World One World

In this revolutionary book, a renowned computer scientist explains the importance of teaching children the basics of computing and how it can prepare them to succeed in the ever-evolving tech world. Computers have completely changed the way we teach children. We have Mindstorms to thank for that. In this book, pioneering computer scientist Seymour Papert uses the invention of LOGO, the first child-friendly programming language, to make the case for the value of teaching children with computers. Papert argues that children are more than capable of mastering computers, and that teaching computational processes like de-bugging in the classroom can change the way we learn everything else. He also shows that schools saturated with technology can actually improve socialization and interaction among students and between students and teachers. Technology changes every day, but the basic ways that computers can help us learn remain. For thousands of teachers and parents who have sought creative ways to help children learn with computers, Mindstorms is their bible.

All American Boys MIT Press

Instant #1 New York Times Bestseller & Wall Street Journal Bestseller In *The Obstacle Is the Way* and *Ego Is the Enemy*, bestselling author Ryan Holiday made ancient wisdom wildly popular with a new generation of leaders in sports, politics, and technology. In his new book, *Stillness Is the Key*, Holiday draws on timeless Stoic and Buddhist philosophy to show why slowing down is the secret weapon for those charging ahead. All great leaders, thinkers, artists, athletes, and visionaries share one indelible quality. It enables them to conquer their tempers. To avoid distraction and discover great insights. To achieve happiness and do the right thing. Ryan Holiday calls it stillness—to be steady while the world spins around you. In this book, he outlines a path for achieving this ancient, but urgently necessary way of living. Drawing on a wide range of history's greatest thinkers, from Confucius to Seneca, Marcus Aurelius to Thich Nhat Hanh, John Stuart Mill to Nietzsche, he argues that stillness is not mere inactivity, but the doorway to self-mastery, discipline, and focus. Holiday also examines figures who exemplified the power of stillness: baseball player Sadaharu Oh, whose study of Zen made him the greatest home run hitter of all time; Winston Churchill, who in balancing his busy public life with time spent laying bricks and painting at his Chartwell estate managed to save the world from annihilation in the process; Fred Rogers, who taught generations of children to see what was invisible to the eye; Anne Frank, whose journaling and love of nature guided her through unimaginable adversity. More than ever, people are overwhelmed. They face obstacles and egos and competition. *Stillness Is the Key* offers a simple but inspiring antidote to the stress of 24/7 news and social media. The stillness that we all seek is the path to meaning, contentment, and excellence in a world that needs more of it than ever.

The Seven Sages Sharon Lechter

Life is full of challenges, both big and small. Spirituality is here to offer solutions. Over the course of his career as physician, teacher, and bestselling author, Deepak Chopra has received thousands of questions from people facing every kind of challenge. They have asked how to lead more fulfilling lives, how

to overcome relationship problems and personal obstacles. What's the best way to deal with a passive-aggressive friend? Can a stagnant career be jump-started? In a world full of distractions and stress, how does one find time for meditation? Hidden among all of these questions are answers waiting to be uncovered. In this groundbreaking book, Chopra shows you how to expand your awareness, which is the key to the confusion and conflict we all face. "The secret is that the level of the problem is never the level of the solution," he writes. By rising to the level of the solution in your own awareness, you can transform obstacles into opportunities. Chopra leads the reader to what he calls "the true self," where peace, clarity, and wisdom serve as guides in times of crisis. For Chopra, spirituality is primarily about consciousness, not about religious dogma or relying on the conventional notion of God. "There is no greater power for success and personal growth than your own awareness." With practical insight, *Spiritual Solutions* provides the tools and strategies to enable you to meet life's challenges from within and to experience a sense of genuine fulfillment and purpose.

Unlocking Leadership Mindtraps Penguin

Author and consultant Jennifer Garvey Berger has worked with all types of leaders—from top executives at Google to nonprofit directors who are trying to make a dent in social change. She hears a version of the same plea from every client in nearly every sector around the world: "I know that complexity and uncertainty are testing my instincts, but I don't know which to trust. Is there some way to know what to do when I can't know what's next?" Her newest work is an answer to this plea. Using her background in adult development, complexity theories, and leadership consultancy, Garvey Berger discerns five pernicious and pervasive "mind traps" to frame the book. These are: the desire for simple stories, our sense that we are right, our desire to get along with others in our group, our fixation with control, and our constant quest to protect and defend our egos. In addition to understanding why these natural impulses steer us wrong in a fast-moving world, leaders will get powerful questions and approaches that help them escape these patterns.

The Only Good Indians Gallery / Saga Press

From the #1 New York Times bestselling author of *Anthem*, *Reamde*, and *Cryptonomicon* comes an exciting and thought-provoking science fiction epic—a grand story of annihilation and survival spanning five thousand years. What would happen if the world were ending? A catastrophic event renders the earth a ticking time bomb. In a feverish race against the inevitable, nations around the globe band together to devise an ambitious plan to ensure the survival of humanity far beyond our atmosphere, in outer space. But the complexities and unpredictability of human nature coupled with unforeseen challenges and dangers threaten the intrepid pioneers, until only a handful of survivors remain . . . Five thousand years later, their progeny—seven distinct races now three billion strong—embark on yet another audacious journey into the unknown . . . to an alien world utterly transformed by cataclysm and time: Earth. A writer of dazzling genius and imaginative vision, Neal Stephenson combines science, philosophy, technology, psychology, and literature in a magnificent work of speculative fiction that offers a portrait of a future that is both extraordinary and eerily recognizable. As he did in *Anthem*, *Cryptonomicon*, the *Baroque Cycle*, and *Reamde*, Stephenson explores some of our biggest ideas and perplexing challenges in a breathtaking saga that is daring, engrossing, and altogether brilliant.

This Day in Music Basic Books

#1 New York Times bestseller! Actress, producer, and parent Kristen Bell (*The Good Place*, *Veronica Mars*, *Frozen*) and creative director and parent Benjamin Hart have a new challenge for you and your kids: become a purple person by embracing what makes YOU special while finding common ground with those around you. What is a purple person? Great question. I mean, really great! Because purple people always ask really great questions. They bring their family, friends, and communities together, and they speak up for what's right. They are kind and hardworking, and they love to laugh (especially at Grandpa's funny noises)! A purple person is an everyday superhero! How do you become one? That's the fun part! Penny Purple will lead you through the steps. Get ready to be silly, exercise your curiosity, use your voice, and be inspired. Looking to reach beyond the political divide of red and blue, Kristen Bell and Benjamin Hart have created a hilarious and joyous read-aloud that offers a wonderful message about embracing the things that bring us together as

humans. This book will inspire a whole generation to paint the world purple!

The World Needs More Purple People Simon and Schuster
NEW YORK TIMES BOOK REVIEW EDITORS' CHOICE • An outsider who can travel between worlds discovers a secret that threatens the very fabric of the multiverse in this stunning debut, a powerful examination of identity, privilege, and belonging. WINNER OF THE COMPTON CROOK AWARD • FINALIST FOR THE LOCUS AWARD • "Gorgeous writing, mind-bending world-building, razor-sharp social commentary, and a main character who demands your attention—and your allegiance."—Rob Hart, author of *The Warehouse* ONE OF THE BEST BOOKS OF THE YEAR—NPR, Library Journal, Book Riot Multiverse travel is finally possible, but there's just one catch: No one can visit a world where their counterpart is still alive. Enter Cara, whose parallel selves happen to be exceptionally good at dying—from disease, turf wars, or vendettas they couldn't outrun. Cara's life has been cut short on 372 worlds in total. On this dystopian Earth, however, Cara has survived. Identified as an outlier and therefore a perfect candidate for multiverse travel, Cara is plucked from the dirt of the wastelands. Now what once made her marginalized has finally become an unexpected source of power. She has a nice apartment on the lower levels of the wealthy and walled-off Wiley City. She works—and shamelessly flirts—with her enticing yet aloof handler, Dell, as the two women collect off-world data for the Eldridge Institute. She even occasionally leaves the city to visit her family in the wastes, though she struggles to feel at home in either place. So long as she can keep her head down and avoid trouble, Cara is on a sure path to citizenship and security. But trouble finds Cara when one of her eight remaining doppelgängers dies under mysterious circumstances, plunging her into a new world with an old secret. What she discovers will connect her past and her future in ways she could have never imagined—and reveal her own role in a plot that endangers not just her world but the entire multiverse. "Clever characters, surprise twists, plenty of action, and a plot that highlights social and racial inequities in astute prose."—Library Journal (starred review)

Spiritual Solutions Knopf Canada

"A collection of ten short stories that all take place in the same day about kids walking home from school"--

Sophie's World Avery

A paradigm-shifting book in the vein of *Sapiens* that brings a crucial Indigenous perspective to historical and cultural issues of history, education, money, power, and sustainability—and offers a new template for living. As an indigenous person, Tyson Yunkaporta looks at global systems from a unique perspective, one tied to the natural and spiritual world. In considering how contemporary life diverges from the pattern of creation, he raises important questions. How does this affect us? How can we do things differently? In this thoughtful, culturally rich, mind-expanding book, he provides answers. Yunkaporta's writing process begins with images. Honoring indigenous traditions, he makes carvings of what he wants to say, channeling his thoughts through symbols and diagrams rather than words. He yarns with people, looking for ways to connect images and stories with place and relationship to create a coherent world view, and he uses sand talk, the Aboriginal custom of drawing images on the ground to convey knowledge. In *Sand Talk*, he provides a new model for our everyday lives. Rich in ideas and inspiration, it explains how lines and symbols and shapes can help us make sense of the world. It's about how we learn and how we remember. It's about talking to everyone and listening carefully. It's about finding different ways to look at things. Most of all it's about a very special way of thinking, of learning to see from a native perspective, one that is spiritually and physically tied to the earth around us, and how it can save our world. *Sand Talk* include 22 black-and-white illustrations that add depth to the text.

Hallucinations Little, Brown Books for Young Readers

Originally written in 1938 but never published due to its controversial nature, an insightful guide reveals the seven principles of good that will allow anyone to triumph over the obstacles that must be faced in reaching personal goals.

Outwitting the Devil Penguin

Told in their separate voices, sixteen-year-old Prince Oliver, who wants to break free of his fairy-tale existence, and fifteen-year-old Delilah, a loner obsessed with Prince Oliver and the book in which he exists, work together to seek his freedom.
